WISH TO REMEMBER SUCH FORMER FRIENDS AS MAY BE AT TULE LAKE

A Christmas spirit of neighborly love and brotherhood was expressed by a group of Pasadena people to their former Japanese friends in a letter received here by Project Director Harry L. Sharr- roll from William C. Carr, Pasadena, Calif., businessman.

"A group of Pasadena people," the letter stated, "wish to remember such of their former neighbors as may be at Tule Lake this Christmas. Please ask someone in this group to communicate with me."

STARMER TO HOLD SPEECH CLINICS

A speech clinic to aid pupils with speech defects will be conducted daily from 9:30 to 11:15 a.m. by Garrett Starmer, high school speech instructor, it was revealed.

The need for such a class became apparent after a survey of school students. "One of the most noticeable troubles is the accent," Mr. Starmer stated. This clinic is not required and credit will not be given. It is for the benefit of those students who wish to improve their speaking voices and rid their speech of all mannerisms such as stottering and slurring.

Students will make individual appointments and will receive personal attention from Mr. Starmer.

COLONY RESIDENTS ASSURED OF LEGAL AID IN SOLVING PROPERTY PROBLEMS

The Legal Aid Department recently had a visitor in Edwin M. Joyce, Evacuee Property Supervisor from Seattle. With him were two officers from Ford Management Co., which operates 46 evacuee farms in the Seattle district.

While here they held a meeting with the owners of those farms who live here now, and discussed the conditions and plans for the farms for next year. Joyce brought $650, which he had collected for an evacuee here.

Those who would like to have aid in solving problems in connection with their property should consult the Legal Aid Department, San Francisco and Los Angeles also have Evacuee Property divisions.

ELECT LEADERS

TODAY, WE ARE ELECTING our representatives to the permanent City Council.

We assure that all eligible voters in each ward over 18 years of age are going to the polls to cast their ballots. It is their privilege and duty as residents of this community to exercise their right of franchise. And we believe it is not wrong to assume that all of them will do so.

We are not very much concerned over their enthusiasm to exercise this right of franchise. But we are deeply anxious to see that all of the first election under the new City Charter be conducted fairly and cleanly, displaying the residents' good taste and intelligence to elect capable leaders who truly represent the majority opinion in our Colony at all times.

The majority opinion in this community is not represented by those irresponsible men who seem to take joy in saying "no" to all proposals which they then seem to have a tinge of administration color.

True leadership from now on must come from those who are strong and brave mentally and emotionally, and have an uncomprising attitude toward the stability of the island in America's heart.

True leadership is not stayed by miscellaneous petitions that are dashed out by some of our irresponsible residents. H.M.L.

RUMOR CLINIC

The need of a rumor clinic seems urgent. Just the other day, it was us moving over to Armanuse.

Yesterday, it was Manzanar coming over here.

Today, we are supposed to be transferred to Manzanar shortly, because some of the old furniture is going to be attached to furniture destined for Manzanar.

Tomorrow, don't be so ridiculous! H.M.L.

WANNA SELL MOCHIGOME?

Five thousand more pounds of "mochigome" rice are needed to grace the festive tables on New Year's Day here.

If someone in the project who has this item stored on the outside, he is asked to contact George Tsunoda, at canteen warehouse #351, for business transaction. If contact is made, it will be turned over to the project steward for purchase by the WRA.

Community enterprises management is reported to have already purchased 5000 pounds.
