PSA CARDS, A MUST ON EVERYONE'S LIST BUY THAT CARD NOW AND BECOME A PART OF C. O. P. ACTIVITIES

Once again the beginning of a semester rolls around, and with it comes a list of "musts." The first must on everyone's list should be to buy a PSA card. So far this semester only about 275 students have purchased cards. The Student Association will not be able to proceed with the activities and programs of the coming semester unless at least 125 more cards are sold. These cards will have to come almost entirely from servicemen since all girls living on campus, and for whom it is compulsory to purchase cards, have already done so. An appeal is made to the students off campus to buy that card too, so that they may keep in closer contact with the activities of the college.

GAMES

Holders of PSA cards are entitled to many extra privileges. The most important of these are admittance to the football games. There will be at least three home games this semester, and there is a possibility of two additional ones being added to the schedule. A PSA card will also admit you to the University of California game at Berkeley. All participants in athletic contests of all kinds must obtain PSA cards in order to be able to play. This is of special note to all servicemen and civilian boys who may be going out for football this season.

SWIMMING

PSA card holders are admitted to the swimming pool during the semester free of charge. The pool is open now five nights a week from 8:30 p.m. until 9:00 p.m. On the week ends it is open on Saturday afternoon from 3:00-5:00 p.m. and on Sunday afternoons from 2:00-5:00 p.m. Also it will be open exclusively for PSA members every afternoon from 4:30 until 5:30.

DANCES

Last but not least, are the dances sponsored by the Student Association, and to which no student may gain entrance except with a PSA card. This means one card per person, not one card per couple. There is to be this semester a dance every Friday or Saturday night that there is no football game scheduled. There will be ten of these dances. Besides these dances, there will be three big dances, two to be held in the gym and one at the Civic Auditorium.

This semester also the distribution of the Pacific Weekly will go back to the practice of previous semesters. That is, a copy of the Weekly will be given to a student only upon presentation of a PSA card by the student. In this way, only holders will be able to get the weekly publication.

624 Students Enroll In SJC Classes

It looks as though the women are being sold on the idea of a Summer Term according to L. L. Windmiller, registrar of Stockton Junior College. Summer registration figures show that 624 students are now attending Stockton Junior College, of these 245 are Navy V-12 trainees, 219 are regulars, and 60 are specials. In the group of regulars are 38 men and 181 women. This means there is a ratio of 6 to 1 more women than civilian men enrolled.

Last summer registration figures show that there were 513 students, of which 367 were Navy V-12 trainees, 113 regulars, and 33 specials. The ratio then was 2 to 1 more women than men.

Madame Prexy Sends Greetings

Greetings to All New Students:

It is a great pleasure to welcome the new V-12 trainees and the new civilian students to our campus this semester. We hope you will learn to love and respect Pacific and our way of life here, as much as the older students do.

The Pacific Student Association is made up of representatives from both Stockton Junior College and the College of the Pacific. Any of you new students may gain membership by purchasing student body cards, which are on sale in the booth in the first floor of the Administration Building, or in the PSA Office located on the second floor of the Ad Bldg.

The student government wants to do its part to make your stay here as enjoyable as possible. We desire to plan activities and events that will suit everyone. This is our aim and you can help us achieve this goal by participating in our activities and by offering suggestions.

Join the PSA, work with us, and become a part of us and your stay here will be more enjoyable.

J. C. Unexcused Absence Rules

Students of the Stockton Junior College are permitted unexcused absences in any course equal to one times the number the class meets per week. The first cut in excess of this amount will automatically discontinue the student from the class. A grade of 'W' will be permitted if he is passing at that time, otherwise, a grade of F will be recorded.

Infirmary Cards Now On Sale at Office Of Comptroller

Infirmary Cards are now on sale at the Comptroller's Office on the main floor of the Administration Building for \$5.00. All civilian students are urged to purchase cards for their own protection.

A special appeal is sent out to those students who live off the campus and for whom it is not compulsory to have cards. All students living on campus must have cards as a residence requirement.

The advantages of possession of an Infirmary Card are many. Included among them are free hospitalization for a period of two weeks, hospital care, services of doctors, and any medicines necessary. The only service not covered by the card is surgery.

After paying the fee at the comptroller's office and receiving your health certificate, turn this certificate in to one of the nurses at the infirmary. At that time she will give you an appointment for a physical examination. This examination carries no additional fee, but is also included in the services given to the holders of cards.

Ione Angwin—newly elected President of the Pacific Student Association.

Ione Angwin, PSA President Names Summer Officers

Ione Angwin, president of the Pacific Student Association, has announced her officers for the coming year, both summer semester and fall semester. Most of the officers were elected last semester by the student body, but some of the committee members have been appointed recently by the Executive Committee.

OTHER OFFICERS

Vice-president of the student association is Casey Ruggeri; Secretary, Marian Smith; and Treasurer, Bill Mihaupt. The permanent members of the Ex Committee are Jeanne Hall, Don Rayner, and Wilbur Lenz. These members are to be on the committee for both semesters. Two members have been appointed temporary members for the summer semester only. They are Charlie Cooke and Mary Louise Dagg. Four students have been chosen as representatives at large of both civilian and navy students; these representatives are Eugene Kline, Dudley Wolford, Al Kahn, and Don Ambler. Both the temporary appointments to the Executive Committee and these representatives were chosen by the Executive Committee at its first meeting.

PUBLICATION COMMITTEE

The members of the Publications Committee for the coming year are

Knoles Notes

Dr. Tully C. Knoles left on July 10, for Salt Lake City to attend the Jurisdiction Conference of the Methodist church. He is expected to return to the campus sometime next week.

Editor Appoints Summer Staff

Nancy Kaiser was officially announced the Editor of the Pacific Weekly at the annual Weekly banquet which was held for the staff members at the close of last semester. She succeeds former editor Lucy Harding, and will hold the position for a year according to the PSA constitution.

