CITIZEN REGISTRATION PERIOD IS EXTENDED UNTIL MARCH 10
SPECIAL CONCESSION MADE TO GIVE EVERYONE OPPORTUNITY TO SIGN-UP

The present schedule for registration of male citizens, 17 years of age and over, will be completed today. Many have not yet registered. As a special concession and in order to give everyone a full opportunity to comply with the requirements of the War Department, the Registration Hall will remain open in the Personal Recreation Building until March 10.

Registration will be open each day, beginning tomorrow and continuing until the close of business on March 10, for all unregistered male citizens of 17 years of age and over, regardless of their blocks in which they live. In other words, anyone who has not yet registered may register on any day.

You are strictly urged, however, to register at once if you have not done so. If you wait until the last day the rush may be so great that you may not be able to accommodate you. For the convenience of those who prefer to register in the evening, the Registration Hall will be open from 7:00 to 9:00 p.m., beginning March 6. No male citizens may register after March 10.

Those who have not registered by that date will be considered as having violated the order of the War Department and the War Production Authority and subject to such penalties as may be imposed.

This notice does not apply to female citizens or aliens. Additional instructions will cover their registration.

**Winning Essay On Fire Prevention by Izumi**

The following is a copy of the essay which won first prize:

"For a dirty innocent looking boy in the nastepaper baned, a nile white cloth I use, till the mistress of the house smacked me in kerchief and removed the soiled spots from the teapot. She cruelly threw it in the waste-basket with the soiled paper. For days I was left there with the soching hot sun burning through the window burning my back.

One day I became so hot that I begin to perspire like a sweat. My cloth was at heart. The make burned, and the temperature ran higher still finally I started to roll red fire from my mouth. From so much heat, I became unconscious. When I woke, I found myself a black circle line on the burned paper. I cut the same figure appearing like the legs of an octopus. He had already burned the tangles and chains, the mistress took so much time to cooking. The fire was now burning the floor, the walls, the books, and the magazines. Suddenly I heard an excited voice yell, 'Fire! Fire!' From rain rushing in with buckets were seen splashing water on the roof, the walls, and the floor. The fire ran away with haste into the closet, burning the expensive fan, dresses, hats, and shoes. After a time, sounds of trucks were heard. I heard someone giving orders, and in no time huge men with red bands around their arms were in the burning room with a huge hose. Soon a large quantity of water came out of the mouth of the hose with great force, breaking and to see men small particles high up the ceiling and killing the fire in an instant.

After the fire, everything was black and wet. The mistress was soon with a dreadful and puzzled look, trying to answer the question! How did the fire start? She had started the fire. Of course, was to be blamed a little, but I will leave it to the judges to face the consequences."

**SPORTS LITE**

With the coming of warmer weather, enthusiasm for golfers of Block 23 have also been for the game in a big way.

Three holes constitute the fairway, but there seems to be just as many obstacles and hazards as a real golf course.

With Block Manager Jin Okidome, one of the top-notch golfers from the Northwest, to teach the nine-points of the game, much enthusiasm is shown by the would-be golfers.

Each of the players put out on the country club course are Mr. Kuroki, Ted Nakashita, Cota Nakashita, and Hiroshi Kurotomo, to name only a few.

Good scores have been turned in by the performers, it was reported.
