Ceremony Speaker**

Chaplain

**Dean
of the College of the Pacific**

PROGRAM

Dean Thomas W. Krise, Presiding

Music *Pacific Saxophone Quartet*

Guests will please remain seated
during the processional.

Processional

Invocation *Rabbi Jason Gwasdoff*
Temple Israel, Stockton

Welcome Address *Dean Thomas W. Krise*

Senior Commencement Speaker *Tricia Juanitas*

Remarks *Dean Krise*

Presentation of Graduates *Dr. Edie Sparks*
Sr. Associate Dean of the College

Presentation of University College Bachelor of Science Degree Graduates

Presentation of Bachelor of
Science Degree Graduates

Presentation of Bachelor of
Arts Degree Graduates

Presentation of Bachelor of
Fine Arts Degree Graduates

Presentation of Master of
Science Degree Graduates

Presentation of Master of
Arts Degree Graduates

Presentation of Doctor of
Philosophy Degree Graduates

Pacific's Alma Mater *Audience led by*
Pacific Saxophone Quartet

"Pacific Hail!"
Lois Warner Winston '23, '58

Benediction *Rabbi Gwasdoff*

Concluding Remarks *Dean Krise*

Recessional *Pacific Saxophone Quartet*

ACKNOWLEDGMENTS

Faculty Marshals *Dr. Jeffrey Becker, Head Marshal*
Dr. Michelle Amaral
Dr. Marlin Bates
Dr. Gesine Gerhard
Dr. Gregg Jongeward
Dr. Courtney Lehmann
Dr. George Randels
Dr. Ray Rennard
Dr. Keith Smith
Dr. Lisa Wischnik

Hooding *Dr. Kenneth Beauchamp,*
former Dean of the College
Dr. Robert Benedetti,
former Dean of the College
Dr. Roy Whiteker,
former Dean of the College
Dr. Sharmila King,
Chair of the College Council

Name Readers *Dr. Marlin Bates*
Dr. Lydia Fox

Banner Bearer *Tricia Juanitas*

A reception honoring the graduates of the College of the Pacific and University College will be held immediately following the Diploma and Hooding Ceremony in the hospitality tent across the street from Alex G. Spanos Center. Parents, students, faculty, honored guests and friends are cordially invited to attend.

The list of names as it appears in this program includes actual and potential graduates for the 2011-2012 academic year. The above "graduation with honors" distinctions are contingent upon final grade point average calculations at the completion of all relevant degree requirements. The official list of graduates and honors awarded for each graduation date of the 2011-2012 year is maintained by the University Registrar.

HONOR SOCIETY INDUCTEES

Alpha Sigma Lambda

Alpha Sigma Lambda is the national honor society recognizing excellence among nontraditional students, meaning those who have returned to college later in life and who achieve academic excellence while also fulfilling adult duties of work and family life.

Phi Beta Kappa

Founded in 1776, Phi Beta Kappa is the oldest academic honor society in the United States and the first fraternity to use a Greek letter name. The society embraces principles that lay the foundations of personal freedom, scientific inquiry, liberty of conscience, and creative endeavor. Phi Beta Kappa recognizes the highest achievement in the liberal arts, with a small number of members selected from among the top 10% of their class. Nationwide each year, about one college senior in a hundred is invited to join Phi Beta Kappa.

Phi Kappa Phi

Among honor societies that induct members from all academic disciplines, Phi Kappa Phi, founded in 1897, is the nation's oldest, largest, and most selective. Invitation is extended to graduating seniors and graduate students in the top 10% of their class, and to juniors in the top 7.5% of their class. The mission of the society is to recognize and promote academic excellence and to engage the community of scholars in service to others.