She is a Junior student at the College of the Pacific, and she graduated from Junior College this June. She has been active on the paper since she was a freshman in JC.

Beginning as a reporter, she has held the positions of copy reader, headline writer, columnist, News Editor, and last semester she was Associate Editor. She also held the office of Reporter of her sorority, Tau Kappa Kappa.

BUSINESS MANAGER

Beatrice Berlander will fill the position of Business Manager and will succeed Jeanne Davis. She is a Business Administration major and belongs to Epsilon Lambda Sigma sorority.

STAFF

Nancy selected her staff from former members and from students enrolled in the Journalism class this summer. The position of Associate Editor will be filled by Jack Sullivan. Other positions held are: Art Editor, Olga Billones; assisted by Ted Golling; Earlene Waters. Society Editor; Iris Scribner, News Editor; Elaine Peterson, Features Editor.

SCA Members Will Attend Leadership Retreat on Sunday

About thirty members of the Student Christian Association will attend a leadership retreat Sunday from 2:00 to 8:00 at Yosemite Lake. Officers, George Brandon and Marge Fitzgerald, with the help of Edith Grider, Penny Kurtzweil, Eleanor Miles, Marilu Routzahn and Executive Secretary Hollis Hayward, have been planning S.C.A. semesters activities.

The purpose of the retreat is to make these plans known. There will also be a discussion of the history and the purpose of the Student Christian Association. From 4:00 to 6:00 p.m. a picnic is to be held and games played. On the food and recreation committees are Edith Grider, Margaret Fitzgerald, Becky Rosett, Mildred Eachus, Ava June Coliver, LaVerne Schon, Eleanor Miles, and Penny Kurtzweil.

"Y" OF PACIFIC

The student Christian Association is the "Y" of Pacific campus and the most logical get acquainted resort. Members are entitled to use the building for studying or recreation, and they have access to all the books and current magazines.

For new Freshman members informal introductions of co-ed groups will be held in faculty homes on Sunday evenings.

Dr. Peckham Begins Summer Workshop

Dr. Earl K. Peckham, National Director of Junior Red Cross for the Pacific Coast area has just started a special two-week workshop for the College of Pacific summer session. This Junior Red Cross project is designed primarily to give elementary and high school teachers a program and a technique for Junior Red Cross service activities in the classroom.

Already a regularly enrolled group of more than a dozen are learning these techniques. Participating auditors are invited to join the group, and anyone interested in observing the activities is invited to drop in. The workshop meets in Room 220 of the gymnasium each afternoon of the two week period from July 10 to 21 for two hours beginning at 1:30.

At a special public lecture on July 14, at 10:10 a. m. upstairs in the SCA, Dr. Peckham will speak on "Comparative Education With Special Reference to Two Years Spent Studying the German Schools From 1930-32." Besides having seven years professional experience in the field of teacher education in the Middle

July 26 Last Day To Enroll

July 26 at 5 p.m. is the last day in which students of the Stockton Junior College may enroll in new courses. After that time it will be too late.

August 15 at 5 p.m. is the last day on which a student may drop a course and receive a 'W'.

Every student will be held responsible for every course for which he registers in his yellow book. If he desires to drop any course, he should do so by petition. If he desires to enroll for additional courses, he should do so by petition.

By Bob Brehm

During the ensuing semester yours truly will attempt to fill the shoes of Don Westover, who gave out with the trials and tribulations of the Leathernecks last term.

NEW COMERS

Greetings and salutations go to four new-comers to the Marine Detachment. "Dave" Davis and Bob Dillon have returned from Pearl Harbor. Al Ledy hails from the Marines nightmare, San Diego. John Evans has spent his time at Mare Island, Vallejo, Calif. Says Dillon of C. O. P., "I like the school and like the girls here very much." We all agree, don't we fellas?

SMALL DETACHMENT

As you can see, the boys in Bks. "B" are really in a minority this term. We would like to stick out our chests a bit however and boast no scholastic failures last semester. The men who left us are now learning the difference between a gun and a rifle, how to disassemble and put it back together with no pieces to spare, and in general, how to do everything the hard way. It won't be long before they will be as "salty" as our own Charlie Cook.

TRAINS

If you are planning a trip in the future, be cautious. Quote Al Bonnington enroute from coast to coast, "We are in box cars with three decker bunks, hotter than he—" Here is a good chance for you students in need of a term paper. Stop Palmer Kalajian, our star baseball player and ask him about his streamliner ride to Michigan and back. It seems his plans were fouled up, and he was compelled to ride a model 1903 chair car. The soot entering the non-air-conditioned car gave Palmer the resemblance of a coal miner emerging from the shaft at quitting time. If he has any new ideas on traveling, take them with the proverbial grain of salt.

Alumni

A letter received from Mike Connolly states that all the C. O. P. men at Parris Island are in the same platoon. The boys say hello to all of us back here. Their address at present is, Plt. 431-2nd Bn., Marine Bks., Parris Island, South Carolina.

Bob Alexander also sends regards from U. of Cal. with a special hello to Women's Hall. Bill Ellison, the boy from Santa Cruz seems to have taken over, Bob.

HATS OFF

We take our hats off to the boys of the 2nd and 4th Marine Division for their capture of Saipan Island in the South Pacific. Well done fellas. That's about all the "scuttlebutt", see you next week.

Attention Servicemen:

In purchasing a PSA card, the same restrictions will still be in effect in regard to the giving of credit. The Navy Department states that all servicemen must pay for their cards in full within one month from the signing up for the card. The price of a PSA card for any serviceman is \$5.00. All men participating in athletics must have a PSA card.

Cadaver Hall

Since the last writing of this column, many new pre-meds have come into Cadaver Hall. Among them is a new arrivee from the Lower Belgian Congo. His appearance differs from that of an ordinary human being in that when he is standing, he gives the impression that he is kneeling. Rather than hurt his feelings and call him "shorty," we're here at the hall have given him a name that ties up perfectly with his simian appearance. We call him "Bongo."

