across from Alex G. Spanos Center.

Graduates participating in 1 pm Diploma and Hooding
Ceremonies, please proceed directly to your ceremony location.
Locations and times of all other Diploma and Hooding
Ceremonies are indicated on the campus map on the
inside back cover.

COMMENCEMENT SPEAKER

Theodore B. Olson '62 COP

Theodore B. Olson '62 COP is one of the nation's most accomplished lawyers. In 2010, Time magazine named him one of the 100 most influential people in the world for his work on the Proposition 8 case.

Mr. Olson has argued 58 cases before the Supreme Court, including the two *Bush v. Gore* cases arising out of the 2000 presidential election. He has prevailed in more than 75% of those arguments. His Supreme Court cases have involved separation of powers; federalism; voting rights; the First Amendment; the Equal Protection and Due Process Clauses; jury trial rights; punitive damages; takings of property and just compensation; the Commerce Clause; taxation; criminal law; copyright; antitrust; securities; campaign finance; telecommunications; the environment; the internet; and other federal constitutional and statutory questions.

Mr. Olson has twice been awarded the United States Department of Justice's Edmund J. Randolph Award, its highest award for public service and leadership, and has also received the Department of Defense's highest civilian award for his advocacy in the courts of the United States, including the Supreme Court.

In 2009 Mr. Olson teamed with attorney David Boies, who represented Al Gore in *Bush v. Gore*, to challenge Proposition 8, a voter-approved law banning same-sex marriage in California. The team successfully persuaded Chief District Court Judge Vaughn Walker that the law violated the U.S. Constitution. They were successful again in 2012, persuading the Ninth Circuit Court of Appeals to uphold Walker's decision. The case is likely to go before the Supreme Court. In 2011, both Olson and Boies were awarded the ABA Medal — the highest award of the American Bar Association.

From 2001–2004, Mr. Olson served as Solicitor General of the United States under President George W. Bush. As Solicitor General, he was the Government's principal advocate in the United States Supreme Court, responsible for supervising and coordinating all appellate litigation of the United States, and a legal adviser to the President and the Attorney General. With the exception of his service as Solicitor General and his service from 1981-1984 as Assistant Attorney General under President Ronald Regan, Mr. Olson has been a lawyer with Gibson, Dunn & Crutcher in Los Angeles and Washington, D.C. since earning his law degree in 1965 from the University of California at Berkeley. Today he is a partner in Gibson, Dunn & Crutcher's Washington, D.C. office.

2012 marks Mr. Olson's 50th reunion at University of the Pacific. He received his bachelor's degree cum laude in 1962 from the College of the Pacific, where he was recognized as the outstanding graduating student in both forensics and journalism. While at Pacific, he was an active member of the speech and debate team under legendary coach Dr. Paul Winters. Mr. Olson previously was the Commencement speaker for Pacific in 2004, when he also was awarded an honorary degree.

Theodore B. Olson is a Fellow of both the American College of Trial Lawyers and the American Academy of Appellate Lawyers. The National Law Journal has repeatedly listed him as one of America's Most Influential Lawyers. The American Lawyer and Legal Times have characterized Mr. Olson as one of America's leading advocates. In 2011, Washingtonian magazine listed him as number one on its compilation of the finest lawyers in the nation's capital. The late New York Times columnist William Safire described Mr. Olson as this generation's "most persuasive advocate" before the Supreme Court and "the most effective Solicitor General" in decades.

UNIVERSITY AWARDS

Distinguished Faculty Award Recipient

Xiaoling Li

*Associate Dean for Graduate Education and Research
Professor of Pharmaceuticals and Medicinal Chemistry
Thomas J. Long School of Pharmacy and Health Sciences*

Eberhardt Teacher/Scholar Award Recipients

Xin Guo

*Associate Professor of Pharmaceuticals and Medicinal Chemistry

*Cum laude **Magna cum laude ***Summa cum laude

The list of names as it appears in this program includes actual and potential graduates for the 2011-2012 academic year. The above "graduation with honors" distinctions are contingent upon final grade point average calculations at the completion of all relevant degree requirements. The official list of graduates and honors awarded for each graduation date of the 2011-2012 year is maintained by the University Registrar.

PROFILE OF PACIFIC

University of the Pacific is an independent, coeducational university serving more than 6,500 students on three campuses in Stockton, San Francisco and Sacramento. It was established by pioneer Methodist ministers in 1851 as California's first chartered institution of higher learning. Pacific has earned widespread recognition for its student-centered approach to education, its many innovations, and the accomplishments of its 55,000 living alumni.

As an innovator and leader in higher education, Pacific provided the West Coast with its first medical school in 1858 (which later became part of Stanford, and today is California Pacific Medical Center); its first coeducational campus in 1871; and its first conservatory of music in 1878.

It was the nation's first to offer an undergraduate teacher corps program, the first to send an entire class to an overseas campus, the first to establish a Spanish-speaking inter-American college, and the first to offer a four-year graduation guarantee. With its move from San Jose to Stockton in 1924, Pacific became the first private four-year university in the Central Valley.

