from the Library written by John Burroughs in which he gives a fine description of the Harriman Alaska Expedition. The article was entitled "In Green Alaska" I enjoyed it very much. I have your notes on the Pacific Coast Glacier, written after that same trip and have also heard you talk of it.

I shall hope to hear from you when you have time and then I can reply to Mary. I hope you are keeping well this winter. We here are all usually well. Affectionately
Sarah.

Dear Doctor John

When you wrote to me last, you mentioned Joanna's plan for a family reunion the coming spring or summer, and later I thought from her letter she had given up the thought for the time at least.

About two days ago I received a letter from Mary in which she asks what I thought about a reunion. She says "Do any one on your side of the globe encourage the thought", as it will soon be time to consider

or give it up for another year.¹⁷
 I went to David and talked
 the matter over, and he thought
 it could be managed only
 he thought it would be
 very hard on Maggie. he did
 not know how she would be
 able to bear the excitement of
 it all. so I thought I
 would ask what you thought
 about it too. I did not
 think best to write to
 John Reid or Maggie as it
 might stir her up too much
 just to be thinking about it.
 If they come we will expect to have
 them here too either before or after their
 visit in the Valley. I thought best.

In a letter from Dan's wife she
 said that he was getting to be
 about normal but had still to be
 cautious. she also said that they
 were looking forward to a visit from
 Joanna and her daughter the coming
 summer.

A short time
 since I had a few words from
 Maggie Lunan, she said her
 mother was wonderfully well.

In the February number of
 the "World's Work" I see a very
 good and characteristic picture
 of you in the Yosemite with
 John Burroughs. You look
 so perfectly natural and easy.
 Not long since I had a book
