COLD HITS COLONY, 9°

Residents of the colony were treated to a drenching of winter weather when Monday morning dawned with the temperature sending it at a cold, freezing 9 degrees. This is the coldest temperature recorded in the city to date. Heavy frosts and bone chilling winds are indications that winter is steadily moving in.

The lowest temperature reading last year about this time was 13 degrees. This is spring weather compared to the 24 degrees below zero weather recorded in Dec. 1922.

NOVEMBER THERMO READINGS LISTED

Temperature readings for the month of November from 1932 to 1941 is as follows, with a return of the complete operation was carried out. A regulated procedure was set that not a schedule with the least possible disturbances to personal relations and details of business or property interests characterized the entire procedure.

Commanders of the various military sectors were also cited for their devotion to duty.

TENNEL WRA PROJECTS

The twelve War Relocation Centers in seven different states to which the evacuees have been transferred are the following:

Arizona—Parkston

Arkansas—Helena

California—Rice Lake

Colorado—La Junta

Idaho—Ridgway

Utah—Delta

Wyoming—Heart Mountain

COLLEGE COURSES AT COLO. CENTER

Four representatives of junior college visited Granada relocation center to interview 60 prospective students, disclosed the center paper.

The major problem confronting the college authorities in the transportation to end from the college.

The representatives emphatically stated that the college was unable to provide the transportation and it was up to the WRA to solve the problem.

Arrangements for extension courses for project residents have been completed with the University of Colorado and Colorado State Board of Education.
AID TO BE GIVEN IN PROPERTY PROBLEMS

Adequate assistance in handling problems concerning their properties is assured the residents of relocation centers with the establishment by the War Relocation Authority of the Division of Evacuee Property.

Its function is to oversee the administration of agricultural, residential and commercial properties to the best interests of the evacuees and the national welfare. Since the waste of any resources is detrimental to the war effort, this policy will insure the maximum utilization of those properties with full and proper regard for the rights of evacuees.

This does not mean that the Government will do the work of private agencies where satisfactory channels for the handling of properties already exist.

Primarily the Evacuee Property Division will act in the capacity of advisor or negotiator. Where necessary, then, an evacuee may enlist the assistance of WRA to:

- Secure tenants or operators for both agricultural and commercial properties.
- Negotiate new leases or renewals of existing leases.
- Obtain buyers for real or personal property of all kinds.
- Effect settlement of claims for or against an evacuee.
- Adjust differences arising out of inequitable, hastily made or indefinite agreements.
- Obtain an accounting for amounts due, and facilitate collection thereof.
- Ascertain whether property is being satisfactorily maintained or whether damage or waste is occurring.
- Make inventories of goods and equipment, and recommend utilization of material for the best interests of the evacuees and the nation.

Field offices have been set up in three locations to expedite business transactions.

PLEASE RETURN

A pink angora scarf, which has been a keepsake was lost last week-end. Please circle turn it in at THE DISPATCH office.

ADULT EDUCATION TEACHERS RECEIVING FEE ARE WARNED

It has recently come to light that one or two teachers have been charging fees from their students. This is entirely unauthorized and against Project regulations, according to Mrs. W. Francis, of the Adult Education dept. Teachers are paid according to the scale by which all Project workers are paid. Any teacher found carrying on this practice from now on will be immediately terminated.

Selling sewing machine bobbins and other Government property to students has also been revealed. All bobbins provided with Government sewing machines are Government property. The misappropriation and resale of Government property is an extremely serious offense.

The only case in which a teacher is justified in selling anything to the student is when a purchase of the item by the teacher has been planned and agreed to by the students. In such cases the equipment or materials should be sold back to the students at cost without profit to the teacher.

A receipt, showing the amount paid by the teacher for the equipment or materials, must be secured by the teacher, shown to the students, and filled out by the Adult Education department in the Administration building.

ALWAYS DUSTED
JOBO NAKAMURA

SO NEAR, YET SO FAR

Sometimes I wonder why I spend these lonely nights drumming the desk with my fingers, figuring what to do.

Live alone and like it, they say, but I've found life with myself a monotonous tristine. My bed hasn't been made since last Sunday. A layer of fluff, white dust has settled on it's cover.

I turn on the radio but all I hear is a commercial blare. I open a book but the words blur in front of my eyes. I wish it was silent.

Across the way in the barrack, I could hear the guy young voice of a girl laughing—so near, yet so far.

Nothing better to do, I throw my black G.I. coat on and head for the office to find somebody to start a "bull session" with. The topics are invariable. We talk about things boys usually talk when they get together.

Through the window, I watch bettle and bumble bee and a girl coming home from a dance, although, in our hearts, there is only envy.

Waving the gang goodbye, I head for home in the far corner of the Colony. The field is abundant and a chill wind corner to linger with a piper that lay across the silence. I dig my hands deep in the pockets in search for comfort.

Walking here between the dark rows of barracks, I could sometimes hear young children playing merrily on the floor and the soft reassuring voice of the mother.

Yes, it's tough to be a bachelor. Nobody wakes me up in the morning so I just snooze on and miss my breakfast. I eat at a table of ill-remembered old "foggies" who snore their food all over their mouths and vests. My shirts are always "tattle-tale gray."

I'm a member of the lost legion.
SATURDAY NIGHT

...announcement was made at the Kawasaki residence. Marjorie Kawasaki of Seattle and Morris Abe of Portland were the victim of cupid's arrow this time.

