HENRY C. MYERS,

INSTRUCTOR IN CHEMISTRY

Stanford University, Cal. Jan 25 97

My dear Mr. Davis

Your kind and aptly worded note on the Tehuipite article is at hand. I am glad you are pleased with it, and am also glad you find it too short rather than too long.

I realize with astonishment the remarkable feat of your first trip to Tehuipite and back - three days without food.

I am sure I never was capable of such a feat even if I could have known the way thoroughly, - I should probably have strayed widely from the course. I shall look forward sometime

before long to the pleasure of visiting you at Monterey when Department Affairs to a busy man - and will give you due warning of my threatened invasion.

Sincerely yours
John Stillman
