I dear Louis here is more of them snakes "whirled & whizzed like a wheel" "big as my thigh & head like my fist" all of them you see better & bigger than John Muir.

and when & when is that fatal interview to end. How many more idiotic articles are to grow out of it

"Muir's Strange Story"

"Elephants bones are sticking in the Yukon river Says geologist John Muir" "Behrmay Straits must be bridged. because Behrmay Sea is shallow" Oh Oh if the Examiner would only examine its logic!!! Anyhow I shall take fine cautious care that the Critter will not Examine me again
