FLEET OF TRUCKS TO ARRIVE SOON

Fifty-one additional trucks are being assigned to this project within the next week according to Mortimer Cooke, chief of Transportation and Supplies. The new additions, mostly of which are being supplied by the United States Forest Equipment Department, will alleviate the truck shortage caused by the drafting of some 18 trucks, several weeks back, by the U. S. Army Engineers.

FOR HARVEST

With a large farm harvest to be moved, the present transportation facilities have been strained to the utmost. The incoming trucks will ensure swift moving of produce and, in general, will stabilize the trucking problem.

THREE CONVOYS

Three separate convoys of evacuees, escorted by the members of the Transportation division, will leave for three different points. Forty-two trucks are located at Missoula, Montana, four at Stockton, California and five at Reno, Nevada. Twenty-five of the trucks will be here by the end of the week. The others will be here within two weeks, Cooke added. Another convoy will be dispatched at the time.

WILD LIFE OFFENDERS SUBJECT TO ARREST

Wild life, which include fish and fowl, dead or alive, are not to be disturbed at any time as persons doing so are committing a federal offense, Peter Kocic, assistant chief of internal security, reiterated. Already 15 colonists were found violating this regulation and are subject to arrest to be brought to federal courts and tried.

As printed previously in THE DISPATCH, persons without permits or workers are not allowed to visit the farm. Requests for permits may be made with either Kallam and Eastman at the Administration building.

TEACHING-ASSISTING POSITIONS:

HIGH SCHOOL ASKS FOR TEACHERS

The high school needs Colonist teachers and assistants in several departments. There are three openings in science, one in mathematics, one in English and social science, and three in girls' physical education, and three in 7th and 8th grade. Requirements for assistants are at least two years of college and for teachers a college degree. Colonists possessing degrees are now able to obtain graduate credit from the University of California for the teaching they do in the project high school.

Those interested in applying for any of these positions are asked to see Mr. Wilder, principal, or Mr. Hamuy, supervisor of Student Teachers.
FIRE CHIEF RHoadS HAS LONG RECORD

"He’s one of the boys", is the way the firemen speak of Ernest Rhoads, fire protection chief. This modest but capable member of the personnel has charge of 108 men, 72 firemen and 36 fire inspectors.

TWENTY YEARS

A brief look at his background reveals he was in the U.S. Navy from 1902 to 1906 and, at the present time, has two sons in the Navy and one in the Army. He was streetcar conductor in New York City for a short time in 1907.

From 1906 to 1908 he was a member of the Los Angeles fire force. Since then he retired until accepting his present job here.

The Boy Scouts in the City also receive much of his attention and assistance.

EFFICIENCY

Richard Van Derwort, retired member of the San Francisco Police force and assistant fire protection chief, remarked about the police force when arriving here, "I was surprised with the efficiency of the fire department and in the capabilities of the firemen.

NURSERY STAFF TRAINED:

At the regular meeting of the nursery staff held Saturday, 3:00 p.m., Alice Takagishi and Nobuko Yamada from the hospital spoke to the members on communicable disease, how it starts and the check for it. The seven steps on how to go about inspecting the child as he enters the schoolroom were given them by the two speakers. They were:

1. Take off his coat and outer clothing as usual.
2. Sit him down if possible in a normal classroom discussion.
3. Observe the operation of the breathe generally.
4. Look at his face, eyes, mouth for signs of infection.
5. Feel around his throat to see if there are any signs of swollen glands.
6. Open up his shirt and see both his stomach and back for any sign of rash.
7. Look down his leg and also look under his hair lines to see if there are signs of rash.

With "Washington" finally selected as the name for #72 elementary school, all three elementary schools have been named. "Lincoln" has been chosen by #37 school and "Rim Rock" by #50. The elementary school includes the kindergarten to the sixth grade.

"Rim Rock" elementary "CAFE" SHOW PREMIERE OCT. 30

Things are humming at a very fast pace in #1903 where the Dance department is in the midst of planning and preparation for "Cafe International" show with which they plan to tour the City. The premiere will be held on October 30 at #730 and thereafter will perform two nights in each ward. The opening night will be strictly invitational.

"Washington" comes next in enrollment with 528 pupils of which Mary Dunkin is vice principal. There are twelve teachers, twelve assistants, and fourteen classrooms.

"Lincoln" has the smallest attendance of 486, but nevertheless holds the lead office with Principal Martin P. Cameron handling the school affairs. It has two clerks, one health attendant, eleven teachers, eleven assistants, ten classrooms, an office, nurse’s room, and a supply room.

LIVESTOCK FARMS OFFER OPENINGS

The establishment and enlargement of the hog and poultry farms in the Project open new work and educational opportunities for those following agricultural pursuits. Present plans call for the enlarging of the poultry enterprise to one of the largest in the west, and an equally extensive program for the hog raising enterprise.

Vocational agriculture students and senior-high members who were experienced operators of poultry and hog projects have a good chance for a position in either branch of the program. Production of pork and poultry on a large scale provides unusual opportunities for practical experience, as well as gaining technical knowledge under the leadership of experienced men, farm technical staff members indicated today.
THEATER BALLOTS:

FULL RETURNS REVEALED

A shift in votes from the "Yes" column to "No" in Ward 7 by their own correction increased the opposing votes in the theater construction referendum to the total of 6441 and decreased the affirmative ballots to 2467.

THE DISPATCH made no mistake in the report yesterday. Block 74 has no block manager at present and the ballots were done by volunteers in this block.

The complete returns by blocks show the following results.

In his column, "Nisei U.i."*, Larry Tajiri, hard-hitting editor of Pacific Citizen reports a new documentary movie in preparation by the Office of War Information dealing with the mass evacuation of west coast Japanese.
