## UOP To Play Key Role In Med. Center Plans

The University of the Pacific will play a key part in the \$33,000,000 master plan of the Presbyterian Medical Center in San Francisco. The plan foresees a full-scale medical school, an 11-story hospital, and a complex of other buildings clustered in the same area that has held medical facilities since 1882.

Pacific will have a three-fold role in the medical center development.

1. The dental school that was acquired by Pacific last year will be rebuilt as part of the medical center. It will retain the name of the College of Physicians and Surgeons.

2. Pacific will conduct the academic program for the institute

(Continued on Page 5)

## Claudia Olson Resigns As Code's Chairman

Claudia Olson, because of her tight schedule this semester, has resigned as chairman of the Student Honor Code Committee.

Claudia was encouraged by the accomplishments this committee made last semester. Although she saw the honor code working, she felt someone with more time to devote to it should take on this important job.

Carrying 18½ units, participating actively in debate tournament

(Continued on Page 5)

## Should Pacific Men Choose A Fraternity Which Mirrors Them?

Dr. Gordon Zimmerman says that too many students, in choosing a fraternity, look to a group that complements their own social limitations and outlook, not one that challenges them in any way.

The Dean of Men, in an interview with the Pacific Weekly, remarked that the first basis of choice in rushing or not is whether the student wants the "intense living experience" of a small, closely knit group with all the give and take involved in that situation. Then, speaking on the "give" of the situation, Dean Zimmerman not only cited the special time and effort given to many activities, but included the challenging aspect in choosing a fraternity.

In the situation where the student chooses not only a group with which he is compatible, but one whose members parallel him and each other in likes and dislikes, the Dean pointed out, isn't called upon to "give" very much in association, though he may give a great deal in time and activity.

A person with a "playboy" image of himself who seeks out a fraternity typed as a "playboy" institution, or a student-scholar who looks for a haven for academicians were given as examples by Dr. Zimmerman.

In sliding easily into place, the student doesn't "take" very much away from his fraternity years. He doesn't tend to develop in character or broaden in outlook. Instead, Dr. Zimmerman ex-

(Continued on Page 8)

## Two Math Lectures Scheduled For Today

Visiting lecturer for the Mathematics Association of America, Dr. Ivan Niven of the University of Oregon, will speak on campus Friday, March 1.

"Beyond Permutations and Combinations" will be the subject of the 4:00 o'clock lecture. In the evening at 7:30, the topic will be "The High School Mathematics of Tomorrow."

Both lectures will be delivered in Room 207, Administration Building.

## Spring Debate Season Opens With Victories

The U.O.P. debate team opened its spring season last weekend by scoring highly at two tournaments in the Stockton area.

Doug Pipes and Raoul Kennedy won the senior division NCAFA Tournament, held on the Pacific campus, while Weldon Moss and Roger Randall tied with Stanford for third place. The University of San Francisco was second.

Meanwhile, across the street at Stockton College, the junior division squad was also busy winning awards. Two debate teams, Pete Davis - Ken Leiter and Patty Bilibrey - Charlotte Maxwell, received superior ratings. The latter was the only women's team in the tourney to place so highly.

Cheryl Buckner won awards in

(Continued on Page 3)

## Functions Of Academic Standards Committee On UOP Campus Explained

The Academic Standards Committee, designed for cooperation between administration, faculty, and the student body in the furthering of the intellectual goals of the University, is presently at work on a number of projects designed to improve the educational atmosphere of UOP, according to Chairman Roger Randall.

The committee is remembered by upper division students as the agency responsible for the faculty discussion groups which have toured the living groups in previous years. This is an activity which will be undertaken again this year with a few changes which are designed to render the experience more meaningful to both the participating students, and the faculty.

## Spring Enrollment Shows Slight Loss

The ratio of men to women for the spring semester is about 50-50 with 1117 men and 1107 women. Excluding the part-time students, there are 909 men and 907 women on campus. It is interesting to note that the freshman class has 125 more women than men, and the sophomore class has 67 more women than men. However, the difference is reversed for the upperclassmen and graduates who, together, have 193 more men than women.

Including part-time and full-time students, Pacific had 151 dropouts and 105 new students. For full-time students, the sopho-

(Continued on Page 4)

The program is planned to serve a two-fold purpose. First, it will attempt to encourage lower-division students to become more actively involved with faculty members in out-of-class discussion and conversation. Pacific is a small campus, and this allows many opportunities for teacher-student relationships not found in most larger universities, and these should be exploited to their greatest extent by the serious student.

Secondly, this year we will base our discussions upon a common theme, which will make each faculty visit an educational experience for all of the students in the participating living groups.

In addition to coordination of student-faculty discussions, however, the Academic Standards

(Continued on Page 8)

## Student Union Plans Reach Concrete Stage

During the past two years much has been said about the possibility of building a student union for UOP students. Few people realize that a Student Union Planning Committee is at present preparing for just such a venture in the near future.

The student body decided last year to contribute, each semester, to a fund to finance the initial planning phases for a union to be built within the next five years. In addition to these funds, money has been made available through our Pacific faculty. This semester alone, with only a small portion of the funds from the faculty contributions tabulated to date, the faculty has contributed \$318

## School Of Engineering Holds Special Assembly

A special assembly for all students enrolled in the School of Engineering, and the faculty of the school, has been scheduled for Thursday, February 27, 1963 at 4:00 p.m. in Room 205, Baun Hall. The meeting will be adjourned not later than 5:00 p.m.

Several items of importance and interest to engineering students will be presented. Included among these are: projected activities of the ASCE and IEEE Student Clubs during the current semester, preliminary arrangements for the St. Patrick's Day affair on March 18th, and announcement for the Engineer Picnic later in the Spring.

All concerned are particularly and cordially invited to attend this meeting. Plan to come and, for the first time this semester, meet with fellow students and faculty as a total group.

# BAND FROLIC SKY-HIGH SUCCESS

Photograph by Chris Petersen

"Barnum & Bailey must have gone to Pacific because this was surely the greatest show on earth." This was the comment by Gordon Finley, director of bands, as he announced the winners of the 35th annual Band Frolic, following the Saturday night performance.