HISTORY OF

College of the Pacific

College of the Pacific — a school of arts, letters and sciences — is the original and largest unit of University of the Pacific. Although founded in 1851 as the University of the Pacific, the institution was for sixty years primarily an undergraduate liberal arts college. In recognition of that reality, its name was changed in 1911 to the College of the Pacific, and thus it remained for the next 50 years. When President Tully C. Knoles moved the College of the Pacific from San Jose to its new campus in Stockton in 1924, he brought with him faculty representing seventeen of the current eighteen departments in the College. At that time the faculty of the College also included faculty of a Conservatory within the College and of departments of education and engineering. In 1961 the growing institution reclaimed for itself the name University of the Pacific, and in the following year conferred the name College of the Pacific on its liberal arts college. The distinctive mission of the College now, as for the past eight generations, is to provide its graduates with a superior liberal arts education, preparing them to assume the responsibilities of leadership, both civic and professional, in their later lives.

The College makes a difference in students' lives through its student-centered approach to the teaching of the arts, letters and sciences. Faculty members take a personal interest in student development throughout their university career and often stay in contact beyond graduation. They spend time with students outside of class during office hours, advising and participating in campus events. They are attentive to individual learning styles and regularly rethink their teaching methods in order to help students learn better.

Not only are members of the faculty widely recognized for their leadership in developing effective teaching practices, their one-on-one mentoring, and their encouragement and direction of undergraduate research, but also for their cutting edge research and creative work in the arts, letters and sciences. Faculty members in the College have authored and edited books with the leading university presses, regularly publish important research results in top scholarly journals, garner research grants from funding agencies such as the National Science Foundation, the National Endowment for the Arts and the National Institutes of Health, and participate in performances or displays of their creative work in distinguished venues.

This scholarly and creative activity spills over into our classrooms and informs the close faculty-student working relationships characteristic of the College, inviting students into a shared journey of discovery. In each of its thirty-two majors and thirty-five minors, the College provides opportunities for students to work with masters in liberal arts subjects and to gain further experience through a variety of placements in internships, fieldwork and research projects. While some of these majors and minors prepare students for entry into professional or graduate school, others lead directly to careers in the performing and visual arts, the humanities and the social and natural sciences.

For students in the College, a liberal arts education is not a mere addition to a professional or graduate education, but rather its foundation. We believe it informs and liberates their understanding of difficult issues and transforms them to become — first and foremost — self-reflective, knowledgeable and ethical persons. Subsequently they are able to command a broad perspective in their professional careers, committed to the welfare of their communities and well prepared to assume the responsibilities of leadership.

PROFILE OF PACIFIC

University of the Pacific is an independent, coeducational university serving more than 6,500 students on three campuses in Stockton, San Francisco and Sacramento. It was established by pioneer Methodist ministers in 1851 as California's first chartered institution of higher learning. Pacific has earned widespread recognition for its student-centered approach to education, its many innovations, and the accomplishments of its 55,000 living alumni.

As an innovator and leader in higher education, Pacific provided the West Coast with its first medical school in 1858 (which later became part of Stanford, and today is California Pacific Medical Center); its first coeducational campus in 1871; and its first conservatory of music in 1878.

It was the nation's first to offer an undergraduate teacher corps program, the first to send an entire class to an overseas campus, the first to establish a Spanish-speaking inter-American college, and the first to offer a four-year graduation guarantee. With its move from San Jose to Stockton in 1924, Pacific became the first private four-year university in the Central Valley.

Shortly after occupying the new campus, Pacific established one of California's earliest schools of education. In 1992 it was renamed the Gladys L. Benerd School of Education in honor of the alumna's endowed gift.

Pacific has enjoyed extraordinary stability in administration. Dr. Pamela A. Eibeck began her service in 2009 as the sixth President since the University's move to Stockton in 1924 and the 24th since its founding in 1851. The University experienced its greatest growth and an expansion into graduate and professional education under the administration of Dr. Robert Burns (1947–1971). The School of Pharmacy opened in 1955. It is now the Thomas J. Long School of Pharmacy and Health Sciences, in honor of the Pacific benefactor and Regent who co-founded the former Longs Drugs Stores. In 1956 the graduate school was created, and in 1957 the School of Engineering was established. The Department of Computer Science joined the school in 2002 and was subsequently renamed the School of Engineering and Computer Science.

