March 25, 1900

My dear friend Murr -

Wife & I were preparing to start on our journey up the coast, when word came the other day that I must come home at once.

A land suit involving title to property of great value in which I am a very important witness is set for hearing April 3. The rightful owner is a personal friend of mine and my testimony will save him the property, so I must go home at once.

We leave day after tomorrow, and we both regret exceedingly that we cannot see our dear friends at Monterey or Berkeley before going home, but it can't be helped this time.

We rec^d your letter of the 25th ult in which you said "If you can't come here, I'll be down there as soon as I can get a confirmed article off my hands".

I did not write you to come because I thought it would be hard for you to get away and we had our tickets home by way of San Francisco. I exchanged three tickets for tickets via the Santa Fe as I fortunately could get a driving room on that road on the 27th & it would be hard to get like accommodations up the coast as so many have gone & are daily going that way home. It was our intention to spend a week or ten days at Santa Barbara, a few days at the Del Monte in Monterey & about 2 weeks in San Francisco, but you know what "Bobby" Burns said about the plans of mine & men - wife joins me in sincere regards to you all. Yours truly, H. S. Bell