The show was viewed by a capacity crowd both nights as they witnessed Delta Gamma, Phi Kappa Tau, McConchie Hall, and West Hall take top honors. The judging was done by a specially selected committee who judged on music, plot, choreography, sets and costumes.

Phi Kappa Tau, who won the men's large living group competition had a theme of "B.O." or in other words "Blast Off." The plot concerned the efforts of the U.S. space team and the launching of the first space capsule. The production was headed by Al Pross, Ron Ransom and Pete Brown.

Delta Gamma won the women's large living group competition and had a theme of "The Clown Who Found His Smile." The plot concerned a clown who was unable to smile—but in the end all turned out happily. Nancy Fisk was in charge of the winning DG

## FROM THE EDITOR

C'mon, All You Uffish Finkers;  
Foak Up Fome Ftudent Foetry

For those of you whose minds have begun to stagnate with such materialistic clutter as studies, clothes, sex magazines, sex, and so on, may I suggest you trot on over to your nearest campus beacon of inspiration (i.e. the bookstore, the "Y," the End Zone) and purchase the latest issue of Uffish Thought. It is perhaps the most commendable copy yet published, mainly because it is also the least pretentious.

(In case you have never attempted to think uffishly before, allow me to explain. In a word, it is all a matter of lifting your thoughts up out of the gutter . . .)

Now, back to this Uffish Thought's admirable lack of pretensions. First of all, it is short. Hopefully, therefore, it is also selective. It contains no work of poor quality, and seems to have healed from the scars of mediocrity left by its oversized predecessors. Its artwork (photography and cover ink sketches) capture the gentle, precise, and penetrating feel of the writing it contains. Its layout is thoughtful and well disciplined.

Perhaps the most entertaining poem (?) and certainly the most unpretentious, within its moody, Indian-red covers, is a bit of froth called "Outraged Lines," by Dave Mulder, written in the least inhibited free verse Uffish has seen yet:

"So I asked him  
What about our foreign policy?  
Do you think the Dodgers will win?  
How do you like Modigliani?  
Was Spinoza right?  
Where is Ghana?  
Have you read Stravinski's latest?  
Is your sex good?  
Are you a Jew?  
And all he does is just shrug  
So I asked him  
Why are you here?  
And he says  
To live life  
So I hit him in his sarcophagus"

Free verse, though allowed to run quite rampant here, generally produces a better feeling of accuracy than do more tightly disciplined forms of poetry. Here is a short, sensitive piece entitled Grief, written by a modest fellow named Anonymous:

"Grief is condescending;  
It can even be  
felt  
for the flattened  
toad in the dust  
by the roadway."

James W. should approve . . .

## LETTER OF THE DAY

. . . from the Weekly's top faculty correspondent and ace critic, Dr. Bert Ramsay: "Dear Sir: Concerning last week's article: 'Band Frolic Reveals Depth of UOP Spirit . . .,' I should like to express my agreement with the author . . . when he states that 'nothing could be more representative of a true school spirit than students who sacrifice study time . . . to raise money for the band.' I have noticed that the spirit of my students in class is always highest at this time of year."

## EATING MY HAT DEPARTMENT

Unlike the fact that was incorrectly printed here last week, the Gym IS open on Saturday and Sunday afternoons, according to sports department Gestapo captain Eddie Kotal.

Sutter Hospitals-UOP  
To Train Med. Tech.

An agreement has been reached between the University of the Pacific and Sutter Community Hospitals of Sacramento which will result in a four-year program for the training of medical technicians, leading to a Bachelor of Science degree.

The two institutions have prepared a program of study combining three years of academic instruction at the University of the Pacific with a fourth year of laboratory experience and training in the Sutter Community Hospitals.

"We believe this association is mutually beneficial and provides students with the opportunities which would not be within the reach of either institution acting individually," said Dr. Wayne Pollock, executive director of Sutter Community Hospitals.

The first three years of training at Pacific will include the study of subjects specified in the technical fields including chemistry, physics, bacteriology and zoology. The fourth year at the Sacramento hospitals will deal with the technical aspects of the medical field, taught by a faculty nucleus of six physicians, all board certified specialists in pathology, and one physician specializing in hematology.

"The increased use of diagnostic facilities and a rapidly expanding population has created a demand for medical technologists greatly in excess of the supply," said Dr. Robert E. Burns. "To overcome the deficit, national organizations are urging the establishment of training schools in accredited hospitals," he added. California law makes mandatory a baccalaureate degree after 1965, a requirement that makes college affiliation almost essential.

## Letters To The Editor

Dear Editor:

What's with the judges at Band Frolic—or is it the judges? There are cute shows, and then there are really exceptional shows! Seems to me some revision of "the screening process" is in order.

— Kathy Betts

Dear Editor:

D.G. didn't do the judging; they should not be penalized!

— Libby George

Band Frolic Evaluated: Leasure  
Comments On Problems, Success

By MARTHA HARTAN

There have been mixed feelings about Band Frolic this year. Comments have run from the opinion that this was the best entertainment in many years to complaints about the length of the show, crowded conditions in the conservatory, and the judging system. Larry Leasure, chairman of Band Frolic, has commented on each of these counts.

Larry agreed that the show was far too long this year and that some revision is necessary. Several of his ideas for revision are 1) Cut the time of each show; 2) Have different living groups perform each of the two nights with the same judges each night; 3) Have elimination before the shows are presented to the public; and 4) Combine different groups, possibly a women's living group with a men's.

The overcrowded conditions, especially on Saturday night, Leasure felt, might be remedied by holding one of the shows in the Stockton Civic Auditorium.

The judging system caused the most complaint. It is here explained: Judges are local people with an interest in Pacific, but with no leanings toward a particular living group. They are selected by Gordon Finley, direc-

tor of Pacific Band. They are not professionals, and their identity is kept anonymous.

Judging is based, for the large living groups, on a fifty-point standard with twenty points for plot, fifteen for music, ten for choreography, and five for sets and costume. General effect and entertainment value are to be regarded in each of the divisions.

Leasure felt that Band Frolic was a success financially and in entertainment value. He expresses his thanks to the Band Frolic Board of Control and to Ron Ranson and the rest of the stage crew.

