DON'T WASTE WATER!

With the arrival of 449 evacuees from the Pinedale Assembly Center today, the Tule Lake Relocation Center is almost filled to its capacity. Today marks the end of evacuees arriving under army orders. A few hundred relatives of people here will arrive soon.

NO. 3 CANTENE, OPENS SATURDAY

The Community Store #3 will make a debut Saturday morning in Block 41 carrying most of merchandise sold in other two canteens except dry goods. The shoe repairing shop is now open for business. A registered pharmacist will man the drug department in each of the three stores.

PAY TAGS TODAY

It has been decided to issue the balance of the identification tags on Saturday. All enlistees who have not as yet been issued an identification tag are asked to call for such tag at Recreation Hall building #2408 on July 25 between the hours of 9 a.m. and 5 p.m. In order to avoid confusion, lists will be posted outside the Recreation Hall showing the identification tag number numerically and to whom they are assigned. Lines will be formed at the most entrance in accordance with the numerical sequence shown on the lists. It is requested that everyone cooperate in order that the issuance of these tags may be accomplished smoothly and orderly. Please bring identification with you.

Please Note: All cooks who are unable to report for their tags Saturday without disrupting the preparation of meals will be issued their tags at a later date which will be announced.

CIVIC IMPROVEMENT

TO MAKE BETTER TOWN

Tentative plans, pending Army approval, include the construction of a senior high school, junior high school, three elementary schools, auditorium, library, dance studio, music studio, machine shops, bakery, theater, and a community church.

All plans are subject to Army approval and should be interpreted accordingly. Architect planning the schools, stated that "All plans are subject to military rulings and should be interpreted accordingly." Architectural engineers working with him are: Den Toriumi, co-designer of the senior high school; George Yasaki, co-designer of the junior high school; Minoru Isawa, co-designer of the elementary schools; and Albert Nagaoka, consulting engineer.

Location of the junior and senior high schools will be in the firebreak between blocks 20-25. A library and an auditorium will be built in the junior high and senior high school area. The elementary schools will be constructed in firebreaks between blocks 30-25, 34-25, 38-25; and nurseries will be established in conjunction with the elementary schools. A dance studio and a music studio with sound-proof walls, dressing rooms, workshops, offices, and practice rooms will be set up in the junior and senior high schools.

FIVE MACHINE SHOPS
IN CONSIDERATION

John Minami and Kor Uyotcko of the Engineering Department disclosed that Army approved plans have been arrived from the regional office calling for the construction of five machine shops.

Soil Fertility Course will be taught on Tuesdays and Thursdays for 6 weeks from 7 to 9 p.m. The course will include the general physical properties of soil, the effects of various nutrient elements, acidity and alkalinity. It is planned to include some demonstrations and the showing of movies.

Advance registration will be held in #1908 on Fri. and Sat. from 7 to 9 p.m. The first class meeting will be on Tuesday, July 28, at 7 p.m. The place will be announced shortly, it was stated by Tony Takashima, Agricultural Chemist.

Banking operations at the local Nisei branch of the Bank of America have fallen-off considerably. "Unless colony-residents avail themselves to the twice-weekly service," the Bank will be compelled to limit operations once-weekly, Assistant Superintendent, stated today.

Residents having outside accounts are urged to transfer them to this branch-office, both for their own convenience and to provide needed business for the bank.