GOALS

Anytime that you feel in need of a bit of laughter, go to the 9:50 NPT class and see Bongo do the now world-famous "Belgian Congo Conga." Bongo's manager, T. Y. Burton, predicts great things for his African Protegee. Said Burton, "One of our goals is to send Bongo to Hollywood, but our eventual aim is to get him elected to the Senate. You see, he was the Ape-Chief in Africa, and his experience could stand him in good stead in Washington."

Arnold Beisser

Arnold Beisser, of "George and Arnie" fame, has suddenly shown great sympathy for kittens; in fact he may soon open a home for wayward cats. You wonder why? Well, at the Nationals at Evanston, Illinois, last month, he overheard two sad kittens talking to one another. Said one proudly, "My mother is in that racket."

NEW DEPARTMENT

And here's a new department, as viewed from the Room X window: The studying of late has dropped off terrifically at old Cadaver Hall of higher minds. MISS MORRISON could remedy this situation very easily though. Please Miss M., if education means anything at all to you, don't walk past the building when Room X, on the third deck, is on hand at the front window—the howling is very detrimental to earnest endeavor.

HMM!

And here's a note to Cadaver Hall neighbors: You local sorority girls had better be on your guard. Your reporter, who of course is always on the lookout for new and different things, has noticed that a little Pi Phi from Louisiana State has created quite a stir among the men on the campus. Yo all sho nuff better see if it all am, true what dey say about Dixie.

SMILE PLEASE

Please don't misunderstand me. I realize that there is a war on, and that things are tough all over, but could I please make one small request, a plea from future Phi Betes—Miss Rodergerdts, would you

Lt. (jg) EUGENE "JIGGS" WILLSON of the U. S. Navy recently returned from active duty in the South Pacific. He will report again for active duty on July 19. He is a former member of Alpha Kappa Phi Fraternity.

GERALD S. VEREGEE was graduated June 26 from Pecos, Tex., Army Air Field advanced two-engine pilot school and appointed a flight officer. He was assigned to Pecos from Ontario, Calif. He was a former student at Stockton J. C.

One year training at the Marine Corps Reserve Officer School at Occidental College, Los Angeles has been completed by former Pacificite Pvt. HARRY WILLIAM HEDBURG. He is now stationed at Parris Island, S. C., for a three months basic training course which will qualify him for a commission as a second lieutenant. He spent 10 days at home recently.

Two former C. O. P. men—ARTHUR W. HEROLD and MELFORD W. HOOPER, graduated recently from the Kingman (Ariz.) Army Air Field flexible gunnery school.

Reporting for duty at the Carlisle Army Air Field, N.M., is Lt. CHRIS PAPAS, former C. O. P. student. He was commissioned Nov. 21, 1942 from Williams Field, Arizona.

Former J.C. student FRANCIS PHILIP CIANCIOLO, a member of the V-12 unit at Occidental College, Los Angeles, received a certificate June 17 upon completion of the V-12 program and has been sent to the Recruiting Depot, Marine Base, Parris Island, S. C.

Commissioned a Second Lieutenant in the Army Air Core is RICHARD E. BRADSHAW Jr. He received his training at Williams Field, Chandler, Ariz.

RALPH R. WRIGHT, class of October '43, recently won his second lieutenant's commission in the United States Marines and now is taking his advanced training at Quantico, Va. Lieutenant Wright was on the swimming team four years and played football one year while at Pacific. He is a member of the Block P. Society.

BOB ATKINSON writes that he is running his last lap at Corpus Christi, Tex. for those Navy gold wings. He is just getting ready to go into instrument squadron and after that advanced. He also writes that he has been having some good times with HOMER WERNER.

Lieutenant DON LAMOINE was recently seen on ye olde campus and he had a lot to tell us about different types of bombing planes.

please give out with one wee smile, or perhaps a little chuckle? Honestly it's painless.

WHITE MAN

Al "Anemic" Klug, once described as the only colored man in the V-12, is now a white man, at least temporarily. This change was not accomplished by a chlorine bleach or by dipping in the River Styx (Greek for San Joaquin). You see, Al fell in a tub of whitewash. Quoth the happy Al, "Gee, now I can go to the East Main St. USO—for a while."

Seems as though Ritters new Epilsonian hobby is doing him some good. "Sleepy Jim" went thru an entire Chem lecture—and stayed awake.

War Department Sends Weekly Word On Lt. Moody

The following despatch was recently released to the Pacific Weekly from the U.S. War Department. It is a story about a former Pacificite now on active duty somewhere in England. He is Howard Moody, now known as Lt. Col. Howard A. Moody.

An Eighth Air Force Service Command Station, England—Lt. Col. Howard A. Moody, whose association with the United States Army Air Force dates back as far as 1931, is Commanding Officer at this large Strategic Air Depot, where activity is conditioned by the events of pre-invasion, and where fighters—the Mustangs, the Thunderbolts, the Lightnings—of the Eighth Air Force are maintained, repaired, serviced, or supplied. Flak-torn, battle-damaged, scarred in the skies of Europe, these proud P-38's and 51's and 47's limp in from combat over Germany; then, made airworthy once more, they return to protective escorting of bomb-dropping American Fortresses and Liberators.

The supervision and administration of these maintenance, supply and transport and coordinated operations is Colonel Moody's responsibility. The soldiers at this station, and the many jobs they do, are ultimately dependent on the function of command.

He is a 1930 graduate of the College of the Pacific. It was only a year later that he joined the Army Air Corps as a cadet, and after receiving flight training for many grueling months at Kelly Field, Texas, the colonel-to-be received his coveted pilot's wings in June, 1932.