Girl (to one-armed driver): "For goodness sake, use two hands."

Driver: "Can't. Gotta drive with one."

## Water-Ski Your Way Through Spring Sports

By DIANA COLBY

Hit it. And with a mighty roar, a trail of spray, hi ho water-skier away . . . splat . . . hit it. And with a mighty roar, a trail of spray, hi ho water-skier, away.

These be familiar words to the water skier ears, especially the resounding splat! But never has a more dauntless, persevering or fearless group emerged as the water-skiers of America. And their season is coming upon us.

As the blossoms burst in all their pink glory and the saplings shoot up at Raymond College, the skiers' eyes turn to the waterways of America. Lemon-yellow banana skis, orange and white striped life preservers, a couple of tangled tow lines, powder blue, and one beautiful, white Glaspar with an Evinrude 75 are dragged from the garage, dusted, and prepared for use. And, we might add, spirits soar.

On the first warm Sunday millions of water-ski kits, similar to the one just described, can be seen on the road heading towards Berryessa, Tahoe, and the almighty sloughs of Stockton. We are lucky to be so well situated. San Francisco doesn't have nice sloughs to water ski on.

You wait your turn to launch your boat . . . for about an hour. But it's worth it. And at last . . . "Now, turn on the motor, George." Sputter, sputter. "George!" Splutter, gurgles, sss.

### Treas. Gary Wiler Transfers \$10,000 From PSA Funds

Gary Wiler, Treasurer of the Pacific Student Association, made it known that the P.S.A. funds have been taken out of the office, and deposited in the bank for the sole purpose of collecting interest.

\$10,000, the general fund money of the P.S.A., has been deposited in the Delta Savings Bank where \$480 annually will be collected from the 4% interest rate. The remaining \$9,000 for the eventual establishment of a Student Union building here at Pacific, was invested in stocks and also deposited in The Bank of Stockton where it will increase with the interest rates. Gary stated that he does not know why this had not been done earlier when such a definite advantage for the University was at hand.

## Prof. Price Leads Annual Tour Of Missions, Beginning April 16

The Sixteenth Annual Missions Tour, eight days of escorted visits to the famed Franciscan Missions from Sonoma to San Diego, will get under way April 16 under the sponsorship of the University of the Pacific.

The stories of the Missions, reflecting the atmosphere and spirit of their age and the Spanish culture in California's heritage, will be told by the padres, curates, rangers and Professor Glenn W. Price, tour director.

The trip, by specially chartered motor coach, will originate at the Morris Chapel on Pacific's campus and proceed across the island country of the San Joaquin-Sacramento Delta and into the Sonoma Hills to visit the Sonoma Mission and old Vallejo Home.

After visiting Casa Grande the tour will continue to Mission San Rafael in Marin County, across the Golden Gate Bridge to Mission San Jose.

The second day the group will visit Stanford Memorial Chapel and the Santa Clara Mission on the campus of the University of Santa Clara for a tour conducted by one of the Jesuit professors. Completing their sightseeing of the Pueblo Branciforte, Pueblo San Jose de Guadalupe, and the Santa Cruz Mission, tour members will travel on to Mission San Juan Bautista for a box lunch picnic before continuing to Carmel and the San Carlos Mission.

The tour will pass through the Monterey Presidio the third day, and on to the crumbling adobe remains of Soledad Mission, Mission San Antonio De Padua, Mission San Miguel and the San Luis Obispo Mission and county museum.

After spending the night at the Santa Maria Inn, the tourists will visit the Santa Barbara Courthouse. Trips also will be made through La Purisima Mission and Santa Inez Mission.

Santa Barbara attractions, including the Mission, County Historical Museum, Museum of Natural History and the Botanical Garden, will conclude the day's activities.

A highlight of Wednesday's activities will be an early California play by the internationally famed Mexican Players at Padua Hills, north of Claremont. The group previously will have visited Ventura Mission and the San Fernando and San Gabriel Missions before spending the afternoon at Huntington Library. A visit to the gardens, ruins and restorations of San Juan Capistrano Mission is first on the next day's

agenda, followed by a stop at Mission San Luis Rey, the Junipero Serra Museum in the old Presidio in San Diego, and by night, a visit in Old San Diego.

A stop-over at Mission Inn the following day will conclude a day of touring Mission San Diego Del Alcala and Pala, the best known of the old missions asistencias. The final day of the tour will take the group to Mojave, over Tehachapi Pass and to Stockton.

Final reservations for the tour, open to students, teachers and the general public, must be received by March 29, according to Elliott J. Taylor, director of tours at the University. Registration for university credit is optional.

Other University tours to South America, the Pacific Circle, Europe and across California are planned for the summer. Information on dates, itineraries and costs may be obtained by writing the Director of Tours, University of the Pacific, Stockton 4.

### Short Story Contest Offers \$175 In Prizes

Cash prizes of \$100, \$50, and \$25 will be awarded to the top three short stories entered in Spectrum magazine's short story contest.

Short stories up to 5000 words in length may be submitted. There are no categories. The contest, which ends midnight Sept. 10, 1963, is open to all registered university or college undergraduate or graduate students.

Stories will be judged by the staff, editors, and faculty advisors of Spectrum, a magazine published by the University of California, Santa Barbara. All rights to the first publication of submitted stories are reserved by Spectrum. Entries must be marked "Contest," and sent to Spectrum, P.O. Box 1762, University of California, Santa Barbara, California.

If contributors wish their entries returned if not used, a stamped, self-addressed envelope should be enclosed.

### Spring Debate

(Continued from Page 1)

both oral interpretation and oratory. Other individual events winners were: Kathy Hocking, oral interp.; Sharon Alexander, oratory; Ken Leiter, expository.

Coach Paul Winters and 24 members of the team left for McMinnville, Oregon Wednesday morning. They are now competing in a dozen different events in the giant "Tournament of Champions" at Linfield College. Pacific has won this tournament four years running and the team hopes to once again bring "Sam," the massive sweepstakes trophy, back to U.O.P.

