## PHYSICS AT PACIFIC

A pit four feet underground used for storing radioactive material. A vacuum system capable of producing one one-billionth of atmospheric pressure. An analog computer which can solve in three minutes a calculation it would take months to do otherwise.

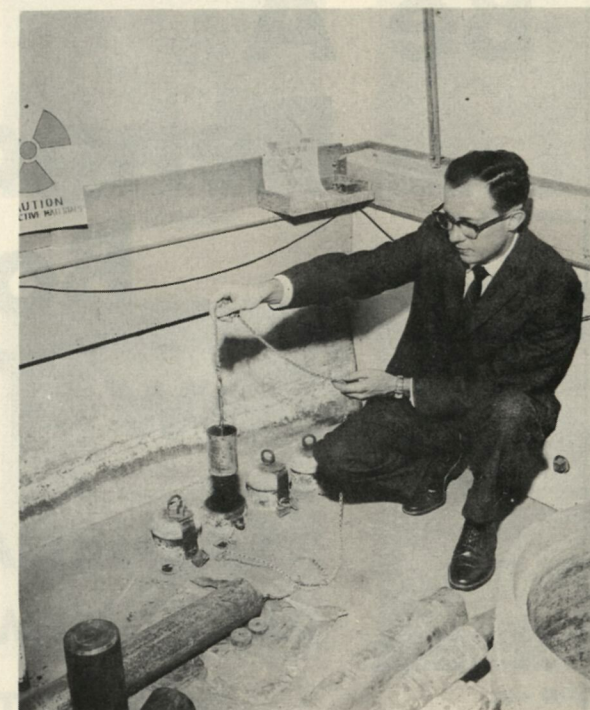

These are some of the features of the small, but growing physics department at the College of the Pacific.

Housed in a simple quonset structure, the department has some of the most up-to-date equipment for teaching and research in this expanding subject field.

In addition to the computer and vacuum system, there are a machine shop, electronics shop, X-ray equipment, equipment for measuring the velocity of light, and scintillation counter equipment, said to be 100 times more effective than a geiger counter in measuring radioactivity.

The department also has for use a stock of radioactive materials. These are kept safely stored in a container in a pit four feet under the building. Small portions of the "hot" substances are made into capsules for classroom use. These contain enough radioactivity that close track is kept of them, but they are used for such a short time that there is no danger involved, according to Dr. Alfred Kraus, head of the department.

While indispensable in the execution of research projects, most of this equipment is also used in the

Gilbert White, physics instructor, demonstrates the process used in removing radioactive materials from their underground chamber.

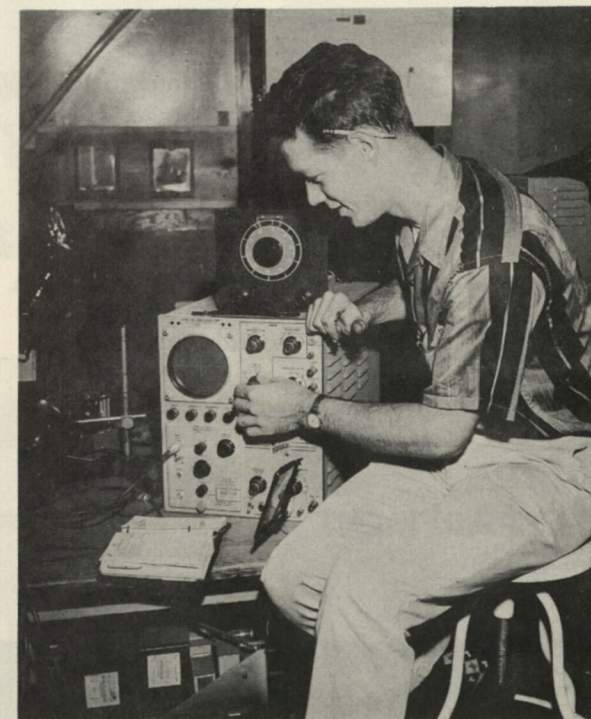

regular curricular offerings for undergraduate students.

In subject matter, the department "specializes in spreading out," according to Dr. Kraus. Students are given a good core in the basics and a brief introduction to many of the specialized fields encompassed in the area of physics. They then can go on to specialize in a chosen area when they do graduate study, Dr. Kraus has said.

Research is not forgotten, however. For instance, Dr. Kraus currently is investigating the bounds which hold together the alpha particles in the nucleus of a beryllium atom. In the field of bio-physics, Gilbert White, instructor in physics, is tracing where Vitamin B<sub>12</sub> goes in mice. A graduate student, interested especially in astro-physics, is trying to discover why the universe is expanding.

The department offers three degrees: a bachelor of science degree; a bachelor of arts degree, tailored to those who intend to go into high school teaching; and a master of science degree.

