ROVING REPORTER
TULEANS REPORT WHY THEY ARE RELOCATING

With more and more Tuleans relocating every day, the DISPATCH's roving reporter inquired of them the questions: "Why are you relocating? and "Do you advise others to relocate?" Here are some of the answers:

GLORIA TAMURA -- "I am relocating with intentions of furthering my education and for the general betterment of myself."

LILLIAN IGARASHI -- "After staying in camp for more than a year, I decided to relocate in order to have the freedom and privileges which other evacuees and Americans are enjoying today."

KIMIKO KATO -- "I think relocation is an important factor for the readjustment of students, individuals and families who wish to resume their normal living."

WILBUR TAKSGUCHI -- "During my stay in camp, I have been at a complete standstill both mentally and economically. I am relocating at this time to start from the bottom and to match wits with fellow Americans outside. I say definitely that relocation is a challenge to every nisei who desires a future in this country."

PAUL TAKAHASHI -- "Like many evacuees, I am relocating because conditions have been reported favorable and opportunities plentiful. If I establish myself now, I know my future will be that much better."

JAMES SUGIYA -- "I have decided to relocate before the segregation takes place, thus avoiding a double move. I personally think, now is a good a time as any to relocate. I hope that my going out will set a favorable example for others to follow."

WRA CENTERS NOT TO BE CLOSED IN NEAR FUTURE

MYER SENDS TELEGRAM

The following telegram regarding the rumor that relocation centers would be closed in the near future was received from Director Dillon S. Myer:

"I am anxious to correct an impression which has been created in some places that some or all the relocation centers are to be closed in the near future. While it is true that the long range goal of the War Relocation Authority is to enable as many as possible of the eligible evacuees to relocate, we realize that it will be a slow process. We have no plans for closing any relocation center in the immediate future. As relocation takes place and more people move outside, we expect to close some centers but this will not be in the near future. There will be no compulsion to relocate outside of centers although we hope that an increasing number of people now living in relocation centers will find it to their advantage to relocate and become self-supporting."

Dillon S. Myer, Director

SHIP LOCAL VEGETABLES

The Tule Lake vegetable farm is now supplying five centers with vegetables; it was reported today. Last week, 9 car-loads of spinach, lettuce, green onions, potatoes and turnips were shipped to Gila River Project, Colorado River Project, Manzanar and Topaz.

Pfc. Roy H. Take-
Many, including you and I, have been debating for months whether or not to take the plunge. I have, apparently, been wrestling with the advantages and disadvantages of relocating to the Midwest, and it seems to have gone to the advantage of those who have courage.

There are no "disadvantages" in relocating now. Everything is in the colonist's favor. You have your future to think of. The sooner you begin shaping this future, the better off you will be.

The myth that people are hostile to Japanese-Americans in the Midwest is fairly well exploded. Why? Because of evacuation, and because the colonists themselves have gone to all parts of the Middle West and East and parts of the South. Japanese-Americans everywhere are received well, wherever they have gone, with few exceptions; and some of these "exceptions" were induced by the behavior of colonists themselves.

Nothing will be gained by crying over spilt milk. What is past is past. Because of evacuation, many colonists are inclined to be bitter and to be uncooperative now that the WRA is greatly facilitating relocation.

GIRLS' VOLLEYBALL SIGNUPS EXTENDED TILL AUGUST 23rd

Sign-up deadline for the city-wide Girls' Volleyball League has been extended till Saturday noon, August 28.

There is no age limit for the team and is strictly on block basis. Interested girls are urged to organize immediately and sign up at the Recreation Department. 1936, as valuable awards are being contemplated for the winners.

This league is under the sponsorship of the Girls' Athletic Department with Ruth Goto as chairman. Official volleyball rules and regulations are available to all teams at the Recreation Department.

PACERS AND W.O.C. STILL UNDEFEATED

The Pacers and W.O.C. stand undefeated in the Western Softball League of the Independent Circuits.

Changes in the standings can be anticipated as the now undefeated teams have been somewhat wobbly in the possession of the no-loss column. In the recent games they have barely eked out their wins in the final inning rallies.

Chara of the Broncos leads the league batting average with high .615, followed by Pacer's Goto and Murato of Peach Bowl with .583 and .538 respectively.

JUDO Tournaments

With over 100 white and black belted judoists participating, the first Tale Lake judo tournament will be held this Sunday afternoon at the new high school auditorium from 2 o'clock.

The tourney will be sponsored by the jido division of the Recreation Department with Mr. Harry Murakami as chairman. Mr. Y. Tsuchida, jido advisor, will deliver the welcoming address.

Individual and team matches will be featured during the afternoon in both the junior and senior divisions. Several exhibition matches in the "art of self-defense" will be held.

The public is cordially invited to attend. There will be no admission charge at the door.

Ted Nakao-Joe Nishihara Take Doubles Tennis Championship

The smooth-working California combination of Ted Nakao-Joe Nishihara topped the City Doubles Tennis Championship last Tuesday by defeating the duo of Sab Maruyama-Kay Nakagiri, 6-2, 7-5.

A northerner, Sab Maruyama, won the singles' title to make it a split in honors between the north and south.

With the tennis courts to go soon because the building will be completed, tennis fans here have very little time now in which to play.

It has been suggested that the Californians and the Oregon-Washington teams play one last big match before segregation, but no definite plans have been announced as yet.
EDUCATION

The education department, comprising elementary, junior, and senior high schools, occupies the whole of one particular block. Pre-school classes and kindergarten are conducted in the various recreation halls scattered throughout the project. The educational program is conducted in cooperation with the Colorado State Department of Education. The school embraces 4,095 acres known as the XY and 5,688 acres known as the Koen ranches.

A significant feature of the center’s agricultural project is the growing of a large variety of vegetables, that never before were tried in this region. Every indication is that most of them will be successfully grown and should they be so, it will be an event of great importance to the agricultural welfare of this part of the state.

Poultry, hog, and cattle raisings are also included in the general farm program.

RELOCATION

Up to the early spring of this year Amache Relocation Center has been a convenient point of embarkation to the various employment fields in the states surrounding Colorado. A list of job opportunities is posted daily in conspicuous places and in the center newspaper PIONEER so the evacuees will be able to form their opinion as to the most satisfactory place of resettlement.

Amache, as a whole, has enjoyed the reputation of being one of the most peaceful of the ten centers. So far there has been no disturbance of any sort by the residents in opposition to the policies laid down by the government.