### AWS Elections Approach; Girls Urged To Sign Up

Sign-ups for AWS officer candidates will be held in Dean Davis's office from March 4 — March 11 at 4:00 p.m. Interested persons may check the qualifications for candidates and obtain petitions in Dean Davis's office.

The elections will be held in the girls' living groups on March 14.

### Band Frolic

(Continued from Page 1)

entry.

McConchie Hall won the small women's living group competition, with a theme of "It's a Fair Life." The plot concerned the story of a freshman's first impression of college life. The McConchie production was headed by Sharon Farrell.

West Hall won the men's small living group competition with Bill Barker singing "My Coloring Book."

## HAWAII

Mrs. Edith S. Adkins, Covell Hall housemother, for the fifth consecutive year has been appointed campus representative of Howard Tours, the original college and travel program for the University of Hawaii summer session and to the Pacific. Applications for 1963 are now being accepted by her at Covell Hall—telephone HO 6-3581.

Next summer's tour of 56 days to Hawaii costs \$589, plus \$9 tax. This price includes roundtrip jet between the West Coast and Hawaii, campus residence, and the most diversified itinerary of dinners, parties, shows, cruises, sightseeing events, beach activities, and cultural entertainment plus all necessary tour services.

Waikiki apartment living, steamship passage, and visits to Neighbor Islands are available at adjusted tour rates. Steamship travel, however, will be at a premium. Therefore, interested travelers should apply early to protect their reservations.

1963 will be the "Big Summer in Hawaii" because this is the biennial year of the world famous Trans-Pacific Yacht Race from Los Angeles to Hawaii, with everybody sharing in the extra fun and added excitement.

In addition to Hawaii, Howard Tours offers a 67-day study program to the Orient and another study tour of 45 days around South America. Both are San Francisco State College summer session study tours offering six upper division university credits. College men and women may call MRS. ADKINS for further information.

## Wife Of Raymond Professor Exhibits Unusual Stitchery Art

Currently, visitors may see at the Pacific Art Center a display of stitchery of Mrs. Bets Ramsey, wife of Raymond College professor, Dr. Paul Ramsey.

In her technique, Mrs. Ramsey not only employs various textural effects created by combinations of threads allowed to "float" across the surface of her background material, she also uses shapes of multi-colored cloth for super-imposed areas. These cloth shapes are applied to the background in such arrangements as to suggest the methods of cubist painters.

Not all of the cloth shapes are used as color alone; many are employed because of their innate patterning and texturing brought about through either weaving or printing when the cloth was originally manufactured. There are floral motifs, checks, dotted effects, gingham, stripes and combinations of several of these designs within designs.

Accompanying two of the creations of Mrs. Ramsey, are poems originated by her husband. One is entitled "Manhattan," the other is "Vernal." These poems were inspired by the stitcheries, which in turn were sparked by original settings referred to in the poetry.

Mrs. Ramsey was born in Chattanooga, Tennessee. She attended elementary and high schools in Oak Park, Illinois. Her Bachelor of Arts degree was earned at the University of Chattanooga. Having studied with Carolyn Svrluga, Scott Johnston and Weimer Pursell, Mrs. Ramsey was qualified to operate the silk screen custom card business that she ran in Chattanooga at a later date. She has also taught art classes for children in Tuscaloosa, Alabama, and in Elmira, New York.

Professional organizations to which Mrs. Ramsey belongs include the York State Craftsmen and the San Francisco Women Artists' Association. She has exhibited at the University of Chattanooga; the York State Craft Fair, Ithaca, New York; and in January, 1963, had a "one-man" show at the Hunter Art Gallery, Chattanooga, Tennessee.

Visitors may see Mrs. Ramsey's exhibit on Mondays, Wednesdays, and Fridays from noon until 3 p.m. and daily from 5 p.m. to 6 p.m. Tuesdays and Thursdays the Art Center Gallery will be open from 11 a.m. until 1 p.m. as well. The show will remain on view until March 10—that being the only Sunday when visitors may see the exhibit. Hours on that date will be from 2 until 4 p.m.

### Recital March 3rd; Pianist To Perform

Constance Neville will be the pianist at the Junior Recital to be held Sunday afternoon March 3, at 4:00 o'clock in the Pacific Conservatory. Miss Neville, a piano major from Berkeley, Calif., was recently a piano finalist in the Fresno Young Artist Awards Contest. She is also President of the local chapter of Mu Phi Epsilon, a professional organization for women majoring in music. After graduation Miss Neville plans to continue her education in graduate study, and then go on to be a college teacher in music.

Selections to be performed by Miss Neville during the recital are as follows: Partita No. 1 in B Flat Major by Johann Sebastian Bach; Sonata Op. 110 in A Flat Major by Ludwig van Beethoven.

### New Tri Deltas Initiated; Westmoreland & Benevich Are "Outstanding Pledges"

The end of Delta Week came on Sunday, Feb. 17, when the fall pledges of Delta Delta Delta received their pins at an initiation ceremony. The new members are: Connie Wilson, Bonnie Benevich, Cathy Westmoreland, and Donna Reinecke. A banquet honoring the new Tri-Deltas followed the ceremony.

Cathy Westmoreland and Bonnie Benevich were chosen Outstanding Pledges of the pledge class, The Sizzling Six.

### Student Union

(Continued from Page 1)

for student union work.

In the course of the past year, the planning committee, composed of representatives of both the students and the faculty, has decided upon the facilities necessary for an adequate union on this campus, and is now awaiting the selection of a proper site by the administration before it begins to develop architectural drawings of the new union.

The final design will include facilities for meetings, recreation, and entertainment, and will be prepared with special consideration to the development of a center capable of bringing together students from all of the university colleges.

### Helen Dooley Paintings Displayed At Raymond

The paintings of Helen B. Dooley, professor of art at the University of the Pacific, are on exhibit at Raymond College on the Pacific campus until March 18.

The exhibit of oils and watercolors is on display in the Common Room, the lobby lounges and the Provost's lodge.

Miss Dooley has exhibited in many galleries including a show last November in the Galleries at Monte Verde and Ocean Avenue, Carmel-by-the-Sea, under the auspices of the Artists Guild of America. Other showings have been held in the Pennsylvania Academy of Fine Arts in Philadelphia, California Palace of the Legion of Honor and deYoung Museum in San Francisco, and the invitational Laguna Beach Art Festival.

