Existing law prohibits the use of false or misleading statements in advertising concerning the performance of professional services. Chapter 518 will extend this prohibition to specifically cover advertisements by attorneys. Chapter 518 prohibits any advertising which guarantees the outcome of litigation or contains statements or symbols suggesting that the member featured in the ad can generally obtain immediate cash or a speedy settlement. Chapter 518 also bars any dramatization of events or
any impersonation of the member or client unless so disclosed. Additionally, any member who offers representation on a contingent basis must also disclose whether the client will be held liable for any costs if a recovery is not obtained.

Under Chapter 518, any advertisement disseminated by a lawyer referral service must disclose whether the attorneys on the referral list paid more than their proportional share of the actual cost for publication of the advertisement. All advertisements for a member which are not paid for by the member must contain both the name of the person actually paying for the advertisement and the business relationship between that person and the member. Chapter 518 requires that any person or member who pays for an advertisement soliciting legal services must retain a true and correct copy of the advertisement for a one year period. Any provision of Chapter 518 which is found to violate either the Constitution of the State of California or the United States is severable and the remaining provisions will still be enforceable.

Business Associations and Professions; advertising—900 numbers

Business and Professions Code §§ 17539.5, 17539.55 (amended). AB 851 (Speier); 1993 STAT. Ch. 628

Under existing law it is unlawful to encourage the use of an information-access service through certain activities. Those activities include, but are not limited to, requiring a caller to call more than one 900 number or a single 900 number more than once to receive goods or services being solicited, using a number other than a 900 number to automatically access the service, and advertising that the information-access service is free.

Under Chapter 628, it is unlawful to refer callers from one number to a 900 number unless it is clearly and conspicuously stated in the solicitation that a referral will be made, along with the cost of the additional call. Also, Chapter 628 states that it is unlawful to ask callers to accept a collect call, unless it is clearly and conspicuously stated in the

**Business Associations and Professions; advocation of health care**

Business and Professions Code § 2056 (new).
AB 1676 (Margolin); 1993 STAT. Ch. 947

Chapter 947 provides that it is against public policy\(^1\) for a person,\(^2\) in an employment or contractual relationship with a physician\(^3\) or surgeon,
to terminate or penalize that physician or surgeon primarily for promoting suitable health care for his patient. Chapter 947 prohibits this provision from being interpreted as: (1) Prohibiting a payor from making a determination not to pay for certain medical care; (2) preventing certain entities from enforcing reasonable peer review or utilization review protocols; or (3) forbidding the Medical Board of California or the

who is authorized to practice medicine or osteopathy.

4. See CAL. BUS. & PROF. CODE § 2056(b) (enacted by Chapter 947) (explaining that to promote medically adequate health care means to either: (1) Appeal a payor’s decision to deny coverage for medical treatment; or (2) protest a payor’s decision that the physician reasonably believes impairs that physician’s ability to provide adequate health care for that professional’s patient); id. (stating that a physician’s act of protesting a payor’s decision must be done in such a manner that is consistent with that degree of learning and skill ordinarily possessed by respectable physicians practicing in similar localities under like circumstances); see also id. § 2056(e) (enacted by Chapter 947) (providing that medically appropriate health care must be defined by the medical staff of a hospital and ratified by the governing body).

Rptr. 2d 874, 881-82 (1992) (stating that public policy tied to policies outlined in constitutional or statutory law strikes the appropriate balance between the interests of employers, employees, and the public); Sequoia Ins. Co. v. Superior Court, 13 Cal. App. 4th 1472, 1475, 16 Cal. Rptr. 2d 888, 889 (1993) (concluding that, in order to pursue a wrongful discharge case based on public policy grounds, the conduct must be forbidden by a statute or a constitutional provision); see also CAL. Under existing law the Board of Governors of the State Bar (Board)\(^1\) is required to develop and implement a system to govern arbitration of disputes concerning attorney’s fees.\(^2\) Chapter 1262 authorizes the Board to require the State Bar to place any attorneys who refuse to pay final arbitration awards on involuntary inactive status until the award is satisfied.\(^3\)

Prior law required an attorney bringing suit to recover fees to deliver a written notice with the summons notifying the client of the right to arbitration in all actions with the exception of those filed in small claims court.\(^4\) Chapter 1262 eliminates the previously described exemption for actions brought by attorney’s in small claims court.\(^5\)

Existing law provides that actions to confirm, correct, or vacate an arbitration award may be brought in the court of appropriate jurisdiction.\(^6\)

