DEPARTMENT OF
VERTEBRATE PALEONTOLOGY

My dear Muir:

I was delighted to get your letter of December 29th, and am glad you agree with me that discovery is better than even the highest executive office. I am hurrying off to Egypt now on an important exploring expedition. All I can add is that we frequently think of you, and all the family send you love and good wishes for the new year.

Yours faithfully,

Grant J. Osborn

Mr. John Muir.
