in the mean time
written some about the
forests & if you could
direct me as to how
I secure them?

John is just
16 yrs. old but his
collections for a child
are very wonderful
& of value & great
interest to me —
we brought home
a few samples, but

Professor
John Huber
My dear Sir

P Some time during
last August, I had the
very great pleasure of
meeting you & your
handsome young daughter
out at the Canyon
of the Colorado. At

03834

The grand view ^{C27} holds.
And ever since
I have never written you
& thank you for your
very great kindness in
so clearly directing us as
to the locations of the
different prepared forests
at Adamawa.

But for your
enthusiasm, I am
afraid I might have
passed seeing such a
wonderful and

grand sight ^{C33} as we found
it to be. My joy, delight
and happiness there
was intense. And I
only wished you could
have been there - We
did want to know
so much about the
forests & work.

And since home I
have found no
books to aid me.

I am wondering
if you have not

²⁶³
I can & we shall
prefer! It was a
most exquisite day.
and the scene was
fairly land like &
me

our presence and
family were very
kind to us.

I longed for more
time but school
hurred my try

²⁷³
home. He had to be
here Sept. 4.

If you journey
Eastward. And you &
your daughter pass
through St. Louis.
do let me know ahead.
Just write or wire me
and John & I should
be so charmed to
do all we could for
you in our city

very truly yours
(Mrs) Anita Glasgow Fallon
4202 West Pine St
St. Louis.
Mo.

Feb. 8, 1907-

could not find any
root pieces 
are any such possible
to find - and you
spoke about some
pieces showing leaf
connections.

In which
forest did you find
them? We went to the
North forest & the rear
of the painted desert