She has won numerous awards, among these a first in watercolor at the Society of Western Artists in San Francisco, Grumbacher Award in oil at the Kingsley Art Annual in Crocker Gallery, Sacramento, and an award in the Sixth Annual Exhibit in Contemporary Religious Art in Carmel last summer.

Following an exhibit of Miss Dooley's watercolors in the Pennsylvania Academy, her works were described and reproduced in *La Revue Moderne*, Paris. She is listed in *Who's Who in American Art*, *Who's Who of American Women* and *Index of American Scholars*.

### Slides, Discussion On Chile March 5 at Y

Tuesday, March 5, the "Y" will have a report on Chile by Connie Schrawder who has just returned from a year of academic study in Santiago, Chile. The report will include slides and discussion of the cities and some of the sights and events in Chile.

### Campus Episcopalians Plan Lenten Service

"Create and Make New" is the theme of the series of studies dealing with theological concepts of the Liturgy, planned by Canterbury for Wednesdays in Lent. The study-discussions will be held for an hour each week in the small dining room of Covell Hall at 6:30, following the regular service of Holy Communion, and dinner.

On the five succeeding Wednesdays in Lent, the Rev. Edgar Parrott of All Soul's Church, Berkeley, will be celebrant in Morris Chapel at five o'clock Holy Communion service, and the speaker and discussion leader at 6:30 in Covell Hall. Those without meal tickets may eat with the group, or join it in time for the talk.

Not limited to Episcopalians, the series is designed for those who have found their former concepts inadequate and wish, through study and discussion, to deepen their understandings. For Episcopalians, it offers an opportunity to fulfill their desire for a special study during Lent.

### San Andreas Fault Is Subject Of Talk

On Thursday, March 7, at 7:30 p.m. in the Lecture Room of Anderson Hall, Dr. John C. Crowell, Professor of Geology at U.C.L.A., will speak on what has been called the most striking example of earth activity in southwestern California—the San Andreas Fault. He is being brought to Pacific by the geology department through the medium of the American Geological Institute.

Dr. Crowell will be available for conferences Wednesday evening and Thursday and Friday morning in Quonset 2.

### Enrollment

(Continued from Page 1)

more class is the smallest, with only 359 students, a loss of 80 students from last semester. In other classes there are 471 Freshmen, 411 Juniors, and 455 Seniors. Of a total of 316 graduate students, 113 are full-time and 203 are part-time. With a grand total of 2224 students, Pacific has 1816 full-time students and 408 part-time students.

## Larry Leasure Heads New Project; Student-Alumni Relations To Improve

There is a new philosophy at the campus alumni office — that a Pacific grad should be an alumnus early in life. To implement this "instant alumni" program, Larry Leasure, a musician and student leader, has been added to the staff as assistant manager.

Leasure is in charge of a new student-alumni relations program designed to stimulate interest in Alumni Association activities and to encourage students to take part in these activities early in their alumni life.

"There has been noticeable interest in alumni programs on the part of younger graduates," Jerry Kirsten '47, Pacific Alumni President, commented.

A former student of another Pacific grad, Henry Brubeck, who is head of the instrumental music program for the Santa Barbara school system, Leasure arrived on campus as a freshman with a reputation of musical talent. The baritone has cut Capitol Records as part of the team, "Frankie and Larry," and completed a 1½-month promotional tour from Canada to Mexico.

As drum major, Leasure, has strutted at the head of Pacific's band for three years, and has just completed his third year as chairman for the Band Frolic.

## JOBS IN EUROPE

Grand Duchy of Luxembourg Mar. 1, 1963 — Would you like to work at a Swiss resort, a Norwegian farm, a German factory, a construction site in Spain, or a summer camp in France? Thousands of paying summer jobs (some offering \$190 monthly) are available in Europe to U.S. students.

The American Student Information Service, celebrating its 6th Anniversary, will award TRAVEL GRANTS to first 1500 applicants.

For 20-page Prospectus, complete selection of European jobs and Job Application (enclose \$1 for Prospectus, handling and airmail reply) write, naming your school, to: Dept R, ASIS, 22 Ave. de la Liberte, Luxembourg City, Grand Duchy of Luxembourg. The first 8000 inquiries receive a \$1 coupon towards the purchase of the new student travel book, Earn, Learn & Travel in Europe. —Adv.

The son of Mr. and Mrs. Paul Everett, Leasure comes from Santa Barbara. His father is executive vice-president of H. C. Stevens Corporation.

Leasure's name appears in Who's Who in American Colleges and Universities for 1963. His other campus activities include Pacific Jazz Workshop, Rally Commissioner, Blue Key honorary, Phi Mu Alpha-Sinfonia, Phi Sigma Kappa, and Student California Teachers Association.

The Board of the Alumni Association has appointed a student-alumni committee, headed by Cornelius M. "Bud" Sullivan '55 to develop an alumni relations program for students on campus. Leasure will also work on this committee. Other committee members are students, Robert Sauers, Phi Sigma Kappa; Ben Kwong, Phi Sigma Kappa; Howard Campbell, Phi Sigma Kappa, Montana; and Meredith Muller, Delta Delta Delta. Alumni members are Joan Ulrich and Paul Berger.

## Eleven Pledge Kappa Psi; New Officers Elected

After a week of rush functions the Gamma Nu chapter of Kappa Psi Pharmaceutical Fraternity initiated eleven men as pledges. Receiving their pledge pins on Feb. 20 were: Mike Byrne, Mike Crawford, Royce Friesen, Ron Rosen, Ron Maria, Barry Mayfield, John Reis, Jack Schalo, Lionel Sequeira, Tom Tucker, and Tom Tyrell.

The first in a series of professional projects for the pledges will be the contribution of their services to the K. O. Polio clinics to be held Sunday, March 3.

The Kappa Psi's also elected new officers for the coming semester. Richard Cornelius is the new president. Other officers are: Bill Cody, Vice Pres.; Jim Meek, Rec. Sec'y; Stan Poncetta, Treas.; Jim Moore, Corr. Sec'y; Dave Kwote, Chaplain; Milt Nichol, Historian; John Brenner, Sergeant-at-Arms.

