HOLIDAY SPIRIT REIGNS IN CITY

The lighter aspect of the holiday will be featured by dances and block entertainment.

On Thanksgiving eve, four socials will be in progress. High school students will be giving at a dance sponsored by the junior and senior class at #1624. The personnel staff will celebrate at the Personnel dining hall with dancing, cards and games.

At the same time Block 16 will be sponsoring their "Pilgrim's Progress" and the Placer JACL will hold their Thanksgiving Reunion Social at Room #20.

On Thursday, Block 25 will be sponsoring their Thanksgiving Day Dance. Personnel Waitresses are sponsoring a Thanksgiving Hop on Friday at #50.

Not to be forgotten is the Charity Dance being sponsored by the Tri-State Coeds this coming Sunday. Proceeds will go to the Social Welfare Department.

RELIGIOUS THANKSGIVING SERVICES FOR COLONISTS

A full day of religious thanksgiving has been arranged by the Tule Lake Union Church for Thanksgiving Day, tomorrow. The services will start from 2 p.m. at #720.

The program has been outlined by Yunco Yoshihara, general chairman of the services, as follows:

1. The Hymn Choir
2. Invocation, By Rev. L. Shirrell
3. Choral Number, A Capella Choir (Mus. Dept.)
4. Thanksgiving Scripture, By Kenneth Harkness
5. "America, The Beautiful," By Chorus
6. Address, By Mrs. Mary Farquharson, speaker
7. "God Bless America," By Chorus
8. Benediction, By Father Kaneko Kikukawa
9. Retreat of the Colors

GIVE THANKS TODAY

TULEANS, NATION IN THANKSGIVING

Tule Lake colony residents will join the nation in observing the country's first wartime Thanksgiving.

On Thanksgiving day the city residents will sit down to a feast of turkey, cranberry, pie and other good things to eat.

The religious significance of the holiday will not be forgotten. City-wide church service will be held at 2 p.m. at #720. Presentation of the colors by the boy and girl scout organization will open the program.

Mary Farquharson, former member of the Washington state legislature, will be the main speaker. Invocation will be given by Project Director Shirrell.

K. Harkness, supervisor of the education department, will give the Thanksgiving scripture reading.

CANTEENS SHOPS CLOSED TOMORROW

According to an announcement from Kendall Smith, supervisor of community enterprises, all stores and service departments will be closed tomorrow. These include the community cantoons #1, #2, #3, #4, and #5, the News stand, Barber and Beauty shops, and the Radio, Watch, and Shoe repair shops #1 and #2.

DISPATCHERS JOIN HOLIDAY THANKS

In accordance with the spirit of the day tomorrow, the Daily Tulean Dispatch will suspend its publication on Thanksgiving to give its staff members chance to observe the holiday.

School children will enjoy a two day holiday Thursday and Friday.
THANKSGIVING

IT IS NOT POLLYANNA TO SAY THAT IN THE SPIRIT OF thankfulness is found the depth of humanity.

On this day of Thanksgiving we bow our heads in meditation for whatever adverse circumstance that has befallen our lot today.

We have lived difficult days in the recent past. Out of the smugly contented individualistic life of the pre-Pearl Harbor days, we have been thrust into a socialistic life of W.D.A. assembly and WRA relocation centers.

In the past, it was none of anybody's business how we lived: what we ate and what we thought. Now, it has become everybody's business to know what you and I eat and think.

During the course of readjustment from a laissez-faire type of living to the present mode of communal life we have had mental conflicts and even physical frictions. There had to occur, it seems to us, because we have never been trained to live thusly in an American remnant with rugged individualism.

The America of the sweet past is gone. The new America is being born out of the present mortal struggle. In fact, the new world is being made out of the shouting and gunfire of the battle-fronts. And the new world is the one in which the people all over the globe will share in the fruits of cooperative activities and cooperative thoughts.

While living in an economic and social setup such as ours today, we are unconsiously being trained, mentally and spiritually, to live in the new world of tomorrow: for, the human relations in the future will be based primarily on "give and take." This is cooperation. It is well for us to be clearly conscious of this trend.

It is with the feeling of thankfulness that we live today for we shall be able to participate in the glorious life after the war.

TURKEY DINNER AMONG 'STRANGERS'

Pondering on the thought of Thanksgiving from the furnace angle—a wave of nostalgia comes over us as we remember the excitement of planning and preparing the turkey and all the trimmings that go to make a Thanksgiving dinner—reminding us of the luxurious cooking above that melted through the house from the kitchen—the anticipation of relatives and the festive air that prevailed through the day—and the questions that descended after everyone was seated at the table while grace was said.