Shortly after occupying the new campus, Pacific established one of California's earliest schools of education. In 1992 it was renamed the Gladys L. Benerd School of Education in honor of the alumna's endowed gift.

Pacific has enjoyed extraordinary stability in administration. Dr. Pamela A. Eibeck began her service in 2009 as the sixth President since the University's move to Stockton in 1924 and the 24th since its founding in 1851. The University experienced its greatest growth and an expansion into graduate and professional education under the administration of Dr. Robert Burns (1947–1971). The School of Pharmacy opened in 1955. It is now the Thomas J. Long School of Pharmacy and Health Sciences, in honor of the Pacific benefactor and Regent who co-founded the former Longs Drugs Stores. In 1956 the graduate school was created, and in 1957 the School of Engineering was established. The Department of Computer Science joined the school in 2002 and was subsequently renamed the School of Engineering and Computer Science.

In 1962, the University acquired the College of Physicians and Surgeons, a school of dentistry founded in San Francisco in 1896. In 2004, the school was named the Arthur A. Dugoni School of Dentistry in honor of its dean of 28 years. It was the

first time any university in the United States or Canada had named its dental school for the current dean.

Three new cluster colleges were established at Pacific in the 1960s, in the model of British universities such as Oxford and Cambridge. These colleges integrated faculty and students into distinct living and learning communities. Raymond College, established in 1962, was an accelerated, interdisciplinary liberal arts program in which students shaped their own courses of study. Elbert Covell College, established in 1963, was a unique inter-American college. Half the students were from the U.S. and half from Latin America, with classes taught in Spanish. Callison College, established in 1967, focused on non-Western studies with a year of study in an Asian culture. The cluster colleges were absorbed into the rest of the University in 1982. Their values, including a close-knit learning community, accelerated and interdisciplinary programs, and self-designed majors, have left a lasting impact on Pacific. Their emphasis on global education continued in the School of International Studies, founded in 1987 as the first university-based undergraduate school of international studies in California.

In 1996, Pacific broadened its footprint to Sacramento when McGeorge College of Law, an independent law school founded in Sacramento in 1924, merged with the University as the Pacific McGeorge School of Law. In 1977, the department of business administration in College of the Pacific was reorganized as the School of Business and Public Administration. In 1995 it was renamed Eberhardt School of Business in honor of the Eberhardt family's endowed gifts. In 1985, programs designed specifically for adult re-entry students were reorganized and revitalized through University College, now the Center for Professional and Continuing Education.

Over the last twenty years, Pacific has advanced its legacy of innovation and leadership. In 1992 the University offered the nation's first "four-year guarantee," a promise to students that they will graduate on time if they meet certain requirements. Under the leadership of President Donald DeRosa (1995–2009), the University invested in more than \$200 million in facilities renovation and construction projects on all three campuses. Pacific also increased distinctive accelerated programs that enabled students to complete undergraduate studies in combination with professional degrees in pharmacy, law, dentistry and business.

The University intensified its commitment to experiential learning, including undergraduate research, internships, community service and education abroad. Pacific also launched an environmental sustainability initiative and instituted the Powell Scholars Program, a premier scholarship program for undergraduate student leaders.

In 1999, jazz legend Dave Brubeck and his wife Iola, both Pacific graduates, announced that their papers, recordings and memorabilia would be deposited at Pacific for study and research. In response to this gift, a treasure of historic American music and memorabilia, the University established The Brubeck Institute for the study, promotion and performance of American music.

Since assuming the Presidency in 2009, Dr. Pamela A. Eibeck has identified several priorities for the University's future: enhancing the academic enterprise; developing as a three-city and global University; enriching diversity and inclusivity; and serving community through partnerships at the local, national and global levels.

Under her leadership, in 2010 the University launched the "Beyond Our Gates... Into the Community" initiative to create and enhance community partnerships that improve lives in our region. As part of "Beyond Our Gates," the University has launched The Tomorrow Project, an intensive K-12 educational outreach program; the Beyond Our Gates Community Council, an advisory body of regional leaders; and the Dialogs of Distinction, biannual discussions of critical issues facing our region.

President Eibeck has also instituted a University-wide strategic planning effort, led by Provost Maria Pallavicini, to help Pacific prepare for current and coming changes in higher education, work and the economy.

In November 2011, the University finalized the purchase of a new campus in San Francisco at 155 Fifth Street. The new campus provides the space and facilities the Arthur A. Dugoni School of Dentistry needs to remain one of the nation's top dental schools. It also affords Pacific an opportunity to expand its programming and visibility in San Francisco.

Pacific continues to enjoy national recognition for its leadership in higher education. The University has been listed as a "Best Value" (Top 50) by *U.S. News & World Report* every year since 2000 and is consistently ranked among the top 100 national universities in the country by *U.S. News* and others. Undergraduate applications have soared from approximately 5,300 in

2008 to more than 21,000 for fall 2011. The University remains committed to its personal, student-centered approach. Faculty and staff are dedicated to excellence in teaching. Highly interactive student-faculty relations and a broad array of co-curricular activities that develop students' abilities are hallmarks of the Pacific experience.