## AKL Dance Theme 'Omnibus Of Sounds'

Plans have been laid for a "Like Sound!" dance to be put on by Alpha Kappa Lambda Saturday, March 2, with a theme of tribute to the music of our times. An omnibus of the great sounds will include the "Big Band Era," the classics of popular music, as well as the sounds of modern jazz, standards, and the new traditional ballad or folk song.

Also to be heard is a swinging singing group — "The Cannonballs" — which features several popular ballads as well as some fine original tunes. Stereophonic music will be programmed on tape from several extensive music collections, so that those attending may try out their best dance step.

The event will be held in the Garden Room of the Stockton Hotel.

## Med. Center—

(Continued from Page 1)

of medical sciences to be held in a building provided by the medical center. A post-doctoral "master of surgery" degree will be granted by Pacific.

3. A grant from a national foundation, which Pacific is hopeful of receiving will enable them to conduct an extensive study on the establishment of a medical school at the center.

President Burns stated that the medical center location, in the area of the original Stanford Hospital building at Clay and Webster streets, is ideal for a medical school because it already provides a medical library and nurses' building, and two research buildings which are in the master plan.

## Claudia Olson

(Continued from Page 1)

ments, and serving as the inter-collegiate representative for Pacific's AWS, Claudia discovered her weekends and spare time filled to capacity.

Claudia resigned as chairman with the hope of serving as an ex-officio member of the committee. She is still very enthusiastic about the honor code.

## Bruce Brown And Libby George—Worthy Personalities This Week

Two more of Pacific's outstanding students are spotlighted for this week's Student of the Week. The personalities are no other than Bruce Brown, talented music major, and Libby George, gifted drama major.

To begin with Bruce, because Brown comes before George in the alphabet, we all remember him most as "the one who sang a solo in the 'Messiah'" or "the one who participated in the opera 'Tales of Hoffman'."

Bruce is 21, and about to graduate this June, after which he hopes to either enter graduate school, or begin to teach music theory which is his eventual goal.

He is a member of the Band Frolic winners, Phi Kappa Tau, and is very proud of his fraternity and wouldn't have missed the fun for anything. When asked about Band Frolic as a whole, he volunteered two suggestions for possible adoption.

First, that auditions be held for each living group, and that some acts be eliminated after Friday night's performance in order to cut the length of the entertainment and also increase the excitement of the winning act. He also mentioned that the students are not told who the judges are, and that there is no reason why they shouldn't be announced, if for spirit only.

Among Bruce's other activities this year are included, Blue Key member, also member of Phi Mu Alpha, and the assistant water polo coach. Bruce lives off campus this semester, and works as a life guard and swimming coach at Lincoln Village each summer.

Our other personality of the week, Libby George, is an active member of the Alpha Chi Omega

ga sorority, although she won't be living in the house until next year.

Libby is 20 years old, and a junior. She hopes to become a professional in the theatre, or to teach drama to junior or senior college students.

Libby's personality is quite adaptable, and she is well-liked by all who know her. She has an amazing sense of humor. According to her sorority sisters, Libby was honored by being chosen Alpha Chi Omega's outstanding pledge of last fall's pledge class.

Her comments on Band Frolic, in which she played a leading role, were similar to Bruce's. She feels that it was definitely too long, and that some sort of a process of elimination should be adopted. Perhaps a combination of three or four of the big and small living groups.

Libby has lived in England for three years, and in Germany for four years. She attended the University of Maryland's extension campus in Munich, Germany, her freshman year of college, and transferred to U.O.P. at the beginning of her sophomore year.

Among her activities are her leading role in the opera, "Tales of Hoffman," "A Breath of Spring," and "Dinny and the Witches." She was also recently elected social chairman of her sorority house.

During the summer she joined the Fallon House summer stock theatre in Columbia, where she participated in four out of five of their performances.

## Jazz Lecture At "Y;" CBS Composer Speaks

On March 7, Edgar Summerlin will discuss "Jazz" at the Anderson "Y." Edgar Summerlin is a composer of jazz liturgy, and has published a jazz liturgy album for the Protestant church.

Mr. Summerlin is now working for CBS and has composed several jazz programs for the television show, "Wake Up and Live."

## Huber's Highlights

Band Frolic Wins Over Sports;  
Dean's Office Shows Preference

By BOB HUBER

Last Friday night the Tiger basketball team met the Santa Clara Broncos in the civic auditorium. The attendance was a meager 500 people composed mostly of Stockton citizens rather than Pacific students. Why was the attendance so poor on the part of the Pacific students for a Friday night game?

This Friday had the distinction of being selected, and put on the school social calendar by the Dean's office for the annual Band Frolic. Band Frolic and sports are activities in which the student body as a whole is involved.

It would have been just as easy to schedule Band Frolic for the weekend of February 15-16 when the basketball team was on the road. The only thing on the social calendar that would have conflicted was a movie scheduled at Anderson "Y" which could not, due to lack of space, involve the entire student body.

Also in as much as many living groups started the preliminary work on their Band Frolic way before semester break, there would have still been ample time to prepare for the show.

The scheduling of this annual event on the same weekend that a home basketball game is played shows a definite lack of regard for the basketball team and the sports program as a whole by the administration and the Dean's office in particular!!

## POOR TIGER TURNOUT

I attended the Tiger-USF basketball game last week to find a very poor turnout on behalf of the Pacific students. And people wonder why we don't have a winning basketball team! It seems to me a winning team is composed of three elements—coaching, material, and support. The latter element has failed miserably this year.

The yell leaders really looked nice at the USF-Bengal game. I am sure that their sweaters will be almost like new and can be worn once again next year. But I am not so sure about the sitting section of their pants. Also they must have been saving their vocal cords for Band Frolic!

## AS A GAL SEES SPORTS

The Weekly is proud to announce the addition of a new writer to its staff. The writer will have her own column "As A Gal Sees Sports" and she will explain the techniques and rules of the various intercollegiate sports from a woman's point of view. It is hoped that her column will create a greater interest in the sports program here at Pacific on the part of the students of the fairer sex. The Weekly welcomes the addition of Miss Nancy McCallister as our woman sports writer.