RETIRES

For a year after his graduation, Colonel Moody was stationed at Crissy Field, San Francisco; but he retired from active service in 1933 to accept a position with the California State Department of Motor Vehicles. He served with the Department five years, and did not return to active duty status until December, 1940; but in the meantime the colonel maintained his Air Corps connections, and added many impressive hours to his total flying time. For two weeks during each year he underwent intensive military and aerial training, and when in 1940 he returned to the colors, he was assigned to March Field, California, as Assistant Engineering Officer, with the rank of Captain. He

June 27 marked the completion of training at the Naval Reserve Midshipmen's School at Northampton, Mass. for Ensign MARY ANN MACBRIDE. She will have further training in communications.

Cpl. JEANNE BERETTA (formerly JEANNE BILLUPS) has now completed 16 months of service in the WACS. She has been transferred from Camp Abbot, Ore. to Ft. Lewis, Wash., where she is serving as a laboratory technician.

Good news was received on July 3 from JOHNNY CAMICIA who is in the Hoff General Hospital in Santa Barbara, Calif. He does not have rheumatic fever as was formerly believed. He is recuperating from over-work which came as a result of trying to catch up with the unit which he had just entered.

Another new semester and of new faces in the Navy formation—a noticeable number of them and white. High school education in its accelerated stage must be per charged. We walk down passage way in barracks now see brown shoes, green trousers, yellow striped ties galore and soul that we know, after the mons from Middle schools to way the majority, and the call of fleet sounded in the listening of a few recalling them to the ing Navy. Someone had the mental urge to display a service but alas, none were available our boys went away unheralded.

Did any one hear the musical of last Saturday's drill session? At first it sounded like a new nation of the Super Suds Song turned out to be a brand new piece. How it is for marching is itate to say as I was just a little but I have heard quite a few that it was darned pretty.

A lot of groans were heard last night when compulsory parties was enforced at the S.C.A. but a lot of people were happy they were allowed to dance than three steps without being ged. As an introduction for the ly arrived students it must been successful, as those were dancing seemed to have known other for years. Incidentally, reminds us of the coed fresh Stockton high school, they who refuses the tags she like and accepts the ones she A lot of fellows were sore, but she probably doesn't care any.

All hands took advantage of opportunity offered in form of end restriction last week by diligently studying the technical work of the swimming pool and ecially devoting themselves to study of football. Groups of dents were thus seen applying selves on any semblance of However, all hands seemed enough and attacked Monday evening classes with a vitality which is not to be noticed Monday mornings.

We miss all the guys and gals are gone, but it's far from lonely pecially in the Chow Hall. Choose your favorite seat for the view sent is how an impossibility finding one presents a problem itself.

Upon return from leave for old men and the new trainees meeting was held and opportunity given all hands to purchase bonds, but for cash only. A surprising number of pledges were considering the circumstances I'm sure that the College of Pacific made a good showing in comparison with other V-12 units. To me seemed to serve as a grim reminder that a few days leave could not out the war. The new men use this meeting as a reminder of their duty now that they are in uniform. They are still school but as a part of the Navy are here to train for their position in it. They will soon wearing the uniform of the Navy uniform that further separates them from that part of life have left behind. We're proud

Pacificites will get an early look at the Tigers as the opener is in Stockton Friday night, September 6 against the powerful Camp Shoemaker Sailors.

SQUAD

Triple Threat, Fred Klemenok, former University of San Francisco halfback, will beyond all doubt be Pacific's boast for national honors, with Back Bob Muentner and Tackle Jim Turner following right behind. Turner, at the moment, is the mystery man of the eleven, as potentially he should be an end of All American calibre and ideal as an arial partner for Flinging Fred Klemenok.

Coach Stagg, nationally famous for his football teams, said to his candidates in their opening workout, that this was one of the largest turnouts in the history of the school. Stagg further emphasized the importance of condition and that all members of the squad were expected to maintain all training rules.

The list of candidates for the eleven are as follows: Joe Aimar, Ernie Anderson, Jack Baker, Bob Caster, Earl Cornwell, Kevin Costello, Wiley Cousins, Martin Easton, Ed Fennelly, Jim Fenston, Tom Geary, Ted Golling, Gordon Hackett, Wayne Hardin, Dewey Harwood, Raymond Jaeger.

Ray Jackson, Dick Johnson, Bob Klein, Fred Klemenok, Joe Kokes, Al Leidy, Peter Ley, Harland Linkmyer, Mark Litchman, Jack Luck, Keith Lukens, Bill Mahlstead, Gordy Medlin, Bill Milhaupt, Bob Muentner, Bob Neilsen, Jim Oliver, Jim Owen, Arnold Pagano, Louis Papais.

Forest Supervisor Sends Fire Hazard

Under authority vested in me by Federal Regulation T-1, I declare a period of fire hazard and danger to exist between the dates of July 10, 1944 and October 15, 1944 on the Stanislaus National Forest, and declare the following instruction to be in effect during this period:

Section H: Smoking is prohibited except at camps, places of habitation and in special posted smoking areas.

Section L: Prohibits the discharge of fireworks on National Forest lands, or the placing or throwing of a burning cigarette, cigar match, pipe heels, firecracker or any ignited substance in any place where it may start a fire. In addition to the Federal Regulation, smoking is prohibited by County Ordinances in Calaveras, Mariposa, and Tuolumne Counties on all County Roads within the Stanislaus National Forest.

A letter received from Lt. ALLAN BREED of the U. S. M. C. on June 30 was full of information on the whereabouts of many former Pacificites. Lt. Breed writes that **GEORGE MOELLER** is in the South Pacific; **LESLIE DOW**, now at Corpus Christi, is about ready to leave for over-seas duty; **BEN HAMM** is driving tanks in Saipan at the present; **JACK BURNETT** is a flag lieutenant aboard a combat troop transport and has seen action; **BILL ORVIS**, fighter pilot, is reported missing in action over Germany; **CLAIRE SLAUGHTER** is seeing action in the 2nd Marine Division; Lt. (j.g.) **CLAUDE H. HOGAN**, former prominent debater is still aboard the U. S. S. Baldwin in the Atlantic; Ensign **BOB RAVEN** of the Merchant Marine is a 3rd mate aboard a Standard oil tanker in the Pacific; **DICK BARKLE** is an airport manager for Pan American and also just received a commission as ensign in the U. S. N. R.; and **BILL LUNT** is reported to be pretty near to freezing up in Alaska.

