Public Entities, Officers and Employees; advanced emergency care billing procedure

NEV. REV. STAT. § 450— (new); § 450B.265 (amended).
AB 260 (Dini); 1989 STAT. Ch. 130

Existing law prohibits the owner or operator of a firefighting agency1 or ambulance2 from representing3 that they are authorized to provide advanced emergency care4 unless they hold a valid permit5 authorizing such care.6 Chapter 130 modifies this prohibition by allowing a provider of emergency services, operating in a county of less than 250,000 persons, to represent for billing purposes that advanced emergency care was provided.7 Additionally, Chapter 130 provides that unlicensed relatives of sick or injured patients, or other persons, may ride in the ambulance if accompanied by two licensed8 attendants.9
