My dear Mr Muir:-

If I excuse you from writing " Geologic California", will you undertake the scenic part of it, as you indicated in your first letter. If you will, it will take about 2400 words or five or six pages. I hope you will not disappoint us in this matter, as it is very important that this work should be well done, and I know of no one who can do it as well as yourself.

Yours very truly,

John Muir Esq.
