GILA RIVER CENTER APPRECIATES FARM PRODUCE FROM TULE LAKE

That the Project farm workers' great and toil is fully appreciated was evidenced by a letter received by the farm supervisor of this Project from the senior steward of the Gila River Relocation Center in Rivets, Ariz. The letter follows:

Dear Sirs:

On September 7, 1942, we received 209 boxes of turnips and 156 boxes of beets from Tule Lake. Thank you very much for this shipment. We, of this camp, were very glad to receive them as they are the fruit of your and your men's toils. We have not grown any plant vegetables in our fields, so it is our hope that we will be able to send some of them to your camp in the near future.

I really like to know at your convenience how things are coming along in your camp. I shall be glad to receive them as your convenience.

Very truly yours,

Eddy Yama Senior Steward