BOB NIKKEL was last heard from heading in the direction of the Naval Air Station at Norman, Okla. He was in the Navy Pre-Flight at St. Mary's.

Dorm Notes

Something new and different in the line of campus activities was the pajama party held July 2 by the girls of Women's Hall. The lobby was filled with gaily designed pajamas when the buzzers sounded at 9 p.m. sharp to begin the evening's festivities.

The purpose of this first house meeting was to acquaint the new girls with their neighbors. A program presented by the older girls consisted of: a reading by Mildred Eachus, a vocal solo by Dorothy Law, and a piano selection by Marion Phillips. Refreshments were served to complete the evening.

Highlight of the second house meeting of the dorm was a program in which Vera Freeman read selections by Robert Benchley, and Betty Schultz sang several numbers.

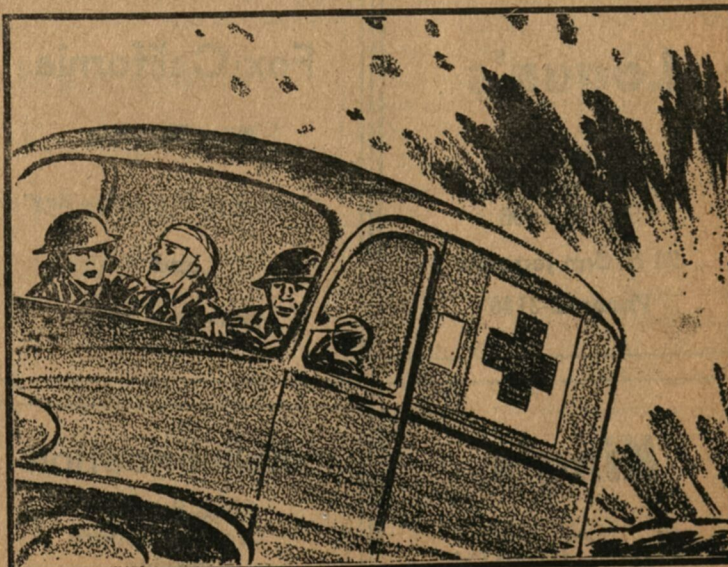

Seventy-five dorm girls attended the morning chapel last Sunday, in a group in observance of Women's Hall Day.

At present plans are underway for a summer sport dance to be sponsored by the dorm later in the term.

"Waiter, there's a fly in my soup."
"What do you expect for a dime, elephants?"

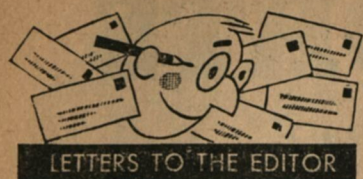

AMERICAN HEROES

BY LEFF

Beneath the relentless hail of bombs in a Japanese air attack in the Pacific, Private William C. Hamby, QMC, drove nurses and wounded to the hospital and went back again and again to bring in more of the injured. He made seven trips in all and won the Distinguished Service Cross. How many Third War Loan Bonds can you yourself afford, to match those seven trips of Private Hamby?

U. S. Treasury Department

To the Interests behind the Newman Club:

There is a need, from the evidences presented at a recent meeting of the Catholic students, of explaining to the interests behind the Catholic Newman Club that the College of Pacific can be classed as one of the most liberal colleges on the coast. As a senior I believe that I am qualified to speak from past experience. Never in my bible classes have I been forced to listen to Methodist teachings or interpretations, as you seemed to think. I may truly say that I have not met any type of Methodist propaganda here. One might go blissfully on his way through this college as an atheist and not be forced to reform! Whatever religious teaching we receive is above classification into any special group or sect; this college seeks to stimulate an appreciation of the literature of the Bible and history of religion and to inculcate a love for the principles of righteousness and the brotherhood of man, which should be basic to any Christian or pagan faith.

CATHOLIC CHAPEL

It was also stated at the last meeting that now that the College of Pacific has consented to the establishing of a Catholic chapel within the Morris Chapel building that this would mean an opportunity for Catholics to band together and show off how strong they can be in their faith. This strikes me as being entirely ridiculous and definitely propagandistic. If Catholics are simply brimming over with devotion, why make a spectacle of it? Faith should be a matter of something deeper and individualistic rather than an external or superficial showing off. I think you are making a mistake for individual humbleness, piety, understanding, faith, devotion are more fundamental to religion than any mass public display. To clarify my meaning I refer you to a classical example—Abraham Lincoln, who did not openly profess

was stationed here until April, 1941, and was then transferred to Davis-Monthan Field, at Tuscon, Arizona, as Base Engineering Officer. He had served in this capacity for nine months when he was called upon to activate the first Air Corp Sub-Depot in that area; and while acting as both Sub-Depot Commander and Engineering Officer, he was promoted to the rank of Major in April, 1942.

COMMANDANT

In August, 1942, Colonel Moody went to Will Rogers Field at Oklahoma City as Commandant of the Sub-Depot there, remaining on this duty until February, 1943, when he took command of the Sub-Depot at Selman Field, Monroe, Louisiana. Promoted to Lieutenant Colonel in September of this same year, he was transferred to the European Theater of Operations in October, and was first assigned to the VIII Air Force Service Command as Assistant Chief of Maintenance; but in December he assumed command of this Strategic Air depot, where the round-the-clock aerial offensive against the Nazis is supported by fighter maintenance and repair.

any religion but gave us some of the greatest moral and social principles by which men live. Considering that this Methodist school, as you call it, is generous enough to consent to the requests of the Catholics, there should not be any need on your part to try to lord it over other religions. The fact that they have consented to this should prove to you that this is a liberal college where all faiths are respected.

