Dear Sir.

The "Glacier Article" arrived on the 6th and was sent on its way rejoicing the same day. The Hon Sec. assures me that he will see that the whole is printed without delay. Please accept my thanks for the Article, which is very interesting. The sketches are very fine and will form a valuable addition to the report. That of the large glacier from Mount Fairweather is particularly fine.

I read a letter from the "Islander" yesterday he is at Suva A.T. and I judge in a very bad state of health. His mother was telegraphed for and is now with him, he says he has been very near "passing his checks" and had been compelled to leave Suva. I fear his term will soon expire.

He says the preface to his bird article was changed after he left Washington that he acknowledged courtesies from me and that that portion was cut out. The "Rush" is under repair and will not be ready for sea before the 20th when we will make a trip to San Diego. If you can spare the time I should be glad to have you join us - I will drop you a line before we are ready and if you can, come along.

Mrs Hooper joins in kindest regards to yourself and family with many thanks for your kindness
 I am very truly yours
 C. Hooper
