776. Howard St San Francisco
Oct 26th 1880

Mr J. Muir

Dear Sir.

Mr L & myself
have concluded to start on our
Southern Trip on Friday 4 PM Train
(29th inst.) S.P.R.R. Direct for
Los Angeles. &c. Hope you can
arrange to go with us
Being disappointed in the outfit
we expected at San Bernardino
we will probably take the stage route
down the coast from Santa Anna
to San Diego stopping at any desirable
points on the route

Probably return via San Bernardino
& make one or more desert trips
into the Colorado basin

In applying for R.R. passes better
cover as much ground as desirable
on the S.P.R.R. routes. as far East
as Yuma & South to Santa Anna &c

with privilege of stopping at
any desirable points

Please drop me a line to the
above address. our plans are
not so fixed, but they can be
modified to suit you.

If convenient when in town come
to lunch with us - corner of
4th & Howard St - Howard St car
from the Oakland Ferry pass the
door to E. Desires regard

Yours truly
C. C. Parry

Martinez, Nov 2^d 1880.

Prof Joseph Le Conte,

Dear Sir

Your letter of the 6th of last month enclosing one from Dr Andrews was duly received. The questions contained in the latter are very interesting & show that Dr Andrews has observed closely & honestly. I have just written to him explaining the tumultuous forms of the stratification of the drift etc. I have seen broad fields of drift in process of formation in Alaska & noted all the difficulties encountered by Dr Andrews.

It must be very gratifying to you to have your works put in lasting shape & by so good a publishing house as the Appletons.

I shall be happy to call on you