In 1962, the University acquired the College of Physicians and Surgeons, a school of dentistry founded in San Francisco in 1896. In 2004, the school was named the Arthur A. Dugoni

School of Dentistry in honor of its dean of 28 years. It was the first time any university in the United States or Canada had named its dental school for the current dean.

Three new cluster colleges were established at Pacific in the 1960s, in the model of British universities such as Oxford and Cambridge. These colleges integrated faculty and students into distinct living and learning communities. Raymond College, established in 1962, was an accelerated, interdisciplinary liberal arts program in which students shaped their own courses of study. Elbert Covell College, established in 1963, was a unique inter-American college. Half the students were from the U.S. and half from Latin America, with classes taught in Spanish. Callison College, established in 1967, focused on non-Western studies with a year of study in an Asian culture. The cluster colleges were absorbed into the rest of the University in 1982. Their values, including a close-knit learning community, accelerated and interdisciplinary programs, and self-designed majors, have left a lasting impact on Pacific. Their emphasis on global education continued in the School of International Studies, founded in 1987 as the first university-based undergraduate school of international studies in California.

In 1996, Pacific broadened its footprint to Sacramento when McGeorge College of Law, an independent law school founded in Sacramento in 1924, merged with the University as the Pacific McGeorge School of Law. In 1977, the department of business administration in College of the Pacific was reorganized as the School of Business and Public Administration. In 1995 it was renamed Eberhardt School of Business in honor of the Eberhardt family's endowed gifts. In 1985, programs designed specifically for adult re-entry students were reorganized and revitalized through University College, now the Center for Professional and Continuing Education.

Over the last twenty years, Pacific has advanced its legacy of innovation and leadership. In 1992 the University offered the nation's first "four-year guarantee," a promise to students that they will graduate on time if they meet certain requirements. Under the leadership of President Donald DeRosa (1995–2009), the University invested in more than \$200 million in facilities renovation and construction projects on all three campuses. Pacific also increased distinctive accelerated programs that enabled

students to complete undergraduate studies in combination with professional degrees in pharmacy, law, dentistry and business. The University intensified its commitment to experiential learning, including undergraduate research, internships, community service and education abroad. Pacific also launched an environmental sustainability initiative and instituted the Powell Scholars Program, a premier scholarship program for undergraduate student leaders.

In 1999, jazz legend Dave Brubeck and his wife Iola, both Pacific graduates, announced that their papers, recordings and memorabilia would be deposited at Pacific for study and research. In response to this gift, a treasure of historic American music and memorabilia, the University established The Brubeck Institute for the study, promotion and performance of American music.

Since assuming the Presidency in 2009, Dr. Pamela A. Eibeck has identified several priorities for the University's future: enhancing the academic enterprise; developing as a three-city and global University; enriching diversity and inclusivity; and serving community through partnerships at the local, national and global levels.

Under her leadership, in 2010 the University launched the "Beyond Our Gates... Into the Community" initiative to create and enhance community partnerships that improve lives in our region. As part of "Beyond Our Gates," the University has launched The Tomorrow Project, an intensive K-12 educational outreach program; the Beyond Our Gates Community Council, an advisory body of regional leaders; and the Dialogs of Distinction, biannual discussions of critical issues facing our region.

President Eibeck has also instituted a University-wide strategic planning effort, led by Provost Maria Pallavicini, to help Pacific prepare for current and coming changes in higher education, work and the economy.

In November 2011, the University finalized the purchase of a new campus in San Francisco at 155 Fifth Street. The new campus provides the space and facilities the Arthur A. Dugoni School of Dentistry needs to remain one of the nation's top dental schools. It also affords Pacific an opportunity to expand its programming and visibility in San Francisco.

Pacific continues to enjoy national recognition for its leadership in higher education. The University has been listed as a "Best Value" (Top 50) by *U.S. News & World Report* every year since 2000 and is consistently ranked among the top 100 national universities in the country by *U.S. News* and others. Undergraduate applications have soared from approximately 5,300 in 2008 to more than 21,000 for fall 2011. The University remains committed to its personal, student-centered approach. Faculty and staff are dedicated to excellence in teaching. Highly interactive student-faculty relations and a broad array of co-curricular activities that develop students' abilities are hallmarks of the Pacific experience.

