My Dear Sir -

I received your very kind
letter after you had left. - I suppose
I should have said at once. I suppose
you will shortly be in Brooklyn & I trust then
I can thank you for your
kind expressions concerning the

culculus I sent you and espe-
cially for the suggestion concerning
a popular work on EVOⁿ. I
have often thought of this and
will now seriously.

If I did undertake it - it would consist
of 3 parts - 1 What is EVOⁿ - in its wide
and its narrow sense - 2 What are
the evidences of its truth - 3 - What
are its bearings on Christian beliefs

The only difficulty is the question
of the undertaking & the pressure
of other duties - I am now engaged
in a school lecture on Geology - in
which of course EVOⁿ will appear
all through, but not strictly.
