§ Phi Kappa Phi is the only national Honor Society representing all fields of academic endeavor.

Only candidates for graduation who anticipate completion of their degree in May will receive hoods during the ceremony, as the hood is a internationally recognized symbol of a Bachelor of Arts or Science degree.

The list of names as it appears in this program includes actual and potential graduates for the 1995-96 academic year. The official list of graduates for each graduation date of the 1995-96 year is maintained by the Registrar's Office.

University Pictures, Inc. will be taking individual 8 x 10, color photographs of each graduate as diplomas are presented. Should you wish to order photographs, detailed information will be available in Robert E. Burns Tower Lobby following the ceremony. These photographs are not being taken by the University of the Pacific and there is no obligation on the part of the graduates or the University to purchase the photographs.

## HISTORICAL BACKGROUND OF THE MACE

**The University Mace** — Originally a weapon of offense used in medieval warfare by a king or a noble, the mace has been refined to a symbolic device used on ceremonial occasions. The mace, as an academic symbol, dates back to 16th-century England when Queen Elizabeth I presented a replica of her own royal mace to the corporation of the University of Oxford. She ordered that it be used in all ceremonies to represent the royal presence and the authority given to the university to grant degrees under the royal insignia. King Charles I made a similar gift to Cambridge University in 1625.

Robert E. Burns, president from 1946-1971, commissioned Stuart Devlin, an internationally known London silver designer, to create the University of the Pacific Mace. It was commissioned in recognition of the University's transition from a college to a university with several colleges and professional schools that were to be modeled after Oxford and Cambridge. It was first used at a Founders Day ceremony on March 6, 1966.

The Mace is constructed entirely of silver with a gold plated seal of the University in its head. The Mace is approximately four feet long and weighs 15 pounds. It was a gift to the University by Mrs. Winifred Olson Raney, a Regent of the University.

The Mace is displayed at all official University functions and generally is carried by the Chair of the Academic Council at University-wide Commencement Ceremonies.

## SIGNIFICANCE OF ACADEMIC REGALIA

Distinctive academic dress can be traced back to the universities of the middle ages when students and faculty of universities wore the robes of the clergy. Today three ranks of degrees are distinguished through variations in the robes, which also indicate the discipline and the university that awarded the degree.

In the United States, gowns generally are black, although a few universities have adopted other colors for their doctoral gowns: Harvard, crimson; Yale, blue; Chicago, maroon; Dartmouth, forest green.

The field of learning in which the degree is awarded is shown by the color of the edging of the hood, and in some cases by the color of the facing and crossbars on the doctoral gown.

Some of the more frequently seen colors are: white (Arts and Letters), pink (Music), dark blue (Philosophy), light blue (Education), scarlet (Divinity), golden yellow (Science), lilac (Dentistry), olive green (Pharmacy), and purple (Law).

The colors of the lining of the hood are those of the institution awarding the degree. For example, the University of California colors are gold and blue; Stanford University, cardinal; University of Michigan, maize and azure blue; University of the Pacific, burnt orange and black. An olive green tassel is often worn on the cap to signify the field of Pharmacy, although generally bachelor's and master's tassels are black. Doctoral tassels generally are gold. The left side of the mortarboard is the proper side to wear the tassel after graduation.

An individual's degree is revealed by the type of gown and width of the edging on the hood. These are the designs:

**BACHELOR'S GOWNS** have full, pointed sleeves with no trimming and the hoods have a two-inch edging.

**MASTER'S GOWNS** prior to 1960 had full, closed sleeves with the arm emerging through a slit at the elbow. The gown has been the despair of wearers because, no matter how hot the day, a coat must be worn under the gown. In 1960, however, the gown was modified. In place of the elbow slit, an opening was made at the wrist and the gown was made to close. The hoods have a three-inch edging.

**DOCTOR'S GOWNS** are of silk, have rounded sleeves, velvet facing down the front, and three velvet crossbars on each sleeve. The hoods have side panels and a five-inch facing.

## PACIFIC, HAIL!

From o'er the rugged mountains  
standing high;  
From out the broad low valleys,  
'Neath the sky;  
Our Alma Mater calls,  
We cannot fail,  
Our voices blend in praise  
Pacific Hail! Pacific Hail!

Long may her flaming torch  
Give out its light;  
Long may her spirit guide us  
In the right;  
To her we pledge our hearts,  
We dare not fail;  
To her we raise our song  
Pacific Hail! Pacific Hail!