HISTORICAL SIGNIFICANCE OF THE UNIVERSITY MACE

Originally a weapon used in medieval warfare, the mace evolved by the 12th century into a symbolic device used on ceremonial occasions and borne before monarchs, mayors and parliaments. The mace, as an academic symbol, dates back to the 15th century at the University of St. Andrews in Scotland. The use of maces as symbols of academic authority spread to other universities in the British Isles and from there to America.

Robert E. Burns, Pacific president from 1946 to 1971, asked Stuart Devlin, an internationally-known London silver designer, to create University of the Pacific's mace. It was commissioned in recognition of the University's transition from a college to a university and was first used at a Founders Day ceremony on March 6, 1966. Constructed entirely of silver with a gold plated seal of the University in its head, the mace weighs 15 pounds and is approximately four feet long. It was a gift from Mrs. Winifred Olson Raney, a Regent of the University. The mace is displayed at all official University functions, including Commencement and Convocation. It is traditionally carried by the chair of the Academic Council to symbolize the role of the faculty in university governance.

SCHOOL AND COLLEGE BANNERS

School and college banners signifying each of the academic units of the University precede a unit's faculty in the procession and are displayed during the ceremony. The color of the banner symbolizes the academic discipline.

College of the Pacific — The golden yellow field of this banner represents the sciences, while the white letters signify the arts and humanities. Founded in 1851, the College of the Pacific is the largest and oldest academic unit.

University Library — This banner's lemon-yellow color represents the library sciences. The Library has supported teaching, learning and scholarship since Pacific's founding in 1851. It is home to many special collections, including the papers of naturalist John Muir and musician Dave Brubeck.

Conservatory of Music — The tradition of representing music with the color pink originated at Oxford University. Pacific's Conservatory, established in 1878, is the oldest university-affiliated school of music in the West.

Arthur A. Dugoni School of Dentistry — The lilac color of dentistry forms the field for this banner. Founded in 1896 as the College of Physicians and Surgeons, the School became part of the University in 1962. It is named in honor of the alumnus who served as dean of the school from 1978 to 2006.

Pacific McGeorge School of Law — Purple, a color traditionally associated with royalty and governance, represents the law. Named in honor of its founder, Verne Adrian McGeorge, the School opened in 1924 and merged with Pacific in 1966.

Gladys L. Benerd School of Education — The light blue field signifies disciplines related to education. The School is named in honor of the distinguished alumna who bequeathed the school with an endowment. It was founded in 1924 when the University moved to Stockton.

Thomas J. Long School of Pharmacy and Health Sciences — Pharmacy is represented by olive green, a color associated with healing herbs. The School, established in 1955, is named for the benefactor and Regent who, with his brother Joseph, founded Longs Drugs Stores.

Research and Graduate Studies — Red-orange signifies this division, which was established in 1956 as Pacific expanded its graduate degree offerings.

School of Engineering and Computer Science — This banner's orange represents the engineering and computer science disciplines. Pacific's School of Engineering and Computer Science was founded in 1957 from a department that dates to the 1930s.

Eberhardt School of Business — The School's banner features an olive brown field. Founded in 1977, the School was renamed in 1995 in honor of the Eberhardt Family's endowed gifts.

School of International Studies — Peacock blue symbolizes the field of international studies. The School was established in 1987 with a gift from George and Isabelle Wilson.

SIGNIFICANCE OF ACADEMIC REGALIA

Distinctive academic dress can be traced back to the universities of the Middle Ages when university students and faculty wore the robes of the clergy. Today three ranks of degrees are distinguished through variations in the robes, which also indicate the discipline and the university that awarded the degree.

In the United States, gowns generally are black. The color of the edging of the hood and occasionally the color of the facing and crossbars on the doctoral gown indicate the field of learning in which the degree is awarded. The colors of the lining of the hood are those of the institution awarding the degree. Generally, bachelor's and master's tassels are black, and doctoral tassels are gold. After graduation the tassel is worn on the left side of the Mortarboard. An individual's degree is revealed by the type of gown and width of the edging on the hood.

Bachelor's gowns have full, pointed sleeves with no trimming. Hoods have a two-inch edging. Master's gowns prior to 1960 had full, closed sleeves with the arm emerging through a slit at the elbow. In 1960, the gown was modified replacing the elbow slit with an opening at the wrist, and the gown was made to close. Hoods have a three-inch edging. Doctor's gowns are of silk, have rounded sleeves, velvet facing down the front and three velvet crossbars on each sleeve. Hoods have side panels and a five-inch facing.

Pacific Hail!

Words and Music by
Lois Warner Winston '23, '58

*From o'er the rugged mountains
standing high;*

*From out the broad low valleys,
'neath the sky;*

Our alma mater calls, we cannot fail,

Our voices blend in praise,

Pacific Hail! Pacific Hail!

Long may her flaming torch give out its light;

Long may her spirit guide us in the right;

*To her we pledge our hearts,
We dare not fail;*

To her we raise our song,

Pacific Hail! Pacific Hail!

University of the Pacific
