Martinez, Feb. 16, 1899.

My dear Prof Sargent.

I'm going to the City in a day or two & will hunt up the pictures. I have written to two Skagway inhabitants - about the bush flowers & hope to get them.

You expect me to make the effort of my life on your book. It bids fair to take all my life. What with Gopher & a swarm of distracting interruptions

I get little done this winter almost nothing. Mrs M. has been laid up with Gopher over two months & is still confined to bed though a little better.

I have been writing a good many sheep letters - a disagreeable business. You perhaps had better write to the President & the Land Office. Glad to learn you & family are better. Ever Yours  
John Muir

books are now putting forth leaves & flowers. Winter gone & nothing done.