"Saying it with flowers," each guest was presented with a floral corsage—an orchid for each girl and red carnations for the boys. Enclosed in the envelope attached were the words "Marjorie and Morris."

About 25 guests were present.

OUIJA TOLD THIS ONE...

...Sunday afternoon tea at the home of Mrs. Ray Yasui was the occasion for the announcement of Alice Tamura's and Johnny Ito's engagement. Alice is formerly of Hood River, Oregon and Johnny is from Gresham, Oregon.

While playing Ouija, the engagement was disclosed. Delicious refreshments were served—individual cakes with the words Alice and John written on them.

LOCAL JACL CHAPTER TO DISCUSS NATIONAL CONFab

CORRECTIONS ON PAY CHECKS

Employees of the warehouse, coal crew, garage, motor pool and property control are asked to call for the remainder of their September pay instead of October as stated in yesterday's Dispatch.

Checks may be claimed at the office of the Transportation and Supply Division.

MORE CHECKS

September and August checks for the Maintenance division are still being held at HQ. Checks not claimed within a few days will be sent to the regional office.

NEW CLASSES

...in crocheting and embroidery will open soon. Registrations will be taken at 8:30 on Thursday from 8 a.m. to 5 p.m.

Since the classes may be limited to 30 students, all those interested in these classes are urged to register early, according to Mrs. Irene Yamashita.

CARD OF THANKS

The Rev. and Mrs. Shigeo Tanabo wish to thank all for the expressions of kindness and sympathy received during their recent bereavement.

Noteworthy

JAPAN LANDING...

...arrived in the City from Washington, D. C.

OPPORTUNITY...

...to learn the trade of butchering from slaughtering to the finished product reaching the consumer will be offered to anyone interested.

Applicants are asked to contact Frank Pagan at the Placement office.

...interested in dish washing and kitchen help in or out of the Project are asked to register at the Placement office immediately.

"OUIJA, OUIJA, WHAT'S THE ANSWER TO, IF FARMER B HAD 45 BUSHELS OF APPLES..."
Nearly 30 basketball team representatives attended the managers meeting which was held at the Recreation Center on Monday evening, and from all indications there will be much interest in the sport if it can be started here.

Topping the discussion was the classification of teams and tentatively there will be a Class A, B, and Junior League.

Definite age limit of 16 and under was placed on the Junior League with a possibility of a Pee-Wee League but the A and B divisions will be made according to team caliber.

Each team entering a certain league will have to be approved by the other terms in that league so that the strength of the respective squads will be as equal as possible.

Deadline for handing in team rosters has been set at 5 p.m. Saturday, Nov. 14 at the Recreation Center.

It will be necessary to indicate what league they wish to enter and also where the nearest two-basket court is located in their vicinity.

**SENIOR LEAGUE:**

**BEARS, BRONCOS, RIVERSIDE WIN FIRST GAMES**

Capitalizing on a blocked kick the U.C. Bears chalked up their first Senior League triumph last week-end over Block 52 by a 6-0 score. P.A. Shibata passed to Shig Okada for the tally in the final quarter.

Riverside also won their first league game in three starts by dumping the Sunsets 12-6. Broncos overcame a six point deficit in the fourth quarter to take a 14-6 victory over hapless Block 50 team in another Senior tilt.

**ZERO'S IF IN TWO JUNIOR LEAGUES**

Zeros' took a double victory during the past week-end to take a close second behind the league leading Panthers in Junior League standings.

Saturday, the O's put together everything from pass interceptions and long runs to romp over Clarksville 38-6, and then on Sunday they handed the Octo-Puss their first set-back 7-0 on a first period touchdown pass from Fullbock Mar Honda to halfback Joe Tanahara.

Seniors clean record received a slight tarnish when the fighting Marysville team held them to a 0-0 tie, while the Blitzers and Hood River chalked up a like score.

**OCTO-PUSS WIN**

Octo-Puss won their third victory last Saturday by a 13-6 score over Isleton. Cowboys counted first in a pass interception by Bob Tenita, but the Octo's came back on two twenty-five yard scoring passes from George Nakamura to brother Frank and Stanton Tanaka, respectively.

Washingtonians won a thriller from the Thunderbolts 13-12.

**SEAGULLS-MARYSVILLE BATTLE TO 0-0 TIE**

In a thrilling see-saw battle last Sunday the undefeated and unified Seagulls and Marysville battled up and down the field and got exactly nowhere because when the final whistle sounded the score was a 0-0 tie, and put both teams 2½ games behind Scorpions.

It was Marysville's tricky shifts and reverses against the Gulls straight pass and run attack and from the spectator point of view it was an exciting game with plenty of spectacular plays and pass interceptions.

Seagulls had two golden opportunities to score a touchdown in the second half. A long pass downfield was deflected into the air by two Marysville players and bounded into the arms of the Gull left end on the 10 yard stripe. A pass was incomplete in the end zone but a run around left end netted five yards and a third down with five yards to go for a touchdown was set-up. But the Marymen stiffened their defense and the threat died.

Again in the second half a blocked punt gave the bIrcher the ball first and goal on the five but again they were unable to score.

Despite the tie, however, Marysville gained one game as they were previously scheduled to play the Shamrocks, who dropped from the Senior League.
