Dear Mr Muir—
We were greatly shocked at what you wrote about poor Helen— The desert is an interesting place to visit but to be banished there for two years seems very hard— I did not answer your letter because I was trying to find some one who had acquaintance at Mohave— Barstow or some other "eating house town" on the desert, but so far have not succeeded— I met Lukens the other day, he recommended your going to a ranch near Daggett, but I thought it would be better to get near some town where there was a Harvey eating house so you could get eastern beef— Neither he nor I know whether you have started yet or not, but hope daily to hear from you—
We are not in our house yet & it looks as tho' it would be at least 2 weeks more before we get there— It seems an interminable job to get it ready— Our goods & servants are all here. Let us hear from you when you get located— Mrs Sellers joins me & love sympathy for you both
Yours sincerely A H Sellers