DEFENDING THE FAITH

I am neither Catholic nor Methodist. I merely wish to stand up as a student in defense of the position of the College of the Pacific as I see it. I trust you will not be of the opinion that I express myself thus because I hold a grudge against any religious sect. Any attitudes which I hold toward any religious group are purely personal, and I have no desire to argue over these; however, I do think that the attitude you expressed toward the College of Pacific is entirely unfair and uncooperative.

cation and keep up on the news of the campus, an important item in any student's life.

HOURS

PSA cards may be obtained in the PSA office any day in the week and at almost any time. The hours for the PSA office are as follows:

MONDAY—9:00-12:00 1:00-3:40

Tuesday—2:00-5:30

Wednesday—9:00-12:00 1:00-3:40

Thursday—2:00-5:30

Friday—9:00-12:00 1:00-4:30

The price of the PSA card is \$7.50 per semester for civilian students, and \$5.00 for servicemen. This fee is only a small part of the total cost of all the privileges one receives with the card. A student would be able to spend the price of a card on attending the football games mentioned. Servicemen are reminded that cards must be paid for within one month after signing up. Students are also reminded that this semester there will be a penalty imposed on those losing their cards; duplicates will not be handed out like they were last semester. In other words, once you have your card, keep it!

COME ON!

Now is the time to buy that card, so let's everyone dig down deep and help the Pacific Student Association carry on the activities planned for this semester. If you want to go to football games, if you want to swim, if you want to go to dances, then get a PSA card and make that

OTHER MEMBERS

Other members of the Executive Committee include Dolores Perry, president of Associate Women Students; Jim Oliver, Rally Chairman; Alta McClintock, Chairman of Student Affairs Committee; and Elaine Peterson, Chairman of the Publications Committee. Ross Alexander has been appointed yell leader.

BUY THAT CARD

According to Miss Angwin the student government for the coming year will be patterned after the wishes of the members of the Student Association. Any suggestions or criticisms in regard to the Administration will be welcomed. She also adds an appeal to all students to buy PSA cards immediately, so that they may participate in the many activities planned by the Ex. Committee for the coming semester. "Without a card, you miss out on many good times and actual participation in the student government of the college," states Miss Angwin.

We Present Pacific's Top Songs for the Summer Trimester

It seems as though at some other while students are the service songs and Pacific during assembly, there are some students who are not sure of the words.

In order that these people may be sure of the words, and the new students will be able to learn them, we take this opportunity to present them. So next time when we are together, we will really be able to give out with gusto and profound knowledge.

ANCHORS AWEIGH

Anchors aweigh my boys,
Anchors aweigh
Farewell to college joys,
We sail at break of day
Through your last night on shore
Drink to the foam
Until we meet again
Here's wishing you a happy voyage home.

MARINES' HYMN

From the halls of Montezuma
To the shores of Tripoli,
We fight our country's battles
On the land as on the sea.
First to fight for right and freedom
And to keep our honor clean,
We are proud to claim the title of
The United States Marines.

Pacific Hail

From o'er the rugged mountains
Standing high
From out the broad low valleys
Neath the sky
Our Alma Mater calls
We cannot fail
Our voices blend in praise
Pacific Hail! Pacific Hail!
Long may her flaming torch
Give out its light,
Long may her spirit guide
Us in the right
To her we pledge our hearts
We dare not fail
To her we raise our song
Pacific Hail! Pacific Hail!

AWS Entertains New Coeds

Setting the keynote for the Associated Women's students' Big-Little Sister sponsor meeting last Monday evening, held at 8 p.m. in Anderson Hall, was a fashion show entitled "Pacific: From Ruelle to Taps." The purpose of this meeting was to introduce the new women students to the mannerisms and traditions, as well as fashions, of the Pacific coed.

Miss Delores Perry, A. W. S. president, welcomed the 200 guests. Program chairman Helen Arbios introduced Miss Marjorie Carey, who played "Liebestraume" and "Josephine" on the vibra harp. Miss Betty Schultz sang "Say a Prayer The Boys Over There."

FASHIONS

Showing the campus attire of coeds from early morning through the day, the fashion review included pajamas, cotton school dresses, summer play clothes, date dresses, and summer formals. Miss Leta Frances Darwin was narrator for the style show, while Miss Doris Bina Forslund played incidental music throughout the evening.

Miss Beulah Watson, Dean of Women, gave a short address, welcoming the new girls and introducing Miss Lorraine Knowles, who will act as Dean of Women during Miss Watson's vacation. The house-mothers of the living groups on campus were also presented to the group.

MODELS

Coed models of "what the well-dressed Pacific student wears" included girls from each living group on campus and Tau Gamma Sorority. From Alpha Theta Tau the models were Misses Betty Holt, Barbara Merrill, Peggy Fronefield, Marilyn Padula, and Jeannette Morrison.

From Epsilon Lambda Sigma were Misses Maxine Barks, Jean Miller, Elaine Peterson, Beverly Byrnes, and Pat Barrett. Misses Mary Louise Dagg, Monty Rensberger, Jerry Brooks, and Gerry De Lucchi represented the town sorority, Tau Gamma. Tau Kappa Kappa's included Misses Jackie Geyer, Jean Cru-

Campus Sororities Initiate Members, Install Officers

Closing last semester with that proverbial "bang," the three Greek letter sororities on campus initiated new members and installed officers for the present year.

Miss Barbara Thompson of Alpha Theta Tau handed over the gavel to Miss Barbara Goodwin, new house president. Her officers for the ensuing term include Misses Marilyn Padula, secretary; Janice Gosling, treasurer; Betty Ferrari, social chairman; Jean Comartin, fourth directress.

