Dear Miss Bell,

I saw Prof Bradley and worked him for all I could get. It will be impossible for him to write the leading article - he says that Miss Graydon - of whom I spoke to you - should do that - but he promised to give us, in time for the December number, a complete bibliographical account of Mrs. Muir, with appreciative comment. I think we are lucky in getting this, (which would in itself be of real literary

value) as Prof Bradley is very busy this term.

I am pretty sure that we can get Miss Graydon to write, - these two, together with your contribution, ought to be a substantial basis upon which to build our hopes.

How do you think the announcement ought to be made with-

Prospectus - thought of putting something like this -

Muir Number -

The name of John Muir has ~~been~~ long been prominently identified with California, its forests & mountains - The Magazine

will issue a special illustrated Muir number ^{appreciative} containing sketches of the naturalists life & work
