OPENING FOR 38 WORKERS

Thirty-eight workers are needed in the defense industry in Cincinnati, Ohio, making hospital beds for the U.S. Army, the Placement Office revealed yesterday.

The positions include welders, press operators, common laborers, apprentices, and others. Wages range from $5.25 to $9.50 an hour, depending on the type of work involved. The work week is 49 hours with time and a half for time over 40 hours. Details can be secured at the Placement Office.

HARKNESS ACTING CHIEF COMM. SERVICES DIVISION

Mr. Kounoshita, effective yesterday, designated Acting Chief of the Community Services Division, effective today. Mr. Harkness will continue in his capacity until a permanent successor to Mr. Fleming has been appointed. Mr. Fleming has been appointed to the position and assumed duties yesterday. He arrived here on May 21, 1943 and continues as Chief of the Community Services Division until his resignation becomes effective.

Resolution of Greetings

Thanks Sent To Coverley

A resolution of greetings and thanks from the delegates at the Third National Conference of Young Buddhists to be held in Salt Lake City recently was conveyed to Project Director Thomas R. Coverley in a letter received yesterday from Topeka, U.S.A. by Rev. K.K. Kumata, national director of Young Buddhist Association of America.

The letter was written by Rev. Kumata and in part:

"Your considerate action in giving these delegates permission for leave, in spite of the many criticisms of disloyalty flouted against them by certain individuals and organizations, constitutes a vindication of the open and fair-mindedness of the War Relocation Authority and trust in the re-orientation of those citizens of Japanese ancestry. Again, it is humbly to us the value of citizenship in these United States."

URGE FULL USE OF LOYAL ALIENS IN DEFENSE WORK

Urging full use of all loyal aliens, the War, Navy, and Justice Departments, and the Maritime Commission today jointly announced shortening and simplification of the procedure whereby holders of government airplane and "classified" contracts may obtain permission to hire aliens within two weeks or less, according to the Office of War Information.

A statement signed by Secretary of War Stimson, Attorney General Midda, Secretary of Navy Knox, and Maritime Commission Chairman Land also emphasized that government contractors may employ aliens as freely as citizens on all other types of work. In fact, such contractors may not be hindered by Executive Order 8802 from discriminating in hiring because of a worker's race or national origin.

Major points of the alien employment policy stressed in the statement follow:

1. Full use should be made of all loyal and qualified workers irrespective of national origin or citizenship.

2. Contractors may employ aliens as freely as American citizens except on aeronautical or classified contracts.

3. Contractors may employ aliens on aeronautical and classified contracts if they obtain the written consent of the head of the government department concerned.

4. The anti-discrimination clause applies equally to citizens and non-citizens.

5. The anti-discrimination clause applies to work under aeronautical and classified contracts.

6. The procedure for securing permission to employ an alien on aeronautical or classified contracts has been shortened so that the employer should now receive a decision on his request within less than two weeks.

7. An employer is not subject to any penalty if, in good faith, he obtains the written consent of the head of the Government department concerned before an alien is permitted to have access to the work under aeronautical or classified contracts.

Mayor Scored In Newspaper Article

"It is a matter of regret that the Mayor of Los Angeles in a radio address last week chose to speak as he did about the Japanese people of American birth. His remarks were intemperate, unchristian, and undemocratic." Mayor Donne of Los Angeles was thus accused in a column, El Rodos, or The Times, of the Los Angeles, official organ of the Archdiocese of Los Angeles, for his undemocratic accusations upon the subject.

The state of war existing between our country and Japan gives no one the right to invite a pervasion of our Constitution..."

"At present it is popular to speak of all the Japanese as degenerate, rotten little devils! The gates are opened wide and everything goes...

"The Catholic priests who have attended them at Santa Anita and Manzanar speak nothing but the highest words of praise in their behalf. Let the Mayor of Los Angeles remember his responsibility before the people of this community, and let his weighty words be the American ideal of democracy."

ISHIKAWA FAILS IN RECORD ATTEMPT LAST SUNDAY

In an exhibition barbell meet held last Sunday, American Ishikawa failed to equal his world's record of 615 pounds or his unofficial 620 performance made in late April.

Ishikawa was definitely off form but he did do 697 1/2 pounds which is much better than the mark of 665 which won the National AAU tournament in the 133 pound division last year.

His hope to compete in the AAU tournament at Los Angeles were shattered when it was learned that the necessary arrangements could not be made. The complete Klamath Falls barbell team was unable to come down so only exhibition lifts were made and all muscle control and hand-balancing exhibition was given by Edward Parkhurst.

Block 36 Goes On Hitting Spree And Cops Ward Crown

Block 36 lived up to their reputation of being the strongest hitting ball club in the city last weekend when they banged out a total of 364 hits in taking a 30-1 victory from Block 42 and also "waved up" the Ward batting average.

Results:

- Block 36: 2-0, Block 36: 2-0
- Block 67: 2-0, Block 67: 2-0
- Zebras: 1-1, Rattlers: 1-1
- Unknowns: 1-1, Poser Jrs.: 1-1

Block 70 holds a slight hitting edge, .313 to .321 but there is the question of how good the competition is in the respective division. Block 36 has a good battery in Takei and Nekamura and a slugging in Sakamoto. Block 70 will have little on the mound and Arm behind the plate.

Block 54, Ward VI, will be up against one of the tournament favorites when they clash with the Ward V champs, Block 47, on field 26-17. Pacing the Ward V entry is George Shintani and Nakao, the top two hitters in the league, but Block 54 has a league leading hitter in catcher Tetsu Nekamura. Also the 54 pitcher Eay Watanabe has a no-hit content to his credit. This game should be close and hard-fought.

In the third and final match of the day, Block 13 from Ward I is pitted against the title winners from Ward IV, Block 21, at field 12-13. This should turn out to be one of the best games as both squads have heavy slammers. 13 will probably rely on the pitching of Ben Yama while Block 21 has J. Takeuchi. The Ward IV team is the all but two players composed, Block 36, the tournament favorites.

Second round games are scheduled for Friday, June 16.