During a formal initiation ceremony Alpha Theta conducted into membership Misses Helen Graham, Barbara Merrill, Peggy Fronefield, Jean Comartin, Virginia Chaney, Marie Arbios, Helen Arbios, Francis Brunton, Nancy Bockman, Jeannette Morrison, Sally Fenton, Marla Dickinson, Marilyn Dinublo, Betty Manthey, June Wilde, Viola Burres, Charlotte Mersereau, Virginia Carter, June Day, and Mary Henley.

Miss Jean Davis was formally installed president of Epsilon Lambda Sigma by Miss Ione Angwin, retiring officer. Assisting her for the coming year will be Misses Elaine Peterson, vice, president; Harriet Gunton, corresponding secretary; Maxine Barks, recording secretary; Beatrice Berlander, treasurer; Jane Kuechler, Sgt. at Arms; Jackie Newcomb, historian; and Eleanor Williams, chaplain.

New members of Epsilon include Misses Jean Marie Arnold, Marilynne Berger, Beverly Byrnes, Doris Edna Forslund, Virginia Griner, Dee Keyton, Betty Kuechler, Faye Muehler, Pat Phillips, Margaret Yost, and Nadine Walsh.

Miss Frankie Crozier was installed president of Tau Kappa Kappa by Miss Pearl Steiner in a formal candlelight ceremony. Other officers who were installed are: Misses Ava June Collier, vice president; Earlene Waters, recording secretary; Lena Bacigalupi, corresponding secretary; Barbara Merriam, house manager; Laurie Marshall, treasurer; Mary Schlink, chaplain; Joan Welton, musician; Shirley Dugas, reporter; Jackie Geyer and Janice Potter, historians; Marjorie Carey, corsage chairman.

Initiated into Tee Kay as new members are Misses Marjorie Carey, Jackie Geyer, Janice Potter, Mary Schlink, Jean Cruickshank, Joan

Zetagathean Plans Tea For Freshman

Plans for a tea to be given next week were made when the Zetagatheans held their first meeting of the semester last Wednesday from 7:30 to 9:30 p.m. in the S.C.A. building. All new freshman are invited to attend this event.

The newly elected officers of the Zetagatheans are as follows: president, Edith Grider; vice-president, Wynne Honnald; corresponding secretary, Marilyn Van Sandt; recording secretary, Charlotte Cadwell; treasurer, Alice Hammel; historian, Shirley Rusk.

Recently the Zetagatheans gave a farewell handkerchief party at the home of Miss Ethel Hill for Shirley Rusk, who resigned from her office of historian of the organization to join the WAVES. She is now training at Hunter College.

The Zetagathean is an organization for non-sorority girls. Miss Lorraine Knoles is adviser of this organization.

"T. K.'s always up to the moment
Romance and engagements galore
But we thought when school closed for the summer,
There wouldn't be any more.
All was peaceful and quiet
But then it happened—oh zowie!
It's another engagement
P. S. This time it's Helen and Howie."

Announcing the engagement of Miss Helen Heiland and Naval Aviation Cadet Howard Recek, this inscription was read to the surprised Tee Kays at their first meeting of the semester when Miss Frankie Crozier, house president, had opened a large package which had been cleverly wrapped as if it had been sent through the mail.

Breniman--Farley Wedding on July 30

Faculty friends at the College of Pacific and close friends have been told of the engagement of Miss Marie L. Breniman to Dr. Fred L. Farley, Dean of College of Pacific and professor of English in the College of Pacific and professor of English in the Stockton Junior College. The couple will be married July 30th in the home of Mr. and Mrs. W. J. Miller, the brother-in-law and sister of the bride-to-be, in Westwood at Los Angeles.

Miss Breniman was a graduate of the College of Pacific in 1915 and received her Master's Degree from Stanford University in 1916. She at-

Mrs. Leistner Now Mrs. Ovid Ritter

June 25 marked the date of the marriage of Mr. Ovid H. Ritter, executive vice-president and comptroller of the College of the Pacific, and Mrs. Florence Leistner of Stockton. The couple were married in Menlo Park at the home of Mr. and Mrs. Wilbur Corbus of that city.

Performing the ceremony was Reverend Charles Fritz of Menlo Park. The wedding setting was the garden of the Corbus home, and the marriage was witnessed by members of the immediate families of Mr. Ritter, and Mrs. Leistner.

The couple are planning to live in Stockton, where Mr. Ritter will continue his duties at the College of the Pacific as instructor and comptroller.

We Are All Together

Today marks the 39th day since the long awaited "D" day of June 6, 1944. All of our men and women on the fighting fronts and the civilians and service men and women here at home are advancing in their work towards the final day of Victory.

Second Summer

This summer the College of the Pacific is continuing its education for Victory program with its second summer trimester. Regular full time semesters in the summer are unusual at Pacific. The first trimester held last summer proved to be successful for everyone involved, although new regulations were made and military personnel were added to the campus. However, this summer, as the plans are not as new to most of us we are endeavoring to be even more successful.

No Comparison

Naturally, college life during war time cannot be compared to college life during peace time. As the war changes people all over the world, it changes the college students as well. They are no longer carefree Joe and Betty College who merely come to college because their folks are sending them. They are either under military jurisdiction, or else they have a good purpose—a goal in life which requires a higher education.

Welcome

No matter which category you may fall in, the College of the Pacific and the Stockton Junior College welcomes you—the Marines, Navy men, and civilian students—to a successful summer of happiness and higher learning.

Participate

As you have learned by registration, the College of the Pacific and the Stockton Junior College offer many ideal courses in higher education which will be very useful in the post-war period. There are also social activities which are open to every student. You are urged to participate in these activities for the pleasures which you yourself may derive from them and also for the pleasure that the college and other students will receive having you participate.

Roses To AWS

A dozen roses should be handed to the new Associated Women Student's Prexy, Dolores Perry, on behalf of her fine job of planning and conducting the Big Little Sister affair held last Monday evening in Anderson Hall.

