Mr. John Muir

Dear Sir

I am mailing you, under separate cover, Circular No. 4 entitled "Native Growth for Planting in California" written by me (as a member of the Outdoor Art League) for the Fourth Biennial Report of State Forester Homan.

We feel sure that you will be in sympathy with the subject of the pamphlet the preservation of the original landscape by the planting of native growth.

You will see that I have taken the liberty of quoting from "Mountains of California". I am glad to have the opportunity of telling you what a delight and inspiration this book
