UNIT ORGANIZED TO SPEED CLOTHING MONEY PAYMENT

Monthly clothing allowances will be paid by check rather than by scrip, according to E.R. Fryer, regional WRA director.

This clothing unit has been organized and payments will be made in the near future at this Project. If any errors have been made in the payment of clothing allowances, adjustments should be made at 801-D. After payments have been completed, this is to facilitate payment.

Employees in the clothing unit are working 56 hours a week in order to speed the payment of clothing allowances and it is requested that they not be disturbed by interruptions until the payments have been made.

These allowances have been made as of last Jul. 1, and the first payments will cover July, August, September, and Oct. 1, as Fryer said. Accounting procedure will be set up at each Project to compute the amounts due.

Eligible evacuees, or those who are eligible for unemployment compensation, will receive the cash allowance for himself and for each dependent who is not employed or not receiving unemploy-

60% OF MONTHLY PAY GIVEN AS UNEMPLOYMENT COMPENSATION

Plans are underway for the payment of compensation to the Project's unemployed. According to Frank C. Smith, housing and employment officer, compensation will be paid evacuees who have been registered for work at least 15 days and who have not been offered employment.

The 15-day period shall run from the time of the original registration for work, or from the date of termination of a job, or from Oct. 1, 1942, whichever is later.

60% OF MONTHLY PAY

Unemployment compensation is intended to cover living essentials for the individual and his dependents. It shall be at the rate of 60% of the primary classification for which the applicant is registered for work; i.e., $7.20, $9.60, or $11.40 per month.

Unemployment compensation shall be paid only after application to and certification by the employment division. Applications for unemployment benefits should be made at the rate of 10% of the original registration to the Employment Office, $1208.

Eligible Persons

These eligible for unemployment compensation are those who have refused to accept suitable employment; those who have been discharged for cause, and, after hearing by the Fair Employment Practice Committee and whose recommendation believes that the grounds for discharge were reasonable; those who have been certified as unqualified by the Employment Bureau because of physical incapacity; those whose Terence Section finds unqualified because of family situations.

HIRABAYASHI EVACUATION TRIAL IS LIKEND TO DRED SCOTT CASE

The Gordon Hirabayashi case is one of the most interesting cases in American History and may stand in importance with the Dred Scott case, as Mary Frye, s.o. of the student, at Washington University of a University of Washington professor, in a recent visit to the Project.

The case is whether constitutional rights can be outlaid so easily, Fergusen told the Student Christian Association group, and whether in war, the Constitution still stands.

To the case was denied from the District court and the committee working on the case attempting to carry it to the circuit court of appeal.

3 JR. QUINTETS UNBEATEN; TERTITES SHADE GAELS

Block 22, Termites and the Placer Devils remained the only undefeated Junior League basketball teams after the second round of play last Saturday.

In a nip and tuck contest, which saw two of the best teams in the league pitted against each other, the undefeated Termites hand out the fighting Gaels 24-22, with Tony Kiyaria leading the attack. John Minoo, Gaul forward, again led his team mates with 11 counters.

Placer Devils, with Captain San Matsuoka, scoring half of the teams' total points, narrowly outscored the Sacramento Frosh 16-14 for their second league victory. Frosh led at half time 7 to 6.

Termites' Block 27 captured the only Junior League championship of the season by scoring 9 to 0 while the other five teams were eliminated from the league.

BLOCK 27 HAS NIGHT COURT

Adding to the list of "New. I've Seen Everything" for the basketball players here, is the night court which is set up on Block 27.

Providing the lights are a series of flood lights placed on top stop ladders that are situated strategically around the playing surface.

No league games have been played at night yet but it is possible, although the cold evenings may be a bindrance.
