San Francisco, Cal  
May 15<sup>th</sup> 1875

John H Redfield Esq

Dear Sir

I have not given  
much time to botany of late  
being now chiefly engaged  
in geological studies. However  
I shall be glad to assist  
you in making the collection  
you desire.

In two weeks I will set out  
on a season tour in the

High Sierra I will will make  
some collections for you.

I have just returned from  
making the ascent of Mt. Shasta  
where I found *Darlingtonia* -  
have not observed *Furberia* south  
will probably visit the Shasta  
region again in July when  
I will endeavor to procure specimens

I remember our short  
meeting with Torrey with great  
pleasure I am much  
obliged by your kind letter
