Annie is enjoying her visit
 to California very much
 her health is much better
 and recently John has been
 made very happy over the
 addition of another daughter
 to his household -
 and now Dear Daniel
 with much love to you and
 Emma and all the children
 I am as ever affectionately
 Mother's

W.S.

Have just received a letter from
 Tom containing a fig leaf and
 an olive branch which I enclose
 to you
 Mother's

Portage Feb 18th / 1886

Dear Daniel

Your letter of
 the 7th last containing so
 many kind enquiries came
 in due time -

I am glad to be
 able to inform you that
 my health has been quite
 good this winter, although
 the weather has been very
 severe at times -

I walk out of doors as much
 as I possibly can and I am
 much benefited by doing so
 The house we live in is
 a large new comfortable

- brick house which
we rented for a year -
and we have now engaged
to stay in it for another
year - although I am
now too far from my old
friends and neighbors

David is very kind
and always ready to do
any thing that will add
to my comfort and make
as a visit once a week no
matter what the weather
may be - his daughter
Annie is an excellent house
- keeper - Carrie having
gone north to teach school
and his two boys are
attending to their studies

Regarding Sarah's health
I think she requires rest
more than medicine

When you see John Truel
he can tell you all about
it if he wishes too

I am very glad to know
that you now have such
a good business, and above
all that your health has
been quite restored, and
that Emma and the
children are all enjoying
good health -

With a thankful heart
I praise God from whom
all these blessings flow
with which we are daily
surrounded
