acknowledgment of photos of my taking

Martinez, June 26/01

My dear Mr Lukens

Many Thanks for the  
lot of beautiful & rare  
pictures which came yesterday.

The palm Parkinsonia &  
bird & squirrel photos are  
very interesting. I had no  
idea the palms of Cal grew  
in ground so rocky or were  
so abundant. The cactus  
view is also fine & the old  
live oaks.

I'll bear that tree-planting  
business in mind & do what  
I can every chance I have.  
With love to all your family I am  
Ever yours truly John Muir