SCHOOL AND COLLEGE BANNERS

School and college banners signifying each of the academic units of the University precede a unit's faculty in the procession and are displayed during the ceremony. The color of the banner symbolizes the academic discipline.

College of the Pacific — The golden yellow field of this banner represents the sciences, while the white letters signify the arts and humanities. Founded in 1851, the College of the Pacific is the largest and oldest academic unit.

University Library — This banner's lemon-yellow color represents the library sciences. The Library has supported teaching, learning and scholarship since Pacific's founding in 1851. It is home to many special collections, including the papers of naturalist John Muir and musician Dave Brubeck.

Conservatory of Music — The tradition of representing music with the color pink originated at Oxford University. Pacific's Conservatory, established in 1878, is the oldest university-affiliated school of music in the West.

Arthur A. Dugoni School of Dentistry — The lilac color of dentistry forms the field for this banner. Founded in 1896 as the College of Physicians and Surgeons, the School became part of the University in 1962. It is named in honor of the alumnus who served as dean of the school from 1978 to 2006.

Pacific McGeorge School of Law — Purple, a color traditionally associated with royalty and governance, represents the law. Named in honor of its founder, Verne Adrian McGeorge, the School opened in 1924 and merged with Pacific in 1966.

Gladys L. Benerd School of Education — The light blue field signifies disciplines related to education. The School is named in honor of the distinguished alumna who bequeathed the school with an endowment. It was founded in 1924 when the University moved to Stockton.

Thomas J. Long School of Pharmacy and Health Sciences — Pharmacy is represented by olive green, a color associated with healing herbs. The School, established in 1955, is named for the benefactor and Regent who, with his brother Joseph, founded Longs Drugs Stores.

Research and Graduate Studies — Red-orange signifies this division, which was established in 1956 as Pacific expanded its graduate degree offerings.

School of Engineering and Computer Science — This banner's orange represents the engineering and computer science disciplines. Pacific's School of Engineering and Computer Science was founded in 1957 from a department that dates to the 1930s.

Eberhardt School of Business — The School's banner features an olive brown field. Founded in 1977, the School was renamed in 1995 in honor of the Eberhardt Family's endowed gifts.

School of International Studies — Peacock blue symbolizes the field of international studies. The School was established in 1987 with a gift from George and Isabelle Wilson.

SIGNIFICANCE OF ACADEMIC REGALIA

Distinctive academic dress can be traced back to the universities of the Middle Ages when university students and faculty wore the robes of the clergy. Today three ranks of degrees are distinguished through variations in the robes, which also indicate the discipline and the university that awarded the degree.

In the United States, gowns generally are black. The color of the edging of the hood and occasionally the color of the facing and crossbars on the doctoral gown indicate the field of learning in which the degree is awarded. The colors of the lining of the hood are those of the institution awarding the degree. Generally, bachelor's and master's tassels are black, and doctoral tassels are gold. After graduation the tassel is worn on the left side of the Mortarboard. An individual's degree is revealed by the type of gown and width of the edging on the hood.

Bachelor's gowns have full, pointed sleeves with no trimming. Hoods have a two-inch edging. Master's gowns prior to 1960 had full, closed sleeves with the arm emerging through a slit at the elbow. In 1960, the gown was modified replacing the elbow slit with an opening at the wrist, and the gown was made to close. Hoods have a three-inch edging. Doctor's gowns are of silk, have rounded sleeves, velvet facing down the front and three velvet crossbars on each sleeve. Hoods have side panels and a five-inch facing.

Pacific Hail!

Words and Music by
Lois Warner Winston '23, '58

*From o'er the rugged mountains
standing high;*

*From out the broad low valleys,
'neath the sky;*

Our alma mater calls, we cannot fail,

Our voices blend in praise,

Pacific Hail! Pacific Hail!

Long may her flaming torch give out its light;

Long may her spirit guide us in the right;

*To her we pledge our hearts,
We dare not fail;*

To her we raise our song,

Pacific Hail! Pacific Hail!
