Thanks for Photo of my taking

Martinez. Jan. 23. 1901

My dear Lukens.

The handsome tree photos arrived yesterday & I shall add them to the Grand Album. The *Mucicata* & some of the *Sabins* are handsome trees & they are very hardy. They should be oftener planted in parks & gardens. So also should the common Nut-Pine (*Woodsphylla*) which when young forms a handsome broad based cone.

Ever Yours
Wm. Muir