Business Associations and Professions; business solicitations

Business and Professions Code § 17533.6 (new)
AB 532 (Morrow); 1993 STAT. Ch. 348

Under existing law, false or misleading statements are prohibited in advertising.1 Chapter 348 makes it unlawful for nongovernmental entities to solicit information or funds through the use of a mailing bearing a symbol or name that could reasonably be construed as implying a governmental connection or endorsement.2 Chapter 348 does not impose a penalty if the look-alike mailing bears a disclaimer of governmental affiliation.3

Business and Professions Code § 7031 (amended).
AB 628 (Frazee); 1993 STAT. Ch. 797

Under existing law, a person who brings a civil action to recover compensation for the performance of contractor services must allege that the contractor was licensed at the time of the performance. Existing law

Steele, 211 Cal. App. 3d 1053, 1062, 259 Cal. Rptr. 851, 856 (1989) (holding that a contract entered into by an unlicensed contractor is illegal and void); Shields v. Shoaff, 116 Cal. App. 2d 306, 309, 253 P.2d 1002, 1004 (1953) (stating that before plaintiff could recover, plaintiff must allege and prove that the contractor had a valid contractor's license while performing the contract). But see Domach v. Spencer, 101 Cal. App. 3d 308, 311-12, 161 Cal. Rptr. 459, 461 (1980) (specifying that, although an unlicensed contractor cannot bring an action on a building contract, a member of the public is not barred from bringing or maintaining a contract suit by California
requires that, if licensure is controverted, then proof of licensure must be established by production of a certificate issued by the Contractor’s State License Board (“Board”). Under Chapter 797, since the burden of proof to establish licensure is on the licensee, the person controverting licensure does not have to produce the certificate issued by the Board.

under the Dental Practices Act, either directly or through office policy, discourages necessary treatment or permits excessive, incompetent, grossly negligent, unnecessary treatment, or repeated negligent acts, that person also commits unprofessional conduct.

Under existing law the Department of Corporations must conduct periodic on-site medical surveys of the health care delivery service of each health care service plan (Plan). Existing law provides that information obtained regarding the quality of care discovered by on-site surveys is open to the public, except these deficiencies which are corrected within thirty days of the date the Plan was notified. Under Chapter 464, the Board must provide the Department of Corporations’ Commissioner with a copy of any accusation against dental providers of the Plan and inform the Commissioner of any survey, deficiency, and correction plan.

7. See CAL. CORP. CODE § 5047.5(a) (West Supp. 1993) (stating the legislative finding that volunteer directors and officers of nonprofit corporations are critical to the operation of charitable affairs, and should not be deterred by the fear of exposure of their personal assets as a result of their activities as volunteers); id. § 5231 (West 1990) (exempting a director of a public benefit corporation from liability when that director reasonably relies, in good faith, on information provided by the corporation's officers, counsel, accountants, or committees of the board); see also Christensen v. 8. CAL. CORP. CODE § 5239(a)(1)-(4) (amended by Chapter 634); see id. (exempting volunteer directors or volunteer executive officers from liability if: (1) The act or omission was within the scope of their duties; (2) the act or omission was performed in good faith; (3) the act or omission was not reckless, wanton, intentional or grossly negligent; and (4) the damages are covered by a policy of liability insurance or reasonable efforts had been made to obtain liability insurance). The liability of the corporation itself for damages caused by the volunteer director or executive officer is not limited. Id. § 5239(d) (amended by Chapter 634). Neither is the personal liability of the volunteer director or executive officer limited in instances of self-dealing, prohibited loans or distributions, or in any action brought by the Attorney General. law also requires that the corporation’s directors, officers, and shareholders be licensed to practice law in California.4

Chapter 955 expands existing law to allow a professional law corporation to be incorporated under the Nonprofit Public Benefit Corporation Law (NPBCL)5 if it: (1) Qualifies as a legal services project or qualified support center;6 or (2) meets all the requirements of, and complies with, the NPBCL, has only members and directors who are licensed to practice law in California, has a clientele of at least seventy percent lower income persons,7 and charges no client a contingency fee.8

Existing law also requires that law corporations maintain specified levels of malpractice insurance.9 Chapter 955 provides that, until January 1, 1996, professional law corporations that incorporate under the NPBCL do not need to maintain liability insurance if the directors of the corporation have made all reasonable efforts in good faith10 to obtain available liability insurance.11

citations by certified mail to the violator's address of record. Chapter 1269 requires that a copy of a citation, issued to a qualified certificate holder or registrant, also be mailed to the licensee's address of record, even if the licensee is not the violator.

