DEPARTMENT OF SYSTEMATIC BOTANY

WILLIAM B. DUDLEY, PROFESSOR OF BOTANY

Sept. 24. 1906

Mr. John Muir.
Martinez Calif.

My Dear Mr Muir

I am sending in to-day, my resignation from the Directors of the Sierra Club. I am to be absent from our University, for a year, or more - taking my sabbatical year. I have been somewhat run down for the past two years, and intend to take some rest ~~and~~ and travel.

I am notifying Mr. Colby as Secretary, but I write to you to express to you personally the great satisfaction it has been to me to be associated with you in a work and in objects I was deeply interested in. It was one of the greatest pleasures of my life in California, and I need not add, a great honor. I congratulate you, that the work in which you led so many years, slowly building up a public sentiment, has advanced so rapidly during the past few years. With the sincerest regard and respect,
I am yours truly,
W.R. Dudley.