The increasing importance of science training is reflected in the growing number of those who are selecting physics as a major. Up until 1955, there was about one physics major graduated every two years, Dr. Kraus has stated. Now about three are graduated annually.

A C.O.P. graduate student takes a reading on a machine designed to measure the velocity of light.

## QUARTERBACK CLUB

In 1948 a group of civic-minded sports enthusiasts formed the Quarterback Club to "encourage, promote and maintain support of athletic activities in this area."

The work of the club speaks for itself. Our teams have received state-wide and national recognition—and we want your support. We need at least 1000 members to do an adequate job. Send your Sawbuck (\$10), Half-Century (\$50) or Century (\$100) to Secretary Bert Van Gilder, Box 1473, Stockton, and become a booster for all amateur athletic programs in Stockton.

# HALF-TIME SHOW

## College of the Pacific vs. University of Idaho

### Saturday, October 29, 1960

Tonight the College of the Pacific Band welcomes as its guests eight of the outstanding high school bands of this area. Each of them has learned the music at home and practiced the field formations. We all got together this afternoon for the first time. What you see tonight is the result of a great deal of individual effort and especially some careful and efficient teaching on the part of each respective band director.

In our half-time show we salute two of the major events of 1960 and also look ahead to the end of an era. As the College of the Pacific Band plays, each of our guests is introduced.

They are:

#### TENNYSON HIGH SCHOOL (Hayward)

Don Beckie, Band Director  
Ray Arneson, Principal

#### LIBERTY UNION HIGH SCHOOL (Brentwood)

Allan Jones, Band Director  
Frank Vonderake, Principal

#### CALAVERAS UNION HIGH SCHOOL (San Andreas)

Gerald Littleton, Band Director  
Joe Brown, Principal

#### LINDEN UNION HIGH SCHOOL

Robert Corra, Band Director  
Jack Molini, Principal

#### GUSTINE HIGH SCHOOL

Donald Heifepriem, Band Director  
Fred Mooney, Principal

#### ST. MARY'S HIGH SCHOOL (Stockton)

Henry Avila, Band Director  
Father Everett Chandler, Principal

#### IONE HIGH SCHOOL

Sheryl Pickering, Band Director  
Robert Briggs, Principal

#### TRACY HIGH SCHOOL

Grover Rodich, Band Director  
Verlin Burchard, Principal

Our first massed formation is **FIVE INTERLOCKING CIRCLES**, the traditional symbol of the International Olympic Games. Squaw Valley, California and Rome, Italy were host cities to the 1960 Olympic Games, one of the major events of the year. The eight bands under the direction of Mr. Arthur Corra, director of the College of the Pacific Band, plays "His Honor" march by Henry Fillmore.

The second formation is an appeal to all Americans—**VOTE NOV 8**. The combined bands play "Thunder Song" by Walter Finlayson.

As their final formation our guests salute one event which marks the end of one era and the beginning of a bold adventure. In January the College of the Pacific, California's oldest chartered college officially becomes the University of the Pacific. The bands form the word **PACIFIC** and play the hymn "Pacific Hail" by Lois Warner Winston.

We hope you have enjoyed tonight's show. We wish to thank all the high school bandsmen who are here to share with us a salute to 1960. We also wish to welcome to the campus and tonight's game the participants in the Northern California Forensics Association Tournament and the students who are here as part of Methodist Student Day.

Band Director: ARTHUR CORRA  
Assistant to the Director: PHIL HARDYMON  
Drum Major: LARRY LEASURE

Baton Twirler: BOB STEGMAN  
Announcer: RICHARD HEIL

you help more  
when you give

THE **UNITED** WAY

## WILL YOU HELP?

- ... Someone afflicted with a crippling disease?
- ... Rehabilitate a blind person?
- ... Provide a home for an orphaned child?
- ... Provide training facilities for the handicapped which will help them become employable?
- ... A family stay together?
- ... A program for the retarded children of Stockton?
- ... Create healthy group activities for Stockton's youth?
- ... Assist in the relief of disaster stricken families?

## YOU CAN HELP

by making your fair share pledge to the United Crusade and its twenty member agencies. Giving is a personal matter and you alone can decide what is within your ability to give on a voluntary basis.

The chart below is a guide showing what most people are giving to help.

### YOUR FAIR SHARE GIFT IS

Monthly Wage \$	Average Gift \$	Generous Gift \$
173.00 .....	12.00	13.90
217.00 .....	15.00	17.45
251.00 .....	17.40	20.20
277.00 .....	19.20	22.25
321.00 .....	22.20	25.80
347.00 .....	24.00	27.90
390.00 .....	27.00	31.35
425.00 .....	29.40	34.15
451.00 .....	31.20	36.25
480.00 .....	33.00	38.50
500.00 .....	36.00	40.00
600.00 .....	43.00	60.00
650.00 .....	60.00	90.00
Over 650.00 .....	$\frac{1}{4}$ —1%*	1—1- $\frac{1}{2}$ %*
