NO PARKING

I am a sign. I stay near
the fire hydrant so the cars
won't park near it. If there
should be fire the fire engine
could not connect the fire hose
to the hydrant if cars were
parked near it. If cars are
parked near the hydrant the
fire engine has to go to the
next one. This would take time
and while they lose that much
time the fire would be spread-
ing. So watch for my sign
