"The mimeograph machine doesn't work!"

Thus, with our stencils cut and everything ready in preparation to issue our Saturday edition of "The Tulean Dispatch", the editor and staff had to suspend work at the last minute. After trying to repair the machine and cutting new stencils, the entire staff gave up hopes and with a deep regret—decided to put out an edition on Monday. Ours Monday—minus mimeograph. Tuesday, a little late too—.

NINE TEMPORARY COUNCILMEN Elected

"The Tulean (pronounced too-lee-an) Dispatch" was the prize-winning entry in a contest held recently by the newspaper department. The name is a compromise between two entries "The Tulean" entered by Miyuki Incujo and "Dusty Dispatch", the name submitted by Jack Meyer. The winners are requested to present themselves at the newspaper office to receive a box of chocolates.

J. S. C. Scrubs sit a half-game on top of the men's softball loop by virtue of a 7 to 6 victory over Clarksburg Sunday afternoon. It was a pitchers battle all the way with Joe Fujii hurling for the winners and Kay Otsuji for Clarksburg. The game was marked by plenty of excitement and the pitching was the best of the season.

Inoculation forced the Oregonian-Salon game to be postponed.

TO STUDENTS

According to Dr. John Reade of the American Friends Service committee, plans to enroll college students in the various Mid-Western universities are now under way. His story to this reporter is that the War Reorganization Authority invited the American Friends Service committee to set up an organization to work out a program whereby students of college age may leave the relocation and assembly centers to go to colleges in the East and the Midwest. The War Department has indicated approval of this plan.

A meeting was held in Chicago on Friday, May 29th at which time representatives of universities, Y.W.C.A., and U.S. Office of Education met and established the National Students' Relocation Council.

The Council is divided into two divisions, the Eastern and Western. The job of the Eastern division is to find universities and colleges which students may attend, to prepare them for their infiltration, and to raise the necessary funds. There will be available to students in forms of transportation and scholarships, while additional tuition scholarships will be granted by the universities to those who are qualified. The Western division will send out questionnaires to all assembly and relocation centers and will send out interviewers to each camp. It is hoped that these questionnaires will be sent out by the end of this month.

The Western division is composed of Bob O'Brien, Seattle; Joe Conrad, San Francisco; and Marion Keith, U.S.C. The work opportunities for those who want to work their way through school will be provided. The National Students' Relocation Council estimates that this plan will cover 2500 students composed of high school graduates, college students, and graduates.

Those students who are planning to attend summer schools and have the available funds for tuition, transportation, and living expenses, are asked to contact Mr. Shirroll for an immediate release from this center.
