My dear Mr Johnson

I'm up to the zeals in
Tokay Muscat & Yonfandel, fairly
stupid with excess of industry, shipping
about 2000 boxes of grapes every day.
Hope soon to be free for real
work in the wilderness. Have seen
Robinson. Don't like his sketches much.
My own are more telling I think.
I want to take another run into the
Kings River Yosemite before I write,
& if the weather remains quiet I will.
Saw Kerr & Prof Davidson about
the Elias business. I guess Kerr is
all right. I wish is wild about
your success in Yosemite reform.

I'm afraid I can't help you
much in describing limits -
in a map way for the
Kings River Reservation.

Don't know what a township
is or a surveyors range.

Have not yet written much
about Yellowstone. May spend
next summer there.

Many thanks for your hard
wise work in saving the
bloom of the mountains

Ever Cordially Yours

Will send you some photos of myself
when I can send them.
I will want the U.S. returned