'Tuleans will have their turkey dinner tomorrow, but the scene will be a little different from that of a year ago. This year it will be different out of the shouting and gunfire of the battle-fronts. For, the new world is being made out of the shouting and gunfire of the battle-fronts. And the new world is the one in which the people all over the globe will share in the fruits of cooperative activities and cooperative thoughts.

While living in an economic and social setup such as ours today, we are unconsciously being trained, mentally and spiritually, to live in the new world of tomorrow: for, the human relations in the future will be based primarily on "give and take," and likely as not, grace will be forgotten. Yet, we have much to be thankful for. With a woman's intangible instinct we have tried to make our one-room apartments "home." We carry on our housekeeping duties against the odds and are thankful for the food and shelter provided us. On this Thanksgiving Day we give thanks for all that we have.

CALDWELL FSA CAMP—I have yet to investigate the whole setup of this F.S.A. (Farm Security Administration) labor camp. It is supposed to be a federal institution, but some say that the camp is just about run by the sugar company at present.

At any rate, we have about 40 barracks of six apartments each and 40 fruitly bungalows. In each apartment, there is a double bed and a double-deck bed, a table and a couple of chairs. Several shelves, coat hangers and a coal-burning stove complete the fixtures. The room is very well ventilated, but you can keep yourself warm by burning a lot of coal which you can buy from the camp management for a cent a pound. The camp is now being sold for about eight dollars an acre on the outside market. I often wonder how much we use in Tulc Lake apartments.

The camp is divided into some sort of sections and each section is supposed to have a councilman, four of them make up a sort of community council. In Tulc Lake, our city council meets once every week, at least, but here I don't know when they meet, what they talk about, or what they make up the council.

One Mr. Harrot, a hardworking and likeable chap, is the camp manager and he is supposed to be the head of the community council. I know him because I bought 45 cents worth of coal and a hard-working man of driving and from him, and from the time we first met on the campground. He passed the back way to the boys and came here early and was up the hot water ungrudgingly. I forget to mention that perhaps the 35-gallon tank isn't big enough to take Idaho dirt off the back of the ears of the Bakeo workers.

**CLINIC HOURS FOR TOMORROW**

The Immunisation Clinic, regularly scheduled for Thursday afternoons, will be held this Thursday (Thanksgiving Day) in the morning between the hours of 8 a.m. at the Outpatient Clinic.

No other clinic will be open that day except for emergencies.

**PERMITS NEEDED TO USE HEATERS**

Persons contemplating purchase of hot plates, heaters and other types of electrical appliances or having them sent through other sources should receive clearance from the hospital and fire departments, the administration announced today. Otherwise, all such purchases will be held at the Post Office.

The current ruling requires that only those with permits may use these appliances.

**QUARANTINE RESTRICTIONS MODIFIED BY BASE HOSPITAL**

The Public Health Department, a division of the Health Division of the Project, has its official origin a few weeks ago. Since its inception Mrs. G. Yamakabe, a registered nurse, has been added and is now supervising this program. Many quarantine rules have been modified to maintain a high standard of communicable disease control.

Although you will find these amended rules far more lenient than the ones previously announced, it is nevertheless important to emphasize that the control of epidemics is largely dependent upon the cooperation of the citizens of this community.

Parents are again reminded that children showing symptoms of the common colds should be kept at home. It is during this stage that contagious diseases are most easily given to others. Although the disease itself may not be serious, there is always the danger of complications.

It will be through only a rigid enforcement of quarantine rules and willing compliance therewith by the Colony that epidemics can be avoided in this community.

MIKS, WAKS, BUSSEI, MARYSVILLE IN AWINS

Class A Basketball League got off to a rousing start Sunday as eight teams went into action on the various outdoor courts.

Pre-season favored Scarscemento Mike poured it on the White River Bruins and chalked up a 47-10 victory. Bruins got three field goals in the first half and two in the second while the Mike were having their own way as far as scoring was concerned. Tak Tatsui, Sac’to forward, was high point man with 15 digits.

Because the Tacoma Bussei only made one out of thirteen foul shots they lost a heartbreaking 16-15 decision to the Wakabns. Waks led at the halftime buzzer 8-6 and won the game in the closing minutes of the battle on a field goal by forward Hidoo Shintaka.

Questions Marks had an “easy time with the unorganized Golden Bears to win 37-22, while Marysvilles was having trouble with the Clipper in taking a 17 to 12 triumph.

Team managers are reminded to hand in score sheets as soon as possible at the Rec. Center.
