CHARGE TO THE CLASS OF 1995

Dr. Arthur A. Dugoni
DEAN

YEARBOOK MESSAGE FROM THE DEAN:

Congratulations on the successful completion of your dental education. On behalf of the faculty and staff of the University of the Pacific, School of Dentistry, I thank you for allowing us to be an important part of your life.

You have grown in significant and positive ways in the past three years. You entered dental school as a student in search of knowledge; and it is now my hope you will leave dental school as a professional, continuing to seek knowledge throughout your life and your professional career. Your faculty has prepared you well for the practice of dentistry, and you have responded with enthusiasm. You have asked questions, pondered new areas of study, shown us new paths to create in your curriculum, and enabled us as educators and administrators to adapt our school to change and — in the process — to strive for continued excellence in the classroom and on the clinic floor.

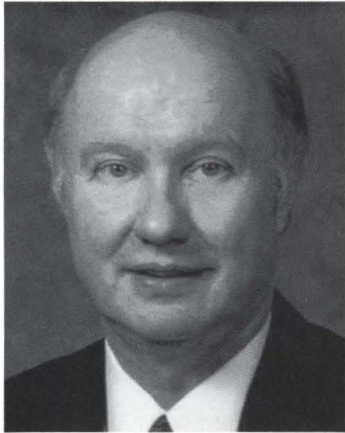

In my past sixteen years as Dean, I have come to work each day with a high degree of pride and optimism; I am happy to be a part of this fine school. When I look out at the families, friends, and faculty who attend graduation as a testament to the enormous pride they have in celebrating your achievements, I share their sense of pride as well. Your class has been an inspiration for me and for your faculty — we recognize your abilities and look forward to seeing you mature as role models for future generations of dental students.

Graduation places you at the starting point of knowledge and experience. Proceed now from this point with confidence about what you have learned and what you will continue to learn throughout your life. Go out into your communities and learn the true meaning of service by treating patients with concern, compassion, and integrity. Remember, the best gift you can give yourself is to do something for someone else. Involve yourself in important issues. Continue to care about the profession through participation in dental organizations at the local, state, and national levels. Build dreams, create ideas, enjoy life—live each day to its fullest.

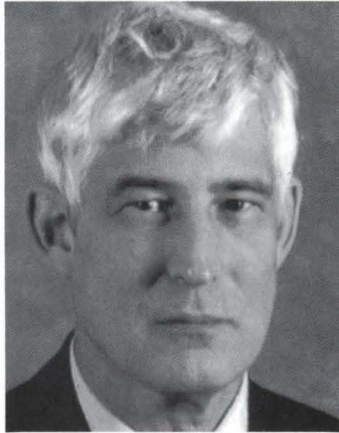

Best of luck to all of you.

Arthur A. Dugoni, D.D.S., M.S.D.

SPECIAL MESSAGE FOR PEGGY RHOADS—WARNOCK

Congratulations on a job well done. We are all proud of you and your accomplishment. We know your Mother would have been singing your praises also. We send our most heartfelt wishes to you for a bright and successful future—Our Third Generation at the School of Dentistry.

Dr. and Mrs. John E. Rhoads, and Family

Suzanne Hamilton

At eighteen months of age you prized and used your toothbrush faithfully. You continued to be obsessed about your teeth and shed tears when they said you needed a small filling. And now it is two fillings and hundreds of toothbrushes later. Your love and respect for your own teeth has given you even more respect for other's teeth. So it does seem very fitting that you should now be graduating from the profession of dentistry. I know from firsthand experience that you're going to be one great dentist! I am very proud of you.

Love, Mom