Existing law provides that any person who knowingly engages a nonexempt, unlicensed person to repossess personal property, is guilty of a misdemeanor. Under prior law, written notice by the Bureau of Collection and Investigative Services (Bureau) to the employer, advising the employer of the nonexempt, unlicensed status of the employee, was required. Chapter 1269 removes the requirement that the Bureau notify the employer of the unlicensed person's status, and, thus, makes the knowing engagement of a nonexempt, unlicensed person to repossess personal property a misdemeanor, regardless of whether the employer was notified in writing of the unlicensed person's status.

Existing law requires that an inventory be made of any personal effects contained in or on personal property when it is repossessed, and

Rptr. 345, 348-49 (1986) (holding that the interest of property owners in regaining possession of their personal effects found in repossessed personal property is the primary focus of the inventory requirement, rather than the owner's privacy interest in those personal effects). The court further held that the requirement that repossessors deliver contraband found in repossessed vehicles to police did not prevent police from inspecting the remaining noncontraband items found in the vehicle. Id. at 903, 229 Cal. Rptr. at 348.
that such inventory contain, inter alia, an itemization of all storage charges made by the repossessing agency. Chapter 1269 requires that the inventory also contain an itemization of all charges for the removal of the personal effects.

Existing law requires a repossessor to provide to the Chief of the Bureau, a copy of any civil court judgment obtained against the repossessor in an amount in excess of the current maximum small claims court limit. Existing law also permits the Director to assess a fine against a repossessor who fails to submit a copy of a civil judgment obtained against the repossessor. Chapter 1269 deletes the dollar amount which must be met to assess an administrative fine, and substitutes the current maximum small claims court limit, making the prohibition statute consistent with the penalty statute.

Existing law delineates certain acts for which fines may be assessed against a repossession employee. Chapter 1269 adds to the list of prohibited acts the employee's failure to report involvement in a violent act to the licensee or qualified certificate holder within twenty-four hours.

21. See id. § 7507.9 (amended by Chapter 1269) (requiring the inventory to contain a complete and accurate listing of all personal effects removed from repossessed personal property, the date and time the inventory is made, the signature of the employee who performs the inventory, the name, address, business hours, and telephone number of the person at the repossessing agency who may be contacted regarding recovery of the personal effects, and a notice that the personal effects will be disposed of if unclaimed within 60 days of the date of the notice).

Existing law permits the Director to revoke a repossession agency license, qualification certificate, or registration under certain circumstances. Chapter 1269 requires any person, who has committed an act resulting in the revocation of a license, to dispose of any financial interest, and to refrain from acquiring any financial interest, in any repossession agency within ninety days of such revocation. Chapter 1269 also applies this restriction to the immediate family of that person.

Existing law regulates the charges which can be made by personal property brokers and consumer finance lenders. Under existing law, however, such regulations do not apply to actual fees of a set limit paid to a repossession agency for repossession of a motor vehicle. Chapter 1269 raises that fee limit to $300.

Existing law requires any person repossessing a vehicle under a security agreement to immediately notify the city police or sheriff's department of such a repossession. Chapter 1269 requires the debtor to

Prior law prohibited sexual misconduct between specified members of the medical profession and patients that was substantially related to the qualifications, functions or duties necessary to obtain a license to practice the particular profession. Chapter 1072 subjects these members of the medical profession to disciplinary action for any act of sexual misconduct.

Existing law criminalizes sexual contact between a psychotherapist and a current or former client. Chapter 1072 redefines sexual contact and extends the criminal penalty to physicians and surgeons.

Existing law further requires that a telephonic seller maintain a bond in the amount of $50,000 in favor of the State of California for any person suffering pecuniary loss resulting from the unlawful practices of a telephonic seller. Chapter 803 requires that the amount of the bond be increased to $100,000.

Existing law requires that telephonic sellers register with the Department of Justice in order to do business within the state. Existing law exempts from the definition of telephonic seller, any issuer of securities who has a class of securities subject to section 12 of the Securities Exchange Act of 1934. Chapter 803 would additionally require that the securities be listed on a national securities exchange or designated as a national market system security in order for the exemption to be applicable.

Existing law requires that a telephonic seller make certain disclosures to a prospective purchaser when engaging in a telephone solicitation.
Chapter 803 will expand existing law by requiring greater disclosure on the part of a telephonic seller to a prospective purchaser.\textsuperscript{10}
