Buffalo 17<sup>th</sup> April 1861.

Dear John

I received yours on Sunday was glad you are well  
! but I was startled when I learned you wanted money and have  
got so very little of it. at present you got all I had in the bank  
last time you got some excepting \$10. besides I have got all  
in that any body owes me. and all I have is spent but about  
\$18. and I do not want to sell any of my wheat yet. but  
I have included \$10. Hoping it will serve you until I get  
something more. let me know when you are in great distress  
and I will try what I can do. Make <sup>the money</sup> all you can and save all  
you can. give away all you can. I borrow as little as you can.  
you will find out that it is wiser spending money. than making it  
I should like you to be temperate but I would not like  
you to starve yourself. that is I should like you to have  
the real necessities of life if you should want the luxuries  
of life I would not feel vexed about it. I wish you may  
be loving your God much more than inventing machines  
the world can want machines but you cannot want salvation  
So well see then my son that You do all to the glory  
of God by grace, you will find as you require constant  
breathing in order to live so you will require constant  
faith & prayer in order to live Spiritually Christ must  
live in you that you may do good. Your Mother and  
all the rest of us are well thank God for it. we are  
all busy getting in the seed. I have bought a machine  
for sawing wheat Oats & all kinds of grass seeds it is a great  
help to us we can saw 80 & 9 acres per day with it amongst the  
stumps. the price of it is 85 dollars but there is \$15 to pay yet  
Yours affectionately Dan Meier

Dear John

I am glad to know your health is pretty good in the midst of your difficulties I have no doubt you will get over them all, if you are spared. Margaret is a good deal better - she has received your letter but the one you sent to David Falloway is at our house yet, but I will send it the first chance - you guessed right about the maps. Dan sent it. I sometimes <sup>think</sup> you will make rather an awkward Housekeeper, as your experience in such matters was small before you left us, I hope you will be able to get the education you really want write often as we are always glad to hear from you

from your affectionate Mother

Please send a letter  
as soon as this comes to  
hand to let us know that  
you have got the money safe  
D. M.
