Dear Mr. Miss.

From letter of Aug 21
reach. I was at Mr. Logans house, on
Long Island Sound near Darien Conn.
we returned from there about 10 days ago,
when I spent about 5 weeks sitting on their
wide porch surrounded by rocks & trees,
looking out on the Sound and breathing the
salt air - It did me a world of good,
but poor Fay (Mrs. Peller) had a hard time
of it. Soon after our arrival there an
abscess made its appearance and after weeks
of pain & suffering it has now developed
into a fistula. It was the care of her that
prevented me from answering your letter
earlier, and is preventing us from starting
to California. It has been decided that she
will have to go to the hospital & have it cut out.
She dreads it very much & I am anxious over
the operation, as there is danger in giving
her an anesthetic. She will probably go to the

03947

hospital in two or three days from now
and if everything goes well, she will be
able to leave for Pasadena in about
a month.

I am pleased at the proposition of turning
the Hatch Hatch into a reservoir and
wrote Garfield King of Ontario. Don't let
them do it.

With kind regards to you all

Sincerely yours
A. H. Silliman