Dr. Carl Voltmer, director of the intramural program, has changed the date of the intramural track meet from March 2 to the latter part of April or early May. A definite date will be announced later in the semester.

Just before we go to press we have the scores of the Cal-U.O.P. swim meet and the St. Mary's-U.O.P. basketball game. In the swim meet with University of California the score was tied 44-44 going into the last relay. The Cal splashers just edged the Tiger mermen in the relay and won with a 51-44 margin. Gary Wycoff, who pulled a muscle in his back just the day previous, was the outstanding Bengal swimmer, breaking the pool 200 yard backstroke record.

In the Tiger-Gael basketball game the final score was 76-69 in favor of St. Mary's. Steve Gray of St. Mary's was high point man in the game with 30 points. Jim Scheel was high scorer for the Bengal hoopsters with 14 points.

— A SOCIABLE MEETING PLACE —

Hoopmen Defeated By Santa Clara  
68-59; Refs Maim Tigers

The Tiger hoopmen are still seeking their first WCAC victory for this season.

Last Friday night the Tigers compiled their sixth straight loss and their 14th defeat in their last 15 games. The Bengals stayed with the Santa Clara Broncos pretty well in the first half and trailed only 35-31 at the midway intermission. John Scheel was the top Pacific scorer with 11 points.

The referees signaled down 43 infractions and Tiger coach Van Sweet felt that it left something to be desired.

In fact, Sweet and referee Jack Hanley had hot words for each other just before the half and as the two clubs walked off the court at the midway point.

Hanley came over to Sweet and asked what the trouble was. The Pacific coach told him, "You are the trouble. I'd like to see you call a 50-50 ball game."

Despite the loss, Pacific won the rebound race, 52 to 44. Missed free throws hurt the Tigers as they made only 17 of 31 courtesy shots awarded them. Both teams made 21 field goals.

Previously, the Tigers were defeated by the University of San Francisco Dons 63-50. The Dons led the WCAC teams in offense, defense and team field goal percentage. They also have one of the conference's top sophomores in 6-8" Ollie Johnson.

The Dons made 12 ball-handling mistakes to five for Pacific but USF's field goal percentage topped the Tigers (.415 to .250).

Pacific jumped ahead, 6-2 and the score was tied 7 times, the last 17-17, before the Dons went ahead, 30-22, at the intermission. Rich Davey's 11 points was tops for Pacific. USF had defeated Pacific, 64-41, earlier this year at San Francisco.

Two Tigers were hampered in this game with injuries. John Scheel had an ailing foot. Charles Strambler has bursitis in the knees and may not see much action the rest of the season.

J.V. Basketeers Rap  
Santa Clara, 58-53

The Pacific junior varsity basketball team defeated the Santa Clara frosh last Saturday by a 58-53 score. It was a "good team effort" for the team coached by John Nicholls.

Three days previously, the junior varsity team defeated the Santa Clara frosh by a 58-53 score. (Continued on Page 7)

Baseball Coach Bob Vanderwall Obtains  
34 Recruits; Hasn't Chosen Starting Pitcher

Coach Bob Vanderwall will have 34 baseball players to mold this season. The season opener will be next Friday, March 8 at 2:30 against Los Angeles State which was rated in the top 10 baseball NCAA standings last year.

The baseball team is a young and coming club composed of 11 freshmen, 7 sophomores, 9 juniors and six seniors.

It is encouraging to see 11 freshmen turn out for the sport even though there are no full scholarships given. The primary freshman candidates are Rod Collins, pitcher; Scott Fox, infielder; and George Grisenthwaite, at shortstop.

The starting line-up will probably be, according to coach Vanderwall, Dan Beck, second base; Dick Davey, catcher; Ed Fruzza, left field; G. Grisenthwaite, at shortstop.

Santa Clara				
	fg	ft	pf	tp

Vrnkovich	5	3	1	13
Turner	0	0	2	0
Jaroch	0	0	0	0
Totals	21	26	21	68

Also on the starting nine are Duane Isetti, right field; Eric Jacobs, centerfield; Daryl Sevrens, third base.

The pitching staff consists of Rod Collins, Jim Dodge, Ivar Kent, Don Stagnaro, and Bob Marconi. Marconi as a freshman led the league and the NCAA in earned runs.

This year there are 25 games on the horsehider's schedule, twelve of these are league games. The league is composed of Pacific, U.S.F., St. Mary's and San Jose.

See last week's issue of the Weekly for a complete schedule of the baseball games at Billy Hebert field and on the road.

## Athlete Of Week

Scardina Key Rugby Figure;  
Leader In Overall Club Scoring

The "Athlete of the Week" spotlight shines this week on a 5 foot 10 inch, 195 pound fellow named Bob Scardina. Bob, a 21 year old junior from San Jose, has been a key figure in the success of the Pacific Rugby Club this season. Against the Peninsula Ramblers Bob scored three tries to lead the Black Knights to their second straight win of the season.

In the game with St. Mary's last week-end, Bob stood out as the key spoiler of many St. Mary's plays. Although St. Mary's won the match, Pacific fans went home after seeing a very exciting and well played game. According to Bob, "It was nice to see people out there to watch us. We really appreciated it."

When asked about the chances against the rough San Jose team this Saturday, Bob replied in a mild manner, "It will be a nice, rough, typical San Jose-Pacific rivalry. It is unpredictable."

Bob is majoring in sociology and plans to either attend a graduate school of business or join the Marines upon graduation. His secret desire is to get the rugby team on its feet and win the upcoming Monterey Tournament. He

also would like to survive the next football season.

Under his "likes" side of life,

BOB SCARDINA

Bob really goes for Greek music and Greek restaurants. When asked to explain his answer, he replied, "I had a deuce of a good time at a Greek restaurant that my parents took me to over Christmas vacation." Perhaps some of the ancestral Roman grandeur and Greek glory showing through.

Congratulations to our "Athlete of the Week," Mr. Bob Scardina.

An article entitled "Janio Quadros and His Conscience," by Dr. Warren B. Martin, provost of Raymond College, University of the Pacific, has been published in the October issue of *Ethics* magazine. The international journal of social, political, and legal philosophy is published quarterly by the University of Chicago Press.

