Dr. Gallup of the well-known public opinion research bureau of Washington is reported considering taking a poll among the evacuees in California, Oregon and Washington on the problem of evacuating Japanese, according to the San Francisco Chronicle.

The residents in these states will be asked whether the evacuees should be left there, or if relocation centers, or allowed to return to their former homes on the west coast, or sent back to Japan. First Letter from G.T. in Montana

SUNNY, Montana—Here is the letter I've put off writing. I have been promising myself to write for the past month and a half.

Before I go any further, I want to thank every one of the Dispatch staff for their willingness and the farewell gift. And I want to apologize for my rather belated thanks.

I imagine that many changes have taken place since I left. I see by the papers that Bill and Tom left for school and that even the venerable Granite Mountain is no more. Likewise, Namuro went boot topping in Idaho.

We finished with beets on Nov. 24. And right now I am in the small town of Sidney—located about 12 miles from the North Dakota border—waiting for arrangements which will permit me to travel on to the city of Minot, North Dakota, where I am assured of employment. The outbreak of war has meant about 1,000 miles away from Tule Lake, so I still am humpered with government red tape.

There have been many changes in Minot twice. It's a railroad and agricultural city with about 16,000 residents. There are about 30 Japanese families. Two thriving restaurants, open all night, are operated by Japanese. The Japanese, having lived in the town for the past 50 years, have been hampered with government red tape.

TRIP TO SALT LAKE CONCLAVE INCREASES OUTSIDE CONFIDENCE

It gave me a feeling of confidence that there are people outside who are sincerely and earnestly working with us, Ted Nakamura, delegate to the National JACL conference, remarked upon his return to the Project from Salt Lake City.

It also gave me added confidence in the national officers and the work they are doing, but made me realize the necessity of having more JACL officers through the East, he added.

This can only come about by having more members and consequently an increased budget, Nakamura said, or this hope will never come true.

One way of supporting the JACL is by subscribing for the Pacific Citizen, official organ for the league and a judged throughout America as one of the finest newspapers.

At the present time 207 residents in the Project hold subscriptions, while 100 more are sold in the canton weekly.

Subscriptions are taken at the Legal Aid department in the A building and at The Tulean Dispatch office at 1619- A.

TRIP TO SALT LAKE CONCLAVE

INCREASES OUTSIDE CONFIDENCE

The Hakai chapter of the JACL carrying out a suggestion made by members of the chapter now located here, donated $1,000 to the National JACL headquarters in Salt Lake City.

The donation was made, according to Fred Nomura, after consultation with the members in the Central Cali-Abriendo center. The Hakai chapter also sent about $3,500 to the national headquarters for safe-keeping for the future use of the chapter.

The total cost of the three baths in Block 26 was $387.

OUTSIDERS TO RAISE $200,000 TO AID NISEI

Recently, the Sacramento chapter took the first step in this movement by donating $300. The Hakai chapter followed with a $1,000 contribution.

SOME UNITED CHAPTERS

The delegates to the conference felt the need of a single chapters in each project. Already, the foundation for a united chapter in the Tule Lake center is established.

In regard to student relocation, "Benn" Robert O'Chian, disclosed that in the Tule Lake center, 500 students have declared that they would accept nisei students. To assist needy persons, various outside groups are contemplating on raising a total of $500 to carry out this work.

TO INVESTIGATE LOSSES

The JACL is going to investigate the losses of persons who hold liquor licenses and those who were eligible for unemployment insurance benefits which were not paid. A survey is to be made in the projects and an attempt to have the money paid to these persons.

Investigations have been made in regard to the sugar beet employment problems by the JACL. The league is attempting to remedy and find solutions to better the program as undue hardships and advantages taken on evacuee workers.

WCCA SCRIPS PROBED

Statistics are to be compiled by the JACL on scrip books issued in assembly centers. In case where scrip books were not issued, the JACL is attempting to have the WCCA pay those persons.

The newspapers, Mayor Ab Jenkins of Salt Lake City, and the people involved were very good and receptive, Takanoto stated, and all the delegates had a first-hand opportunity to see the condition on the outside.

PENNANT HINGES ON WHO WINS ESQ. — M'YSVILLE GAME

Senior Football League champion could be named this Saturday.

With the season scheduled to come to a close on Sunday, the league leading Marysville outfit meets the second place Esquires in the game of the year. Marymen have only to meet the lowly Sunsets on Sunday in the season finale and therefore a victory over the Esquires on Saturday could cinch the pennant for them.

If the Esquires won then anything would be possible, for the standings of the top, teams are as follows:

<table>
<thead>
<tr>
<th>Team</th>
<th>W</th>
<th>L</th>
<th>T</th>
<th>Pct.</th>
</tr>
</thead>
<tbody>
<tr>
<td>MARYSVILLE</td>
<td>6</td>
<td>0</td>

<td>0</td>
<td>.875</td>
</tr>
<tr>
<td>Seagulls</td>
<td>6</td>
<td>1</td>
<td>1</td>
<td>.857</td>
</tr>
</tbody>
</table>

But in case of an Esquire triumph, they have to contend with the powerful Seagulls on Sunday, and if they won both week-end games then they could lay claim to the title.

Seagulls could also win the championship if the Esquires beat Marysville, and they beat Isleton on Saturday and the Esquires on Sunday.

In any event everything hinges on the outcome of the Esquire-Marysville contest.

JUNIOR LEADERS FACE TWO GAME SCHEDULE

As in the Senior League, the Junior Football League has a number of possibilities as to who can get the championship. At present the Panthers and Marysville remain the only undefeated teams, and both face a two game schedule over the week-end.

If each team wins their double-header, then the title game would be played the week following, when they are pitted against each other in the final game of the season.

Others have an easy team in the Blitzers on Saturday, but on Sunday they face the third place Seahawks in what should turn out to be the best Junior game of the week. Tough Isleton team will meet the Marysville Jrn. on Saturday, and on Sunday the last place Clarksburg eight is on the slate for the Ramblers.

**Schedule is as follows:**

**JUNIOR LEAGUE**

**KOSHIBA LEADS IND. SCORING**

Sam Koshiba of the Timekeeper team, leads the Industrial League scorers with 28 points in two games.

A limit of 15 points per game has been set on industrial players, and anyone making that many must leave the game.
