CHAS. MOHR, Ph. D.

931 DAUPHIN STREET.

AGENT FOR

THE DIVISION OF FORESTRY.

U. S. DEPT. OF AGRICULTURE.

Mobile, Ala., Jan 27th. 1899

Dear Mr. Muir.

I took the pleasure a couple of days past to mail to you a copy of the second edition of the Southern Timber Pines, which has been lately issued. I shall be happy if you will accept the book in kind remembrance of the hours you did spend with us in Mobile.

The present is a strange winter with; cloudy skies, scarcely interrupted by bright sunshine, continued chilly damp weather with frequent storms, and ~~long~~ heavy rains prevails almost constantly. In consequence I am doomed to indoor life, and have more than my wated share of rheumatic troubles and heavy coughing spells. Matters are progressing nicely in regard to the progress in the publication of the Plant life of Alabama. I am hard at work to meet the suggestion to add to the catalogue of Vascular Plant in connection with the work, the Cellular plants so far known to occur in this State.

With my warmest wishes I am truly yours

To John Muir Esq.

Charles Mohr

Martinez, Cal.

P.S. Please paste enclosed slip on the fly leaf of the Timber Pines.
