He is an all round man
 in Science and without
 pretension of any kind
 & I am sure you would
 like him. Turn

again to the custom
 of a few years back
 when you used to give
 me an occasional
 visit. I shall

be glad to see you either
 at home or office.

I hope you are
 as well.

Very truly yours

 the Occidental and wish
 you had been told by the
 Clerk "Prof. Muir has
 gone"! The family
 has moved me again
 and I am now at
 2516 Broadway - between
 Pierce & Scott, where
 I can look over an
 expanse of water and
 of outlines of hills
 unmarred by man's
