ARNOLD ARBORETUM,
HARVARD UNIVERSITY.

Jamaica Plain, Mass.,..... May 24,..... *1897.*

My dear Muir#

Nothing new about the forestry situation. The report has been printed a long time but for some reason or other Bliss won't let it out, being afraid, I fancy, that it may interfere with some scheme of his own.

I am writing today to ask you to tell me how many years the leaves of *Pinus Sabiniana* remain on the branches. I dare say you have noticed about this and can tell me without trouble. As far as I can judge they fall in the third year.

An early answer to this question will oblige me.

In haste,

faithfully yours,

C. S. Sargent

John Muir, Esq.
