The Syracuse Botanical Club,

Syracuse, N.Y., Feb 14th 1880

Mr Muir

Dear Sir Yours of Feb is at hand, and I hasten to reply but you shall be off again. Thanks for the kind note and your offer of Alaska plants. We are working away as a club at the Order assigned each one last Spring by the President. Every Saturday the ladies meet for reading of papers written on these subjects and exhibitions of specimens. The regular monthly meetings continue

And the general interest in this
subject seems unabated.

The classes have not been as
regular as during the summer
for various reasons; but they
will soon go on again.

Wonder if you have seen accounts
of our work which have been
published in the Botanical
Gazette & Torrey Bulletin? I hope
so. and now I will close
hoping to hear from you soon
again.

Respectfully yours
Frances Myers
Mrs - - -

Will you try some time to tell us
of your travels?
