COUNCIL SELECTS RECOMMENDATION 2

Another manifestation of the growing community consciousness on the part of the colonists in Tule Lake was shown at the Community Council Tuesday night when it selected Recommendation No. 2 on the matter of private employment in pursuance to the Administrative Instruction No. 87.

If adopted by the URA, the colonists who obtain employment outside of the Project while maintaining residence here will be required to deposit in a special fund, known as the "Evacuee Trust Fund," an amount equal to the difference between their actual wages and the sum of the cash compensation and clothing allowance which they would receive if employed by the URA on similar work. This means, for example, if a Joe Suzuki is employed on a WRA work project for $16 a month and gets a job in the nearby farm and makes $100 a month, Joe Suzuki is allowed to keep $16 (cash compensation) plus $3.75 (clothing allowance) but has to deposit the remainder of $80.25 in the trust fund. Subsistence for his dependents, however, will be taken care of by the URA.

Under an alternative, Recommendation No. 1, Joe Suzuki would retain all of his private employment wages of $100, but he would be required to pay to the URA the cost of his subsistence and for his dependents.

The trust fund will be held by three trustees chosen by the members of the Work Corps. Into this fund will also go profits of all evacuee-operated industrial enterprises producing goods for the Project. Other workers are expected to sign up for this necessary work. Joe Deacon, WRA field man in charge of Eastern Idaho, says that all complaints are being looked into. This is to advise that recruiting for farm work outside the Project has now been reopened. Rex Loo, of the Employment Service official at Tule Lake, says that all complaints are being looked into.

SATISFACTORY CONDITIONS PREVAIL FOR BEET WORKERS

Unsatisfactory situation encountered by some of the beet field workers had been rectified, and it is reported that an almost 100% satisfactory condition now prevails. This is the report brought to the Project by Elton Gane, United States Employment Service official from Ontario, Oregon. Gane is here to answer any questions put to him by beet and other field workers who anticipate signing up for work outside the Project.

Many year-round jobs are available to workers, and it is hoped that others will sign up for this necessary work. Joe Deacon, WRA field man in charge of Eastern Idaho, says that all complaints are being looked into. This is to advise that recruiting for farm work outside the Project has now been reopened. Rex Loo, of the Employment Service official at Tule Lake, says that all complaints are being looked into.

CITIZEN GROUP IS URGENT NEED SAYS COUNCIL

Existence of a crying need for an organization such as JACL to defend and protect the franchise rights of the Japanese-American evacuees in various relocation centers was recognized by the Community Council at its meeting Tuesday night. To revitalize and reorganize the Japanese-American Citizens League in Tule Lake and centralize this work seems to be the unanimous opinion of the councilmen.

Different chapters from various localities are expected to meet shortly to discuss this matter of centralization here in detail.
Volleyball starts

Block 59, MIKS Win Games

Official debut of City volleyball was made last Sunday, September 27 as Block 59 defeated Block 51 in a two out of three series.

Kitters took the first game handily 21-14, but were hard pressed in taking the second and deciding contest, 22-20.

Sacramento MIKS were awarded their first league encounter by forfeit when the University of California failed to show up for the game.

Second round this coming Sunday, October 4, will see the victorious Block 59ers seeking their second straight win at the hands of the Sacramento MIKS. This game will be at firebreak 19. Hawaiian Slammers will meet Block 51 on the same day at firebreak 46.

Rattlers Champs

Win Last 2 Games for Crown

In two whirlwind games last Saturday the championship of Tule Lake’s Pee Wee league went to the Rattlers as they won the first encounter 4-3 and came back in the afternoon with another close 10-11 decision to cinch the title. The Gophers, losers to the Rattlers, drubbed the champions last week 9-1 to cop the first game.

In the morning game the Rattlers led for the first five innings by a one run margin. Gophers punched across 2 runs in the sixth on 2 hits, only to have the winners tie the count in the same stanza. Rattlers overcame another 2 run spurt in the final inning by scoring the necessary 2 tallies for their first win.

First two innings of the championship game were scoreless, but Gophers managed to score 1 on a hit by Sakatani. A 3 hit spurt brought in 2 for the Rattlers’ first lead. Although the winners held a 7-4 lead at the end of the fifth round, running Gophers combined 5 hits and bases on balls to score 6 big runs in the final inning. 13 Gophers faced chuckers Kitazumi of the foes in this hectic inning. Rattlers’ desperate bid for the game and the title in their last opportunity started of with leadoff man Kikuchi’s hit followed by errors and other hits which brought in the necessary runs.

D. Kitani sparked the victors with three singles and was closely followed

WORKERS NEEDED

Many different types of workers are desperately needed, the Placement Bureau announced Tuesday afternoon.

Thirty nurses’ aid to travel around the project are needed immediately, Frank Fagan, Placement Officer related. Girls interested in this type of work and who are high school graduates are asked to report to the Placement Bureau at once. Also in this line - 15 ward helpers, who can be up to 45 years old, are needed.

In the warehouse division, 60 men are wanted to unload cars of sheet metal lumber. This will be all day work.

On the construction front an appeal for 20 carpenters is being made. All applicants should report to the Placement Bureau at their earliest convenience.

SEWAGE ODOR TO BE CURBED

The recently installed Imhoff tanks at the sewage disposal plant are undergoing a period of readjustment and minor alterations, the sanitary engineers reported. Correction in the system, plus arrival of sufficient chlorine and equipment, will materially reduce the period of stench authorities stated.

PLANS FOR CHILDREN DISCUSSD AT U.C.

BERKELEY, CALIF.—Plans for providing adequate facilities for Japanese children in relocation centers were discussed at the University of California by representatives of the WRA and members of the School of Education of the university, Daily Californian disclosed.

The lack of textbooks is the most serious problem said Dean Frank N. Freeman of the School of Education. The relocation centers are not state agencies and state funds are not available to them, and therefore they are dependent upon donations.

PRIVATE EMPLOYMENT

Continued from Page 1

for sale outside the relocation center. All members of the Work Corps will be entitled to share, in periodic disbursements, in the proceeds of this fund in proportion to their work classification.

This arrangement, it was pointed out at the Council meeting, will discourage residents going out of the Project to accept private employment thus robbing the Project itself of labor shortage on the farm, in the construction department, and mess halls. It was also pointed out that this arrangement is one Tule Lake colonists acutely conscious of the social and economic setup under which they all live at present.

16,000 BOOKS

REACH SCHOOL

Some 16,000 books have been delivered and distributed to the schools since the books began flowing into the school warehouses from Sept. 24.

The books will comprise a shipping weight of seven tons.

U.C. MEETING

U.C. club members will meet at Messhull #1620 this Thursday at 7 p.m. to discuss urgent business matters. President Mas Sukada indicated that a special surprise will be announced at that time.

ADULT ED. OFFERS

MATH CLASSES

Mathematics classes now available under the Adult Education program are as follows:

Plane Geometry, Mon. and Fri., Elementary Algebra, Tues. and Thurs. instructor, Kent Morimune.

All classes from 7-9 P.M. at hall #4308.

New students can register at any class meeting.
1; Anti-Nisei Bill Rumor Erroneous, Says Telegram from ACLU.
2; Fire Chief Says.
3: Petitions on Retention of Medical Personnel Sent to S.F. Without Comment.
4: Flower Arrangement Class Schedule.
5: Karuta Tournament on October 4.
6; "Don't Forget Full Return Address on Envelopes to Internment Camps."
7: Cooperative Assembly Names Nominees.