Acquaintance

Not only did this job inspire and help the new girls become acquainted with the older girls and the women of the faculty, but it also helped the older girls to become better acquainted with each other, the women of the faculty, and the new girls.

Cooperation

However, most students do not realize the work which is involved in the presentation of such a program. Undoubtedly AWS Prexy could have not successfully completed this task if it were not for the cooperation which she received from committees and individuals.

Entertainment

The fashion show was a clever device used to entertain the women students. Each girl who participated in the show including the narrator, pianist, Vibre Harp player, and vocalist, should also be given a red rose—All the Models looked very collegiate, from the tall blonde in her stunning short pajamas to the versatile blonde in her suave black formal—

The whole program from the entertainment to the refreshments was very well planned and must have required much hard work and cooperation among the women students.

Invitations?

Cooperation was also outstanding in the type of invitations which were used. What type of invitations did the girls use? It wasn't a matter of sending out a blanket invitation or a matter of writing personal invitations. No, each Big Sister was assigned a Freshman as a Little Sister, and by some means or another, she made contact with her and brought her to the affair.

Open Doors

Pacific's doors are open to you. So it's all work and play together with Pacific this summer and make the term be one of success and happiness that none of us will ever want to forget.

Questions, Answers
About the WAVES

What is the term of enlistment in the WAVES?

For the duration of the war and up to six months thereafter.

How many women are there in the WAVES?

About 47,000 at the end of 1943. The Navy needs 92,000 girls in WAVE uniforms by the end of 1944.

I'm 19, finishing third year in college. May I enlist?

Sorry, not until you're 20. Then, up to 21, consent of parents or guardian is necessary. Women up to 36 years of age are eligible.

May a girl who was born in Germany enlist?

Yes, provided she has naturalization papers.

When does a WAVE's pay begin?

The day she arrives at the training station. Like Navy men, WAVES are paid twice a month.

Full information about the WAVES is contained in a new booklet, "The Story of You in Navy Blue," available without obligation at any Navy Recruiting Station or Office of Naval Officer Procurement.

Pacific Maneuvers

MARILYN LAMB seems to be indulging in the art of studying. Could this be because of Frankie's departure or a sudden desire for knowledge?

MARIE ARBIOS moved out from town to Alpha Theta this term. Is it because you want a change of scenery or could it be "Dutch" Marie?

WEED PULLERS

Epsilon goes to war or gardening goes glamorous. Two bits of eye fulls who are chief weed pullers for Epsilon are Maxine Barks and Janet James.

It seems Maryan Williams lost her bracelet the other day. We can understand why she was in such a dither to find it so that the finder would not have a chance to return it to Bob Klinger. Does this mean we're going steady, Maryan?

Charlie Cook not only limits his women to blondes but to a certain cute little blonde in Alpha Theta. Wasn't the dance last week-end good, Betty?

PARRIS ISLAND

We notice that all of Jean Davis's letters are addressed to Parris Island lately. By the way Jean, how is Ernie making out?

And Women's Hall can boast a new girl from Mississippi. The boys seem to go for that southern drawl.

It seems that the letters of most importance for Barbara Goodwin, Janice Gosling and Betty Ferrari are from Quantico. How about it girls?

OH! THAT MAN

And as a word of warning to the women students of this college, beware of that wolf in Marines clothing who's policy it is to date a different girl every night. Could this be one of our columnists?

Helen Heiland

(Continued from page 5)

Helen printed on the wings in blue letters. To this a tiny white scroll bearing the announcement poem was attached.

Helen, daughter of Mr. and Mrs. Edward Heiland of Stockton, is a sophomore student at Stockton Junior College where she is a sociology major. She is a member and past house officer of Tau Kappa Kappa sorority.

NAVAL CADET

Naval Aviation Cadet Recek, son of Mr. Val Recek, Fresno, and Mrs. Georgie Recek, Oceanside, attended Oceanside Junior College before coming to Stockton. At C.O.P. he was a member of Alpha Kappa Phi fraternity and a basketball star. He enlisted in the Naval V-5 program last year, and is at present undergoing his primary training at the Naval Air Station in Norman, Oklahoma. No definite plans have been made for the wedding.

The Tiger Snarls

BY WAYNE PERRY

The summer trimester's social events actually began to roll last Friday night with the mixer that was held in the Gymnasium. The girls at the dance were not only outnumbered by the fellows but this was by no means a hindrance to the activity because all men in civies and the V-12ers have a more vigorous interest in rugger than has been noticed on campus for quite some time. During the tag dances none of the fellows danced more than about six minutes with his girl, and for once everyone didn't leave early.

FOOTBALL

Pacific's football prospects look so dismal at the moment they did at the close of the last semester. A terrific new crop of ball-playing-freshmen—former school stars—has made its appearance on campus during the week. Most of them moved from Lambda Nu Phi, and out of the fifteen fellows living at the house, six are unwaveringly determined to make football history. You have probably noticed—in the you couldn't help noticing—the towering group of fellows, whose average about six feet in height, their shoulders look to be three feet across. Yes, the Tiger will really snarl this football season.

DANCE

At the opening meeting of Lambda Nu last Monday night plans for a swell big dance were pushed to the front burner with Dave St. officiating. Watch for future things will really be happening.

PSA CARDS

It's a swell idea for all the fellows to buy student body identification cards. Both of these you will find, will be extremely useful. If you like to swim, you want to attend PSA dances, you would like to participate in government; if you would like in the fraternity—then buy your student body cards. No kidding! if you really want to be on the of college activities the PSA thing.

DANCE BAND

Murmurs of a dance band in the air among the men on campus and at the fraternities might take a little time and a work, but Pacific would certainly sparkle with a new innovation this musical plan for a band materializes. (Your columnist times wonders what the great have that he doesn't have.)

FINIS

Well, dear readers, as the chieftan said when he finished his fellow-tribesmen—you've had enough of my lip, you next week.