St. Mary's Hands Scrumboys First  
Defeat; Gaels Over Tigers, 14-6

A well-coached and well-conditioned St. Mary's Rugby Club handed the Black Knights of the Calaveras their first defeat of the season last Saturday at the Stockton College Field.

The final score of 14-6 was only the barest indication of the rough and tumble game that was played. Several players on both teams spent Sunday nursing a multitude of bruises and other minor injuries.

Pacific's Black Knights scored the first try early in the game when they caught St. Mary's off guard. St. Mary's then tied the score with a penalty kick, but Pacific was in the lead again by the end of the first half when they scored another try. The two Pacific tries were scored by Bob Scardina and Bill Reed.

Action in the first half indicated that the game would be a repeat of Pacific's two previous victories. The tables were turned in the second half, however, when the fired-up St. Mary's Gaels came back and ran rampant through Pacific's defense.

A crowd of about 95 people watched such outstanding players as Larry Leitch and John "Red" Phillips bewilder the Gaels with their antics. In addition to the regulars who put forth their best effort for the cause, two newcomers, John Alsup and Chuck Verduzco, did a commendable job. Also new to the Club are George Hess, Gene Vaughn, and Dan Donolley.

Tomorrow's game is scheduled against San Jose City College at

## J.V. Basketeers

(Continued from Page 6)  
ior varsity was battered by the University of San Francisco freshmen by a 83-38 margin. Leading Tiger scorers were Gary Vaughn and Jim Henderson, with 12 and 10 points, respectively. The score at half time was USF frosh 39, Pacific JV 23.

Team members include John Camou, Daryle Severns, Ken Dyson, Gary Hershbein, Mike Lorenz, Doug McAdams, Henderson, Vaughn, and coach John Nicholls.

## AS A GAL SEES SPORTS

Rugby's Just Like Football, BUT...  
No Pads, Helmets & No Time-Outs

By NANCY McALLISTER

This week introduces a new feature for the Pacific Weekly; a gal's look at sports. For those girls who can't make heads nor tails out of the action on the field or in the courts, this should be of some help. It is my hope that by explaining the rudiments of the game, you will be better equipped and more willing to join in on the fun of watching.

Singe rugby is a relatively new sport to this campus, let's take a look at how it is played. To begin with, there are 15 men on a team. They wear no pads or helmets for protection. The field they use is 110 feet by 75 feet, slightly larger than a football field. The ball is in the shape of a football but is larger and lighter in weight.

The object of Rugby is to kick or run the ball over the goal line and then fall on it, scoring a "try." The try is worth three points and the conversion (the same as in football) is worth two. The only way to score is when a penalty kick is awarded to the team and they succeed in getting it over the goal posts. A penalty kick is worth three points.

There are no time-outs or substitutions in rugby. These rules have been modified somewhat for the young west coast teams, however. Ideally, the two teams play two 40-minute halves with only a short half-time break.

Rugby has two basic formations; the scrum and the lineout. The scrum consists of eight men. These men are the ones who gather in a circle-like formation with the opposite team and hold up the two men (one from each team) why try to hook the ball out of the center with their feet. The ball is then passed to the backs who try to run and kick it down the field.

The ball can be passed, kicked or dribbled with the feet. Play is not stopped until the ball goes out of bounds. It is then that the lineout takes place. The members of the opposing scrums form two lines perpendicular to the sideline. The ball is thrown down the center of the two teams and the struggle begins to gain control of the ball. Play following a lineout is the same as that following a scrum.

Pacific's home rugby games are played on Saturday afternoons at the Stockton College Field. Why don't you come on out and see if this description has helped any. Then, if you have any questions, direct them to me at Covell Hall and I will find out the answer.

The next home game will be Saturday, March 16, at 1:30 at Stockton College Field against the San Francisco Ramblers. Come on out and watch a real exciting, fast-moving game. The fellas would sure like a good-sized rooting section to cheer them on to victory. Incidentally, the Black Knights have compiled a two-win, one-loss record so far this season. Pretty good for a bunch of fellas just out to have a good time!

### Academic Standards—

(Continued from Page 1)

Committee finds itself involved in several other academic projects. In recent weeks, it has reviewed the effectiveness of Dead Week as an instrument for encouraging uninterrupted study; it has begun a survey of college expansion plans as they relate to the needs of the existing campus, and it has undertaken a study of the effectiveness of student evaluation surveys on other campuses as a measure of academic improvement.

The Academic Standards Committee is concerned with the educational problems of all segments of the Pacific family, and would welcome any suggestions of academic problems which might become the basis of future committee action. People with problems which they feel should be discussed, may contact any of the following members: Dr. Ding, Dr. Payne, Mrs. Kreiter, Dan Wolfe, Terry Miller, Cynthia Woodruff, and Roger Randall, Chairman. Remember, this is a committee designed to serve everyone in any way it can.

plained, his fraternity experience has tended to accent the predispositions he entered with, and maybe even to narrow them.

"The main function of fraternity life is social, in the broad sense of this word," and according to Dr. Zimmerman that includes all of the many facets of life.

He also cautioned students against bandwagoning it, being influenced by a popular movement and not making an individual selection.

In closing, Dean Zimmerman summarized his advice in this manner: "The college man needs to realize that his choice of a fraternity will affect all aspects of his remaining years in college. He should therefore choose carefully the group of men who will effect these changes."

### 11:00 Library Hours? Petitions Circulating

Petitions to change library hours from 10:00 p.m. to 11:00 p.m. on Sunday through Thursday nights have been circulating all living groups on campus.

According to Claudia Olson (Intercollegiate Associated Women Students) representative the petitions were sent to living groups by AWS because freshman girls are the only ones who have 10:00 week night hours, and a good half-hour to hour of valuable study time is lost by other students through the early closing time. The petitions are to be returned to Claudia today.

If a substantial number of students have signed, further action will follow.

### I guess I'll Have to Hide!

All I did was wear my new A-1 RACERS to school. You'd think I was a star, the way the girls mob me. I'm not conceited ... I know they're RACERS fans!
