TWENTY-NINE FARM WORKERS INJURED IN SECOND ACCIDENT, FIVE ARE CRITICAL

Soft Shoulder Beside Road Causes Truck To Overturn

Five residents were seriously injured and twenty-four others were treated for minor injuries yesterday afternoon in the second major accident to occur in the project within a week. The critically injured workers were: Tatsu Kashima, Toshi Yamada, Kansaburo Sawada, Tom Nakao and Takeshi Tekagi. The extent of the injuries was not known by the hospital at the time the paper went to the press. Passengers with minor injuries were immediately sent home following treatments.

While speeding along about thirty miles per hour on the newly constructed highway to the project farm, a truck filled with farm workers turned over near the chicken farm when the driver attempted to pass a slow-moving truck. As the truck was overtaking the front vehicle, the hind wheel slid on the loose gravel bordering the highway and struck a soft shoulder, causing the Ford stake truck to turn over. Five passengers were pinned under by the rolling vehicle.

The workers were returning to the project farm to harvest the mature crops. The accident occurred about two miles northwest of the center on the road to the farm.

The driver of the ill-fated truck was Harry Haruno, formerly of Heart Mountain. Further details of the mishap will be published in the Tuesday issue.

FIRE CHIEF WARNS CENTER OF COMING FIRE HAZARDS

With the winter season coming on and the consequent increase of fire hazards, Chuck Yokota, fire chief, has warned all residents of the fire department regulations against the use of electric irons and hot plates in the apartments.

However, residents who absolutely must have hot plates may obtain a hot plate permit from the fire chief at station 1 by presenting a request from a doctor. These permits will be ready for issuance from the first of November and all permits issued prior to that date will be invalid.

New residents are also reminded that a fire alarm box is installed in each barrack and a telephone pole but these must be used only in case of fire. Also there is an extinguisher in each barrack. After each use these extinguishers must be filled immediately with pyrene only.

ARMY ASKS COLONISTS TO COMPLETE PROCESSING

All people remaining at Tule Lake Center, 15 years of age and over, must report to the High School to be fingerprinted and photographed in order that identification permit badges may be prepared for issuance to them, according to Major Hugh T. Fullerton, 40th, adjutant general.

The vast majority of the residents have voluntarily complied with the original request; however, there still remain some people in the center who have not reported. These evacuees must report and be processed prior to Saturday, Oct. 16 at 4:00 p.m. All aliens should bring their Alien Registration books.

Hawaiian Nisei Praised By Gen. Clark In Italy

The 100th battalion composed of Americans of Japanese ancestry from the Hawaiian Islands has seen active service as an advanced guard unit in Italy, according to a communiqué issued to the press yesterday morning from General Clark's headquarters somewhere in Italy.

According to the general, the battalion has displayed superior combat discipline and coolness under fire. The men of this unit have handled weapons with competence and skill, General Clark said. The morale of those men has been of the highest order.

The greatest fear expressed by the members of the 100th Battalion is the concern over the possibility of their being wounded, in which event they would be sent to the rear and thus separated from their unit.

NEW MOVIE

The movie for the coming week will feature Bing Crosby, Dorothy Lamour and Bob Hope in "Road to Singapore.

JEROME, TULE IN PIGSKIN FRACAS

Jerome's eleven will tackle the Tule Lake squad in a football game Sunday afternoon behind the outdoor stage.
Editorial

FIREMEN RISK LIVES . . .

The danger that involves so many men in case of fire was clearly shown by the unfortunate accident Wednesday afternoon. The injuries and anxieties suffered by the victims and the family members could have been avoided by being more observant of the everyday fire safety rules.

Although the National Fire Prevention Week was observed last week, the principles of safety-first in combating fires should always be kept in mind. The barracks and accessories being constructed of highly combustible materials, it makes it almost imperative that extra precautions be taken while kindling fire for the stoves or feeding the heaters excessively. The moment the stove is lit there are a number of ways in which a major fire can be started.

The dangers and risks that the firemen must face to protect the center residents from the ravages of fire must be recognized by the colonists. Unmindful of their own personal dangers, they are always striving to do their daily routine well. Adding to the danger and risk are the poorly constructed roads that the fire trucks must traverse during emergencies. The loose gravel and the soft shoulders of the roads makes it extremely difficult to drive the trucks.

To those youthful firemen who risked their lives for the safety of the people, the community must pay a deserving tribute.

Yudansha Party
Slated For Oct. 30

GRANADA PIONEER

POLIO STRIKES AGAIN

Pioneer, — Poliomyelitis, struck Theodore Tokuno, 5-year-old boy, of 1-H-4B. He was admitted to the isolation ward on the afternoon of Oct. 4, according to Dr. William Carstarchan, chief medical officer.

Theodore is the third polio victim of Amache. The Tokuno family was immediately placed under quarantine.

DENISON TRIBUNE

Male Workers To Take Part In Woodcutting Program

An emergency woodcutting program to remain in effect for two weeks on a trial basis began on Oct. 4 in Denison. Under this system all non-essential workers will go woodcutting by districts.

All male workers other than those performing vital community services will report to their block managers on the designated day.

The emergency period has been declared so that an adequate supply of fuel may be accumulated during the present fair weather.

PIONEER

2 STUDENTS HONORED:

Misses Kiku Fukuyama and Kinor Umezawa, daughters of Mr. and Mrs. K. Fukuyama, and Mr. and Mrs. K. Umezawa respectively of Granada, were among the 23 Denison college students cited at a special convocation on Sept. 23 for special scholarship honors won in 1942-43. It was revealed by the publicity department of the Denison College, Nebraska.

697 ENROLLED

AT AMACHI SR. HIGH

Latest figures disclose that 697 students are enrolled in Amache senior high school, according to the Granada Pioneer.

An interesting fact is that there are more girls than boys, 352 to 345.
HEY ARTIST! I WANT A COMIC STRIP FOR THIS SATURDAY, SO GET TO WORK!

THE ARTIST DREW ME FOR THE DISPATCH AND HE SAID I'M TO APPEAR IN SATURDAY'S PAPER!

I SAID, "NOTHING DOING, I'M GOING TO RELOCATE!"

But he brought me back and made me sign a contract!
(The contract read: I'm to appear in each Saturday's paper)

Well! I'll see you folks every Saturday from now on!
